*All Division Reports can be found in the Board of Health Minutes Binder*

Environmental Health Report:

The Environmental Division’s monthly report was submitted for Board review by Amy Campbell, Office Administrator

Environmental Updates:

- Please see attached report for February’s monthly calls.
- Food applications were due March 1st, 2019
  - We have 12 establishments that have not submitted their license renewal.
  - Second renewal notices will be sent out this week.
  - Started the 2019 food inspections.
  - On Thursday March 21st, Myra will be attending roundtable for food at Medina County Health Department.
- Met with Realtors, Drillers, and Installers on March 4th. Overall, the attendants at each meeting section had positive feedback on how we have been handling things since the departure of our EH Director.
  - Realtors- Main concern is keeping consistency with all appointments. Requested to be involved in last draft review of policy and procedures for Point of Sale.
  - Drillers- Suggested waiting 30 days before sending out reminder letter for getting water tested, per code.
  - Installers- Be proactive about getting approval for NPDES discharge to county roads before we run into a situation that requires one. Start developing an Operation and Maintenance program. Went over the idea of doing As-Builts with the final septic inspection to save time and do more thorough inspections.
- Working with Carroll County Transit to take water samples to Canton City Laboratory for testing instead of having staff drive them. This will open up more water testing days for our department and potential revenue opportunities.
- We will be attending Midwest Workshop in Columbus the week of 3/25/19 to obtain pertinent information in different aspects of Environmental Health and obtain CEU’s toward our licensing.
