

Safeguarding children and child protection

(Including managing allegations of abuse against a member of staff)

Policy statement

Our setting will work with children, parents and the community to ensure the rights and safety of children and to give them the very best start in life. Our Safeguarding Policy is based on the three key commitments of the Pre-school Learning Alliance Safeguarding Children Policy and includes a section on Prevent Duty.

Procedures

We carry out the following procedures to ensure we meet the three key commitments of the Alliance Safeguarding Children Policy.

Key commitment 1

The Alliance is committed to building a 'culture of safety' in which children are protected from abuse and harm in all areas of its service delivery.

Staff and volunteers

Our designated person (a member of staff) who co-ordinates child protection issues is: Eve James

Our designated officer (a member of the management team) who oversees this work is: Ruth Lewis

We ensure all staff are trained to understand our safeguarding policies and procedures and that parents are made aware of them too.

All staff have an up-to-date knowledge of safeguarding issues.

We provide adequate and appropriate staffing resources to meet the needs of children.

Applicants for posts within the setting are clearly informed that the positions are exempt from the Rehabilitation of Offenders Act 1974.

Candidates are informed of the need to carry out 'enhanced disclosure' checks with the Disclosure and Barring Service, DBS, before posts can be confirmed.

Where applications are rejected because of obtaining information that has been disclosed, applicants have the right to know and to challenge incorrect information.

We abide by Ofsted requirements in respect of references and Disclosure and Barring Services checks for staff and volunteers, to ensure that no disqualified person or unsuitable person works at the setting or has access to the children.

Volunteers do not work unsupervised.

§

We record information about staff qualifications, and the identity checks and vetting processes that have been completed including:

- the Disclosure and Barring Service disclosure reference number;
- the date the disclosure was obtained; and
- details of who obtained it.

We inform all staff that they are expected to disclose any convictions, cautions, court orders or reprimands and warnings which may affect their suitability to work with

children, including disqualification by association where the suitability applies to anyone resident in their household (whether received before or during their employment with us). This is specifically requested at the start of their employment and regularly reviewed during supervision and appraisals.

We abide by the Safeguarding Vulnerable Groups Act (2006) requirements in respect of any person who is dismissed from our employment or resigns in circumstances that would otherwise have led to dismissal for reasons of a child protection concern.

We have procedures for recording the details of visitors to the setting. The Visitors Book is at the entrance to the pre-school rooms.

We take security steps to ensure that we have control over who comes into the setting so that no unauthorised person has unsupervised access to the children.

We take steps to ensure children are not photographed or filmed on video for any other purpose than to record their development or their participation in events organised by us. Parents sign a consent form to allow images and names of their children to feature on our parental newsletter, which is emailed solely to parents and carers; parents have access to records holding visual images of their child. Parents also sign a consent form to allow images (not names) of children to feature on our Facebook page. We also make it clear that parents/carers must NOT share pictures from our Facebook page that contain pictures of children that are not their own.

Key commitment 2

The Alliance is committed to responding promptly and appropriately to all incidents or concerns of abuse that may occur and to work with statutory agencies in accordance with the procedures that are set down in 'What to do if you're worried a child is being abused' (HMG 2006).

Responding to suspicions of abuse

We acknowledge that abuse of children can take different forms - physical, emotional, and sexual, as well as neglect.

When children are suffering from physical, sexual or emotional abuse, or experiencing neglect, this may be demonstrated through:

- significant changes in their behaviour;
- deterioration in their general well-being;
- their comments which may give cause for concern, or the things they say (direct or indirect disclosure);
- changes in their appearance, their behaviour, or their play;
- unexplained bruising, marks or signs of possible abuse or neglect; and
- any reason to suspect neglect or abuse outside the setting.

We take into account factors affecting parental capacity, such as social exclusion, domestic violence, parent's drug or alcohol abuse, mental or physical illness or parent's learning disability.

We are aware of other factors that affect children's vulnerability such as, abuse of disabled children; fabricated or induced illness; child abuse linked to beliefs in spirit possession; sexual exploitation of children, such as through internet abuse; and Female Genital Mutilation; that may affect, or may have affected, children and young people using our provision. From October 2015 all regulated professionals are required to report know cases of FGM in girls under 18 years directly to the police force where the child lives. If we feel a child is at risk of FGM we would make a referral to FDF (Front Door for Families).

