Bio

I consider myself as self-motivated, reliable, and curious person. I am a team worker and adaptable to challenging situations. Driven by my passion for digital design & business, I try to learn and discover new things every day to create unique visuals and experiences. I am also very passionate about motion design, branding and entrepreneurship.

Work Experience

Designit

Digital Designer

Jan 2021 - Present

I am currently creating for a design agency. I spend most of the time working with clients on various digital solutions ranging from websites to mobile apps.

UNDO

Junior Product Designer

Jun 2020 - Jan 2021

I worked part-time as a junior product designer at undo.app where I spend my time designing UI for the new upcoming car insurance app (Undo:Kør). Designing and building landing pages in Webflow, and assisting on creating design systems for the Undo universe.

Freelance

Freelance Designer

May 2018 - Present

As a freelancer I worked on various project with different clients where the majority of the time I worked on:
Creating user interfaces in Sketch & Figma for mobile and web. Creating micro interactions in AfterEffects, InVision Studio and Principle for mobile and web.
Creation of digital concepts in the form of wireframes or prototypes in Figma or HTML & CSS.
Optimizing design for mobile & responsive.
Development of visual identity in Photoshop, or Illustrator.

Milestone Systems
User Experience Designer

Oct 2018 - Jun 2019

I worked as a part-time UX Designer in a surveillance software company where the majority of the time I work on Design systems, creating better user experience and creating digital designs that align with the latest trends and the company brand. When working on a project I often collaborate with different teams and colleagues within the UX office to achieve the final result.

Self-Employed
Shopify

Sep 2016 - Jul 2017

I used to own an online store where I sold various products but mostly fashion accessories. I was able to generate enough income to help myself during my studies. Running this store required:
Creating ads on Facebook and Instagram, General knowledge of HTML5 & CSS3, Email marketing, Google Analytics, Branding, Customer Service

Volunteer Experience

Design Matters Conference
Practical Hero

One week 2019

As a "Practical Hero" my job was make sure people who attended the conference were properly informed and directed to the workshops they wanted to attend.

Certification

Advanced CSS and SASS
Udemy

Feb 2018
