KNOW YE,
THAT we have granted, and by these Presents do grant License and Authority to all sanctioned CORSAIRS and SHIP-MASTERS to, by Force of Arms, attack, seize, and take the TERMINALS and other computational devices of any such PIRATES, BUCCANEERS, and ENEMIES of Luxury Universal Experience or her subsidiaries. IMPORTANT NOTE

In order to access the full feature set of PSweet, an inter-net connection is required. If your PSweet installation cannot connect to the inter-net, you will not be able to experience the ending of the game! That would be terrible! If you have an inter-net connection but your game is unable to establish a network connection, you've done something wrong!

ON CHOICE

If you can read this that means you have a soul. Great job!

Having a soul means you're capable of making informed decisions that affect the world around you.

PSweet is full of decisions. Some of them will be difficult to make.

Some of them won't be difficult at all! The only difference between the two will be the way you relate to risk, empathy, and your own intentions. Everybody makes choices, and we all have to live with the consequences of them.

Not just our own.

We're all subject to the collective actions of everybody who has lived before us. One interconnected consciousness networked together by a shared ability;- choice. Make your choices carefully. Consider the ramifications of each and every action. In life there are no do-overs.

Think about that for a minute. These words, conceived in the mind of a Junior Marketing Executive, entered lovingly into a Rubicon Platinum Edition Cabinet Computer, printed onto this page, packaged at a sorting facility deep underground in North Dakota, and shipped to you, carry meaning that is relevant only to those of us lucky enough to be brought into the world as thinking, feeling human beings during a fractionally-short period of time when the earth is a small island of perfectly-warmed saltwater. Either that or you are a genetically altered support-pelican taught to read this out loud for a loving master.

Well howdy-doody, there! If you make a choice you don't like, you can undo it! Just hit f5 to quick save and f8 to quick load! Remember, save early, and save often!