We also make ourselves aware that some children and young people are affected by gang activity, by complex, multiple or organised abuse, through forced marriage or honour based violence or may be victims of child trafficking. While this may be less likely to affect young children in our care, we may become aware of any of these factors affecting older children and young people with whom we may come into contact.

Where we believe that a child in our care or that is known to us may be affected by any of these factors we follow the procedures below for reporting child protection concerns.

Where such evidence is apparent, the child's key person makes a dated record of the details of the concern and discusses what to do with the member of staff who is acting as the 'designated person'. The information is stored on the child's personal file.

We refer concerns to the local authority children's social care department and co-operate fully in any subsequent investigation. NB In some cases this may mean the police or another agency identified by the Local Safeguarding Children Board:

Front Door for Families

Front Door for Families is a team of professionals based together sharing information in order to make timely and correct decisions to protect and support children and young people. The team consists of social work staff, police officers and staff from housing, education services, youth offending, early help and a range of health providers. The EHH and FIS is part of this group (see below). Decisions are made on all referrals within 24 hours. Action required is then carried out by the relevant team or service. See further details below.

Family Information Service - provide information and advice, through their online directory and Family Support Officers about access to childcare, access to support services and access to employment.

We take care not to influence the outcome either through the way we speak to children or by asking questions of children.

We take account of the need to protect young people aged 16-19 as defined by the Children Act 1989. This may include students or school children on work placement, young employees or young parents. Where abuse is suspected we follow the procedure for reporting any other child protection concerns. The views of the young person will always be taken into account, but the setting may override the young person's refusal to consent to share information if it feels that it is necessary to prevent a crime from being committed or intervene where one may have been, or to prevent harm to a child or adult. Sharing confidential information without consent is done only where not sharing it could be worse than the outcome of having shared it.

The Early Help Hub (EHH) Staff at the EHH support professionals in the city to target, coordinate and provide early help interventions to families that do not meet the threshold for the council's social work service. Social Services may also refer onto Early Help where they make a decision that a family does not need social work involvement as they do not meet their thresholds. The purpose of the EHH is to prevent problems from becoming more serious, reduce the need for intensive and specialist services and improve outcomes for families at the earliest possible point. This service is provided in agreement and partnership with the family.

Concerns/Risk Assessment

If staff have concerns for the welfare of a child they should contact FRONT DOOR FOR FAMILIES on 01273 290 400 or they can also be e-mailed at FrontDoorForFamilies@brighton-hove.gcsx.gov.uk which replaces the MASH email address as a single point of access.

The Front Door for Families (FDFP) service is made up of professionals with different areas of expertise who work together to assess, decide and coordinate how best to support children, young people and their families where there are concerns. The FDFP includes:

- Referral Officers who receive your calls, accept e-mails and on line notifications and can provide information, advice and guidance.
- Social Workers - assess the needs or concerns raised about a child or young person.
- Police Officers - assess information and notifications about children and young people coming to the attention of the Police.
- Health Visitors - advise on the developmental needs of children with additional needs that are referred to the FDFP to ensure they receive the most appropriate support.
- Education Safeguarding Officers - advise schools where there are safeguarding needs identified for a child.
- Family Coaches – triage contacts that meet the threshold for targeted Early Help and Parenting Support and will assist partner agencies in setting up Team Around the Family meetings and plans.

Recording suspicions of abuse and disclosures

Where a child makes comments to a member of staff that give cause for concern (disclosure), or a member of staff observes signs or signals that give cause for concern, such as significant changes in behaviour; deterioration in general well-being; unexplained bruising, marks or signs of possible abuse or neglect; that member of staff:

- listens to the child, offers reassurance and gives assurance that she or he will take action;
- does not question the child;
- makes a written record that forms an objective record of the observation or disclosure that includes: the date and time of the observation or the disclosure; the exact words spoken by the child as far as possible; the name of the person to whom the concern was reported, with the date and time; and the names of any other person present at the time.

These records are signed and dated and kept in the child's personal file, which is kept securely and confidentially.

The member of staff acting as the 'designated person' is informed of the issue at the earliest opportunity.

Where the Brighton and Hove Safeguarding Children Partnership (BHSCP) stipulates the process for recording and sharing concerns, we include those procedures alongside this procedure and follow the steps set down by the BHSCP.

