A FACTS COMPANY

Springwood School uses FACTS's RenWeb School Management Software to communicate with students, teachers and parents online this year. In the event we need to switch to virtual teaching, your student will already be familiar with using FACTS RenWeb to receive information about lessons and upload assignments.

In addition, Springwood School will use the FACTS Learning Management System (LMS) in some grades. FACTS LMS is an important tool that helps your student get ready for their college experience. FACTS LMS acts as a complement to classroom learning. This technology makes the classroom experience much more powerful by enabling educational methodologies which are much simpler, more personalized, interactive and experiential. FACTS LMS makes the management of everything related to learning much more comprehensive, personalized, of a high quality and enhanced through the use of virtual classrooms and multimedia content. FACTS LMS paves the path to college.

FACTS Family Portal

FACTS provides a private and secure portal called Family Portal free of charge to all parents of Springwood School students. Parents may update their own contact information by logging in to FACTS.

Family Portal gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success. is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others.

Through FACTS Family Portal, parents can access:

- Student attendance and daily grades
- Progress reports, report cards, and transcripts
- Lesson plans and homework
- School events and lunch calendar
- Communicate with teachers and other school staff online whenever necessary

In addition, FACTS Home is an app for Android and Apple that provides parents and students always-logged-in instant access to FACTS via their mobile devices. FACTS Home is available for iOS (iPhone or iPad) and Android devices for an annual subscription of \$4.99 per household.

Logging in as a Student

Accessing the RenWeb system as a student happens the same way as a parent does. The process to access Renweb as a student happens by:

1. Clicking <https://sw-al.client.renweb.com/pw/>
2. Entering the student's username and password received during registration
3. Clicking Login

While the elementary grades will continue to use RenWeb to access teaching lesson plans and student assignments, the upper grades will receive instruction from FACTS's Learning Management System (LMS) to interact with a classroom environment online

FACTS LMS is a private and secure student area that will allow students to connect with fellow students and teachers online, including accessing class materials, uploading assignments, participant in classroom discussion, and taking quizzes. Each class will have a unique dashboard designed for that class and subject. If the FACTS LMS is used for your student's class, they will receive a username and password to access this additional area of learning content.

Here's how to access the FACTS LMS (Learning Management System).

1. In Chrome or Firefox go to <http://lms.renweb.com>
2. Type the school's District Code: **sw-al**
3. Type the student's username
4. Type the student's password
5. Click Login

The image shows a login interface for the FACTS LMS. At the top, there is a logo with a colorful book icon and the text 'FACTS'. Below the logo, there are three input fields: 'District Code', 'Username', and 'Password'. A 'Forgot password?' link is located below the password field. A blue 'Login' button is positioned at the bottom right of the form.
