Overview of New Requirements for ALL Health Regions (Dec. 3, 2020)

These new requirements are in effect indefinitely, as indicated in the BC Provincial Order dated December 2, 2020.

- Every member club must update their Safety Plan and must post their plan publicly in their facility. Each club's Safety Plan needs to be approved by the club owner or board. Safety Plans do not need to be sent to regional health offices or GBC for approval.
- Coaching for all programs must be performed hands-free (no spotting). However, if a participant's safety is at risk, the coach should not hesitate to spot. All coaches must be wearing masks at all times.
- Any programming that is not supervised or is unstructured must be suspended. For clarity, no casual drop-in, or birthday party programming is allowed.
- If the occupancy during scheduled activities is such that participants are unable to physically distance, classes may need to be cancelled, rescheduled, or groups may need to be divided differently.
- Training groups should remain consistent when possible.
- No spectators are allowed at this time.
- No in-person competitions are allowed at this time.

New Requirements

- All socializing by participants, parents, and guardians before, during, and after programming should be eliminated. Social activities have been proven to increase the transmission of COVID-19.
- Everyone inside the facility must maintain a minimum of three meters separation at all times.
- All individuals must wear masks in all indoor public spaces (gymnastics clubs are included). It is recommended, but not required, that children under the age of 12 wear masks indoors. Participants are not required to wear masks during physical activity. Please review the Government of BC website for more information about mask use.
- No travel is allowed at this time outside of your local communities for sport participation. This means that individual members are able to attend training at their home club even if their residence is in a neighbouring municipality or health region. High Performance athletes are exempt from the travel exception above. For a list of all athletes considered as 'High Performance' by CSI Pacific, please contact GBC Technical Director, John Carroll at: jcarroll@gymbc.org.
- No adult group programming is allowed at this time. Individual adult programming (maintaining three meters physical distancing) is allowed to continue.
- Active start and adaptive programs that include parent/guardian/aid support are allowed to continue as long as parents/guardians/aids wear masks and maintain three meters of physical distance from all participants other than their child.

- Our cleaning products have been approved by Health Canada to disinfect for Sars-Cov-2, the virus that causes COVID-19.
- We have implemented a cleaning log that is kept inside Coaches' office wall. A template of our log is available online: <https://whistlerymnastics.com/programs>.

Illness Policy

- Whistler Gymnastics Illness Policy is provided in Appendix 2.

Outbreak Response

Whistler Gymnastics is committed to the following process in the event of a COVID-19 Outbreak:

Early detection of symptoms will facilitate the immediate implementation of effective control measures. In addition, the early detection and immediate implementation of enhanced cleaning measures are two of the most important factors in limiting the size and length of an outbreak. An "outbreak" is two or more cases; a "case" is a single case of COVID-19.

1. If a case or outbreak is reported, Catou Tyler, 604-902-3547, program@whistlerymnastics.com will be the main point of contact for all parties.
2. Catou Tyler have the authority to modify, restrict, postpone or cancel any or all club activities.
3. If staff (including volunteers) or a participant reports they are suspected or confirmed to have COVID-19 and have been at the workplace/activity place, Karin Jarratt will implement enhanced cleaning measures to reduce risk of transmission. Karin Jarratt may communicate with the facility operator to notify the facility right away.
4. Catou Tyler will implement the illness policy (see Appendix 2) and advise individuals to:
 - a. Self-isolate
 - b. Monitor their symptoms daily, report respiratory illness and not to return to activity for at least 10 days following the onset of fever, chills, cough, shortness of breath, sore throat and painful swallowing, stuffy or runny nose, loss of sense of smell, headache, muscle aches, fatigue and loss of appetite.
 - c. Use the BC COVID-19 self-assessment tool to help determine if further assessment or testing for COVID-19 is needed. Do you want to put the link in here?

<https://bc.thrive.health/covid19/en>

- i. Individuals can contact 8-1-1 if further health advice is required and 9-1-1 if it is an emergency.
 - ii. Individuals can learn more about how to manage their illness [here](#).
5. In the event of a suspected case or outbreak of influenza-like-illness, Teal Ready or Catou Tyler will immediately report and discuss the suspected outbreak with the Medical Health Officer (or delegate) at our local health authority (Vancouver Coastal Health). Implement our Illness Policy and enhanced measures.

If Whistler Gymnastics is contacted by a medical health officer, in the course of contact tracing, all individuals associated with the club must cooperate with local health authorities.

Whistler Gymnastics will post the following posters in visible spaces at our facility:

- [Hand-washing poster \(more detailed\)](#)
- [Physical distancing \(At entrance and in other spaces\)](#)
- [Entry check for visitors \(at Entrance\)](#)
- [Occupancy limit poster \(in each applicable space\)](#)
- [Cover coughs and sneezes](#)

Additional Posters that incorporate humor maybe posted:

GBC's Posters:

- [Got Symptoms?](#)
- [Germy-Handed!](#)
- [Welcome Home!](#)
- [Strike A Pose](#)

This document is based on Gymnastics BC's Return to Sport Plan, which is available [here](#). Further, our club is staying current with all requirements provided by the Provincial Health Officer, Regional Health Authorities, WorkSafe BC, and Gymnastics BC.

Appendix 3: Sample Club Email

Dear <Participant, parent, coach, etc.>,

As British Columbia public health authorities develop guidelines to lift some restrictions on gathering in a responsible way, Gymnastics BC has been working with viaSport and the Province of British Columbia to understand the recommendations of our Chief Provincial Health Officer and how they best apply within sport.

The attached Whistler Gymnastics COVID-19 Safety Plan has been developed in order to ensure:

- Health and safety of all individuals is a priority
- Activities are in alignment with provincial health recommendations
- Modifications to activities are in place in order to reduce the risks to each sport organization and its participants
- Our sport is united and aligned on a plan to reopen throughout the province

While we do hope things will return to normal in the not too distant future, this COVID-19 Safety Plan will be the 'new normal' until we are advised otherwise by public health authorities.

If you choose to enter the club facility and/or participate in activities, you must follow these rules:

- If you don't feel well or are displaying symptoms of COVID-19, you must stay home.
- If you have (or if someone from your household has) traveled outside of Canada, you are not permitted at the facility until you have self-isolated for a minimum of 14 days.
- If you live in a household with someone who has COVID-19 or is showing symptoms of COVID_19, please stay home.
- Wash your hands before participating.
- Bring your own equipment, water bottle and hand sanitizer.
- Comply with physical distancing measures at all times.
- Avoid physical contact with others, including shaking hands, high fives, etc.
- Leave the facility as quickly as possible after the program, parents should plan to drop off and pick up their children promptly at the scheduled times.
- Additional information specific for training groups and/or camps will be emailed to parents one week before start date.

Our Return to Sport Plan is based on current public health guidance. While we are all doing our best to minimize the risk of exposure to COVID-19, while the virus circulates in our communities it is impossible to completely eliminate the risk. Each participant must make their own decision as to whether it is in their best interest to resume participation at this time. As such, you must consider your own circumstances and make a decision that is right for you. Should you choose to join us, we require your full cooperation with our COVID-19 Safety Plan.

Sincerely,

Dec 3, 2020
