All prices in CHF and incl. 2.5% VAT.

In the case of a direct payment to the bank account of Human Sports Management AG, an administration fee of CHF 5 will be charged.

If the race cannot be carried out or can only be carried out partially due to force majeure, extraordinary risks or official orders, there is no entitlement to a refund of the entry fee.

ARTICLE 3 // LATE REGISTRATION

Up to 30 minutes before the start a late registration on site is possible. Further details on late registration can be found in article 2.

ARTICLE 4 // CANCELLATION

The registration cannot be cancelled. If a participant does not start due to illness with or without a medical certificate, there is no right to a refund of the entry fee. However, by presenting a valid medical certificate, it is possible to transfer the starting place to another Spartacus Run in the same year.

A cancellation insurance of the entry fee can be taken out upon request at the time of registration. In the event of illness or accident, the insured person (upon presentation of a medical certificate) will be credited the entry fee paid via Human Sports Management AG.

The medical certificate must be submitted to Human Sports Management AG no later than four weeks after the Spartacus Run.

In the category Spartacus Team, members of a team can be swapped by contacting Human Sports Management AG.

ARTICLE 5 // CHANGE OF CATEGORY

A change from single to team is possible. The difference in the entry fee will be determined individually according to the time of registration and must be paid on-site or by bank transfer. Otherwise, the team will not be admitted to the race.

A change of registration from team to individual is also possible. The difference will be determined individually according to the time of registration and must be paid on site or by bank transfer. Otherwise, the participant will not be admitted to the race.

The individual team members can be adjusted manually via the link in the confirmation mail.

The starting place can be transferred to another race in the same year. This will be done in consultation with the organiser.

ARTICLE 6 // COURSE

SpartacusRun / Team / Elite:

A lap is between 3 and 5 kilometres long. The course is adapted to local conditions. A lap includes at least 10 obstacles at each location. The Spartacus Run and Elite participants complete two laps, teams run one lap together and the time of the slowest participant of the team counts as the team's finish time.

SpartacusToddler:

1 lap on separate course

SpartacusKids:

2 laps on separate course

SpartacusJuniors:

1 round on original course

If participants drop out of the race for any reason, they must inform the organisation.

The race management has the right at any time to change the course or to close individual obstacles during the race. We ask all participants to be fair and considerate.

ARTICLE 7 // TIMEKEEPING

The time is measured using a disposable transponder which is integrated in the bib. The ranks are based on the net time, starting with the individual crossing of the timing mat on the start line.

The bib must be worn visibly on the chest.

ARTICLE 8 // START

Participants start in waves of around 50 runners with an interval of 30 seconds. The starting blocks are divided into individual performance level. Here we rely on the participants honesty and fairness.

ARTICLE 9 // GENERAL CLASSIFICATION

A general classification is established in the categories SpartacusRun and Elite.

To be ranked in the general classification, a participant needs to have completed at least three Spartacus Runs in the same calendar year.

The ranking is based on the sum of the best 3 ranks achieved in the season, the participant with the lowest points sum is the winner. If several participants are on the same points, their best result is used to break the tie, then their second-best result if necessary.

Further details can be found on the website under the point overall ranking.

ARTICLE 10 // TEAM

In the category SpartacusTeam, teams of at least 3 runners run a lap of the original course together.

If a team member drops out at short notice, the race can also be completed in a team of 2. In this case it is necessary to inform the organizer at the latest when the race numbers are handed out

ARTICLE 11 // ELITE

The Elite category is now available for every event in the online registration. Elite runners start a bit earlier than the normal Spartacus Run. This category is meant for athletes who are confident to run a fast time. The Spartacus Run and Elite categories are scored separately.

ARTICLE 12 // PENALTY

Participants who do not cross an obstacle, must compensate this by completing an extra loop. The track marshals are responsible for checking the correct handling of the obstacles and extra loops, but we also count on the self-discipline and fairness of each runner. The race is supervised by the race director and in case of a gross violation a runner can be disqualified. Participants who deliberately avoid an obstacle will receive a one-minute time penalty.

ARTICLE 13 // AWARD CEREMONIES

Toddler/Kids/Juniors:

The first 3 Boys/Girls per category are entitled to prizes

Run/Elite:

The first 3 in the overall ranking women and men are entitled to prizes

Team:

The first 3 teams of the overall ranking (f/m/mixed) are eligible for the prize.

ARTICLE 14 // AWARDS & MERCHANDISING

Finisher prize:

Each participant receives a medal and a finisher present.

General Classification awards:

The first 3 men and women in the general classification receive a prize

Merchandising:

Can be purchased at registration or on site.

ARTICLE 15 // IMAGE RIGHTS

The organizer of the Spartacus Run is entitled to use photos, video and audio material featuring the participants during the event for promotional purposes.

ARTICLE 16 // CONTACT TRACING

Due to the Corona Pandemic, a contact tracing solution is deployed. Accompanying persons who do not participate in the race also need to provide their contact details before accessing the event location. This can be done easily online before the event. On the website there is a link to do this in advance. On the day of the event, you only need to show the QR Code you received.

ARTICLE 17 // LIABILITY

Participants take part in the Spartacus Run at their own risk, responsibility, and peril. The organizer and his partners are not responsible for accidents or illnesses. The participants are responsible for appearing in a well-trained condition and physically healthy at the start. A positive Corona Test has the same validity as a medical certificate [Article 4].

Insurance is the responsibility of the participants. Every participant must be insured against accidents.

The organizer also declines any liability towards spectators and third parties.
The organizer assumes no liability for objects stored free of charge.

These regulations are an integral part of the contract between the organizer and the participant. The organizer decides on the interpretation of the regulations and is entitled to change them.

In case of ambiguity the German version of the regulations is authoritative.
