

COVID-19 PPE

Bridgewater Studio is manufacturing and selling face shields to aid professionals and the public in stopping the spread of COVID-19

FULL FACE SHIELDS

Splatter Protection

The shield is 14" x 9" and offers splatter protection to the airspace immediately surrounding the face and neck

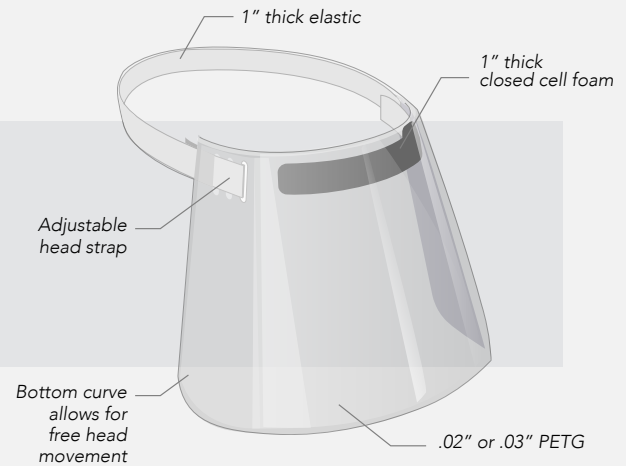

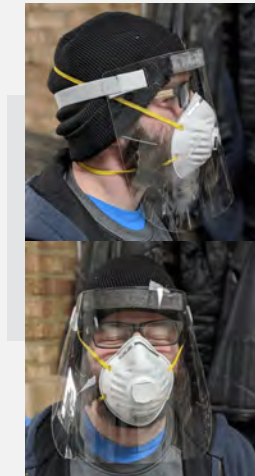

Durable

Made from flexible and sturdy .02" or .03" PETG

Comfortable

1" thick closed cell foam lines the forehead during use

Wide elastic head strap is adjustable and allows for a secure fit across various head sizes

Testimonials

"These shields are so nice, and they are more durable than the ones we regularly stocked at the hospital. Thank you!"

- Susan Johnson
BSN RN SANE-A CEN
Redmond Emergency Dept., WA

"We received the face shields today and my staff absolutely prefers them to other models..."

- Lisa Shelton-Finch
CEO/Executive Director
North Orange County Regional Health Foundation

LEGAL DISCLAIMER

Face shields are protective equipment and are not guaranteed to prevent the transmission of certain diseases. They are recommended for one time use and should be used in conjunction with other protective equipment to be fully effective.
