

linelube FS8036 Cutting Fluid

Product Description

A chlorine free, high performance, general-purpose neat cutting oil designed specifically for its versatility across a wide range of materials and operations.

Features & Benefits

- Provides excellent surface finish through improved hydrodynamic lubrication
- Free from chlorinated extreme pressure additive
- Excellent corrosion protection reduces workshop mist levels and demonstrates superb washing and cooling properties
- Non staining on yellow metals
- Easily removed from components
- Excellent rust control
- Phosphorous free
- Clean and pleasant to use
- Low top up

Applications

Suitable for general machining and grinding on steels, aluminium and cuprous metals.

Typical Test Data

Appearance	Pale Liquid
Specific Gravity @ 20°C	0.88
Kinematic Viscosity @ 40°C	22 typical
Flash Point COC (°C)	>190
