MyFC expands its executive leadership team, appoints Torbjörn Möller as Chief Operating Officer

Stockholm, August 15 2017

Swedish fuel cell company myFC continues to strengthen its organization. Torbjörn Möller is appointed COO with overall responsibility for supply chain management. The role is new and Torbjörn Möller joins the executive leadership team.

Torbjörn Möller has more than twelve years COO experience, most recently from Pricer and previously from eye tracking company Tobii and video game developer EA DICE. His responsibilities at myFC will be to develop, plan and optimize myFC's total supply chain management, with special focus on industrialization and sourcing strategies.

"Torbjörn has extensive international experience from high-tech, fast-expanding companies. He has precisely the drive and the skills myFC needs as we face large-scale industrialization of JAQ Hybrid. Torbjörn is a most welcome reinforcement of our organization," says Björn Westerholm, CEO of myFC.

"It is always particularly motivating to see Swedish innovation companies make an international impression. MyFC has huge potential, and I look forward to contributing with my expertise and to generate results as the company enters into such a crucial and important phase," says Torbjörn Möller.

Torbjörn Möller takes office at the turn of the year. The executive leadership team of myFC will as of that date consist of CEO Björn Westerholm, CFO Ulf Henning, COO Torbjörn Möller, Chief Product Officer Michael Glantz, and Group Sales and Marketing Director Max Rydahl.

This information is information that myFC is obliged to make public pursuant to the EU Market Abuse Regulation. The information was submitted for publication, through the agency of the contact person set out below, at 07:55 CET on 15 of August 2017.

About myFC

MyFC, a Swedish innovation company and market leader in micro fuel cells, develops green energy solutions. Its JAQ Hybrid platform, which co-locates fuel cell and battery to charge smartphones and tablets, was launched in 2017. JAQ Hybrid is the company's third hydrogen-powered product following JAQ and PowerTrek. It runs on the company's patented fuel consisting of salt, water and reactants. MyFC was founded in 2005 and is part of the group myFC Holding AB. MyFC Holding was listed on NASDAQ | First North in May 2014. Its head office is located in Stockholm and the company's Certified Advisor is Avanza Bank. For more information, visit www.myfcpower.com