Informing parents

Parents are normally the first point of contact. We discuss concerns with parents to gain their view of events, unless we feel this may put the child in greater danger.

We inform parents when we make a record of concerns in their child's file and that we also make a note of any discussion we have with them regarding a concern.

If a suspicion of abuse warrants referral to social care, parental consent will be sought for a referral to EEH, for a referral to FDFP parents are informed at the same time that the referral will be made, except where the guidance of the Local Safeguarding Children Board does not allow this, for example, where it is believed that the child may be placed in greater danger.

This will usually be the case where the parent is the likely abuser. In these cases the social workers will inform parents.

Liaison with other agencies

We work within the Brighton and Hove Safeguarding Children Partnership guidelines.

We have the current version of 'What to do if you're worried a child is being abused' available for parents and staff and ensure that all staff are familiar with what they need to do if they have concerns.

We have procedures for contacting the local authority regarding child protection issues, including maintaining a list of names, addresses and telephone numbers of social workers, to ensure that it is easy, in any emergency, for the setting and children's social care to work well together.

We notify the registration authority (Ofsted) of any incident or accident and any changes in our arrangements which may affect the well-being of children or where an allegation of abuse is made against a member of staff (whether the allegations relate to harm or abuse committed on our premises or elsewhere). Notifications to Ofsted are made as soon as is reasonably practicable, but at the latest within 14 days of the allegations being made.

Contact details for the local National Society for the Prevention of Cruelty to Children (NSPCC) are also kept.

Key Contacts

- The Family Information Service: www.brighton-hove.gov.uk/fis , or familyinfo@brighton-hove.gov.uk , or by telephone: 01273 293545
- Front Door for Families: FrontDoorForFamilies@brighton-hove.gcsx.gov.uk 01273 290400
- Emergency Duty Team – for out of hours (before 9am and after 5pm) emergency child protection concerns. 01273 335905 or 335906
- Early Help Hub earlyhelp@brighton-hove.gcsx.gov.uk 01273 292632
- If a member of staff, parent/carer or volunteer has concerns about another practitioner, or manager, that they feel unable to talk to someone within the team about they should contact: Darrel Clews, Local Authority Designated Officer (LADO) Darrel.clews@brighton-hove.gcsx.gov.uk 01273 295643

Allegations against staff

We ensure that all parents know how to complain about the behaviour or actions of staff or volunteers within the setting, or anyone living or working on the premises occupied by the setting, which may include an allegation of abuse.

An 'allegation' refers to any information or concern which suggests an adult who works with children has:

- Behaved in a way that has harmed, or may have harmed, a child;
- Possibly committed a criminal offence against, or related to, a child; or
- Behaved in a way that indicates s/he is unsuitable to work with children.

We respond to any inappropriate behaviour displayed by members of staff or any other person working with the children, which includes:

- inappropriate sexual comments;
- excessive one-to-one attention beyond the requirements of their usual role and responsibilities, or inappropriate sharing of images.

We follow the guidance of the Brighton and Hove Safeguarding Children Partnership when responding to any complaint that a member of staff or volunteer within the setting, or anyone living or working on the premises occupied by the setting, has abused a child.

We respond to any disclosure by children or staff that abuse by a member of staff or volunteer within the setting, or anyone living or working on the premises occupied by the setting, may have taken, or is taking place, by first recording the details of any such alleged incident.

We refer any such complaint immediately to the Local Authority Designated Officer (LADO) to investigate: Darryl Clews 01273 295 643.

We also report any such alleged incident to Ofsted, as well as what measures we have taken. We are aware that it is an offence not to do this.

We co-operate entirely with any investigation carried out by children's social care in conjunction with the police.

Where the management team and children's social care agree it is appropriate in the circumstances, the chair/director/owner will suspend the member of staff on full pay or the volunteer, for the duration of the investigation. This is not an indication of admission that the alleged incident has taken place, but is to protect the staff, as well as children and families throughout the process.

Outcomes of investigations of allegations

- Substantiated – there is sufficient evidence to prove the allegation
- Malicious – sufficient evidence to disprove the allegation and there is a deliberate act to deceive.
- False – sufficient evidence to disprove the allegation
- Unsubstantiated – insufficient evidence to either prove or disprove the allegation. This term, therefore, does not imply guilt or innocence.

