

— MARK — **CRIFE** — FOR CONGRESS —

**I'm a Reagan Marine.
I served the Los Angeles
County Sheriff's
Department for 28 years.**

Twice I have sworn an oath to protect the US Constitution from both foreign and domestic threats. While I always understood what it meant to protect our country against foreign threats, I never quite understood the need to defend against domestic threats - until now.

Today Antifa runs rampant, attacking our communities. During the ICE facility attack, our American flag was removed and a flag of a foreign nation raised in its place. Our Blue Lives Matter flag was defiled and hung upside down. To this, Democrats stay silent. Silence allows this anarchist behavior to grow and fester in our own country.

I entered the race for one of our nation's most contested Congressional seats: CA-25, located in Los Angeles County.

Republicans have been the voice for this district for years until Katie Hill narrowly won in 2018. By flipping this district from blue to red, we can defend against the extreme liberalism like that promoted by "The Squad"; extreme liberalism that brings harm to our great nation and encourages hate.

We must defend against this growing, domestic threat. These hateful actions attack what American's servicemen and women have fought to defend years and years over. I was proud to serve my country during my years as a U.S. Marine and as a Deputy Sheriff. I would be honored to serve my country once more, swear to defend the Constitution a third time, and fight for my country from Congress - from the seat of our very government. Restoring our country for the benefit of both current and future generations is paramount. It's time to uphold what our great American flag represents: valor, strength, hardiness, perseverance, justice, sacrifice, and freedom.

As Republicans, we don't kneel, we don't stay silent – we stand. We stand for our country. We stand with President Trump.

Your donation helps me stand against the progressive left, against the attempted impeachment of our President, and against the extreme liberalism that encourages the anarchist attacks seen today. Your donation matters.

My name is Mark Crife. I am running for District 25 in California. Help me stand for you, with you, as Republicans, and as Americans.
