

HEALTH, SAFETY & ENVIRONMENT POLICY

Caroil is committed to protecting our employees, customers, contractors, visitors and the communities in which we are privileged to operate, by:

- Minimising the environmental impact of our activities ;
- Controlling process safety risks through effective analysis and systems ;
- Identifying and eliminating short and long term threats ;
- Ensuring we strive to provide 'injury free' workplaces ;
- Seeking the active input of our work force in risk management strategies.

Caroil is dedicated to the implementation and execution of this policy as a core operational commitment in addition to the national laws, cultural requirements and international standards by which we abide. Caroil subscribes to the principle of continuous improvement and aims to deliver sustainable development in its operations.

Steve Lamet

CEO & Directeur Général - CAROIL
