

# Online Safety Agreement for use with Young People

HomeHack by 7billionideas

7billionideas understands the importance of children being able to use the internet for education and personal development. This includes LMS platforms / online courses created and used by 7billionideas, including HomeHack. We aim to support children and young people in making use of these in our work. However, we also recognise that safeguards need to be in place to ensure children are kept safe at all times.

This agreement is part of our overarching **code of behaviour for children and young people** [+Behaviour Code for Children and Young People](#) and **staff and contractors** [+Behaviour Code for Adults working with Children](#)

It also fits with our overarching **online safety policy** [+Online Safety and Safeguarding Policy](#) . If you would like to know more about this, please speak to Jenny Pool / Safeguarding Lead.
