

SPECIAL NEEDS FACILITATOR VACANCY

We are looking to fill the position for Special Needs
Facilitator (Full-time) to start immediately

The Nesbitt Centre provides an English educational programme aiming to maximise potential in individuals with learning disabilities. We are looking to recruit a **Special Needs Facilitator** to join our team in the delivery of our programme to a diverse range of individuals with learning disabilities. As a Special Needs Facilitator, you will work with adults who need extra support or require an advanced programme of learning in order to reach their full potential.

A key aspect of working in this field is identifying individual needs and being responsible for creating a safe, stimulating and supportive learning environment.

Main Responsibilities

- Collaborate with the Head of Special Needs to define appropriate activities for the learners in relation to the programme
- Prepare lessons and resources to deliver our Preparation for Life Programme to individuals or small groups of learners within or outside the centre's facilities
- Develop and adapt conventional teaching methods to meet the individual needs of learners (e.g. using special equipment and facilities, such as audio-visual materials and computers to stimulate interest in learning)
- Liaise with other professionals at the Centre, such as social workers, speech and language therapists, physiotherapists and clinical psychologists
- Work closely with parents and guardians
- Organise learning outside the centre in activities such as community visits, outings or sporting events
- Carry out administrative tasks, including updating and maintaining records of learners' progress
- Managing behaviour.

Requirements

- A Bachelor degree or above in psychology or similar
- Experience in working with adults with special needs would be an advantage
- Fluent in written and spoken English
- Knowledge, expertise and awareness of learners' social, emotional and learning needs
- Ability to support learners in various environments
- Ability to maintain emotional control under stress and in difficult situations
- Excellent ICT skills
