**RHWP:**
We had a follow up site visit from the Ohio Department of Health regarding the compliance concerns identified in 2017. The visit was very complementary. It was National Public Health Week so they took a picture of us to post on the Ohio Department of Health website to promote local public health. I have one follow up item to complete for compliance with the program; a committee to review our educational materials for literacy and cultural competency.

**RHWP Revenue: $ 206.20**