Disciplinary action

Where a member of staff or volunteer has been dismissed due to engaging in activities that caused concern for the safeguarding of children or vulnerable adults, we will notify the Disclosure and Barring Service of relevant information, so that individuals who pose a threat to children (and vulnerable groups) can be identified and barred from working with these groups.

Key commitment 3

The Alliance is committed to promoting awareness of child abuse issues throughout its training and learning programmes for adults. It is also committed to empowering young children, through its early childhood curriculum, promoting their right to be strong, resilient and listened to.

Training

We seek out training opportunities for all adults involved in the setting to ensure that they are able to recognise the signs and signals of possible physical abuse, emotional abuse, sexual abuse and neglect and that they are aware of the local authority guidelines for making referrals.

We ensure that designated persons receive training in accordance with that recommended by the Brighton and Hove Safeguarding Children Partnership.

We ensure that all staff know the procedures for reporting and recording any concerns they may have about the provision.

Planning

The layout of the rooms allows for constant supervision. No child is left alone with staff or volunteers in a one-to-one situation without being visible to others. However, should small group work or 1-1 work be undertaken by a practitioner (usually the SENCO) in our sensory room, parental permission is obtained prior to these taking place.

Curriculum

We introduce key elements of keeping children safe into our programme to promote the personal, social and emotional development of all children, so that they may grow to be strong, resilient and listened to and so that they develop an understanding of why and how to keep safe.

We create within the setting a culture of value and respect for individuals, having positive regard for children's heritage arising from their colour, ethnicity, languages spoken at home, cultural and social background.

We ensure that this is carried out in a way that is developmentally appropriate for the children.

Confidentiality

All suspicions and investigations are kept confidential and shared only with those who need to know. Any information is shared under the guidance of the Brighton and Hove Safeguarding Children Partnership.

Support to families

We believe in building trusting and supportive relationships with families, staff and volunteers in the group.

We make clear to parents our role and responsibilities in relation to child protection, such as for the reporting of concerns, information sharing, monitoring of the child, and liaising at all times with the local children's social care team.

We will continue to welcome the child and the family whilst investigations are being made in relation to any alleged abuse.

We follow the Child Protection Plan as set by the child's social care worker in relation to the setting's designated role and tasks in supporting that child and their family, subsequent to any investigation.

Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child in accordance with the Confidentiality and Client Access to Records procedure and only if appropriate under the guidance of the Brighton and Hove Safeguarding Children Partnership.

Prevent Duty

The Ark Pre-school has regard to the Prevent Duty 2015. This duty works alongside other safeguarding policy and practice as required by Working Together to Safeguard Children (DfE 2015). The designated lead for safeguarding, Eve James, has oversight of the Prevent duty at our setting.

The Prevent duty aims to stop people becoming terrorists or supporting terrorism and to keep children safe from associated dangers.

The dedicated police community support officer Thomas Morvatoone may also be contacted on the non-emergency police number 101 ext 550543 or thomas.morvatoone@sussexpnn.police.uk

Staff Training

We will support our staff to feel confident to recognise signs of people at risk of being recruited by terrorist or extremist groups through accessing advice via the BHSCP. National NDNA advice suggest that staff are alert to:

- Changes in family behaviour
- Changes in children's behaviour eg aggression towards others
- Comments made by a child which may cause concern, eg commenting on what their parents have said about 'fighting for the cause' etc
- Comments made by family members eg about certain faiths, beliefs, cultures
- Any other signs that family members may be showing extremism
- Staff will be encouraged to access the Channel Awareness Course at http://course.ncalt.com/Channel_General_Awareness/01/index.html
- IT policies – internet safety will be maintained at all times, alongside our social media policy.

Working in Partnership – our policy and practice meets the requirements and recommendations of the Brighton and Hove Safeguarding Children Partnership www.brightonandhovelscb.org.uk

Legal framework

Primary legislation

- Children Act (1989 s47)
- Protection of Children Act (1999)
- Data Protection Act (1998)
- The Children Act (Every Child Matters) (2004)
- Safeguarding Vulnerable Groups Act (2006)

Secondary legislation

- Sexual Offences Act (2003)
- Criminal Justice and Court Services Act (2000)
- Equalities Act (2010)
- Data Protection Act (1998) Non Statutory Guidance
