

## PERFORMANCE SPECIFICATIONS

- Salt Spray ASTM.....120hrs
- Color.....Black
- Hardness.....6b
- API Spec 11B.....PASS
- Solubility in Xylene.....100%
- QUV Cabinet.....500hrs
- Flash Point..... ≤ 100F
- VOC ..... ≤ 3 lbs / g
- Field Corrosion resistance...12mos
- NACESP0195-2007.....Complies

# PC.QUICK ROD

Quick rod is an oil base solution for sucker rod primer, coating and or inhibitor. PC Quick Rod features an asphaltene base resin to ensure solubility downhole. It's formulated with clean solvents free from HAPS and SARA III components. PC Quick Rod is formulated for multiple applications: spray, dip, or brush.
