“ I really enjoy school life and the people at Springwood. The environment at the school makes me feel very comfortable. The teachers are outstanding too! They explain everything with patience. I can tell that they feel very responsible for every student and are glad to help students improve their grades. What I am learning at Springwood will help me on the SAT and help me choose my college and my major. The club I am in is band. I like to learn more about music and play in concerts. After all of this, Springwood also has very good lunches! They have different meals every day and my favorite one is chicken wings. Go Springwood Wildcats! ”
