

## Students are introduced to a wide range of college opportunities and are provided help throughout the college application process

Preparing for and getting accepted into college or university takes a lot of work; at Springwood School, students do not have to do it alone. This is part of the reason why our students excel academically and are sought after by numerous universities.

Springwood offers our students high school curriculum advisement, SAT/ACT prep classes, ESL support classes, comprehensive college guidance, and regular college visits and fairs.

## Exceptional support is offered to help students reach their potential

We are dedicated to providing support for our students. At Springwood International, students can do great things. Springwood faculty and advisors guide our students and make sure that they have the resources they need to do their best.

- 100% College placement
- 29 students in Class of 2019 were accepted to over 50 colleges and universities
- 3 year average college scholarship amount offered to each Springwood graduate – \$89,655

“

*This is my first year in America and choosing Springwood School was the right decision. I love the teachers here. They are very friendly and are nice and kind to me, always wanting to help me to improve. My favorite two subjects are History and Art Appreciation. Springwood is helping me to study for my SAT and ACT tests for American universities which is really helpful. And the food is really good at Springwood – one of my favorite dishes is steak and fries.*

“ I knew I was in for a big cultural change coming from London to Alabama. I did not know how I would handle it, but I have enjoyed every moment since I got here. Meeting new people and being part of a different culture and environment has really taught me a lot of things. Living in the Springwood International House has also allowed me to communicate and interact with people from different continents. Here at Springwood, I am learning things that will help me to go on to graduate and become a successful young man.

Francis, 12th grade  
Great Britain

”
