**RHWP:**

We have started the new grant year for the Reproductive Health and Wellness Program. We exceed the expected number of visits by 32 visits. This permitted us to receive an additional revenue of $1,935.00. Clinics continue to be busy seeing 20-25 clients a month. Consider expanding to once a week clinics? Our grant was cut by 30% this year because previously we have not hit the thresholds. If we increase client visits this year we will be eligible for increased funding next year.

**Nursing:**

The advocacy work to support an amendment in the State budget bill did not get passed in the House. Now we must look to see if we can get it in the Senate. Continuing dialog with the Director of Medicaid about inserting reimbursement in the rules, if legislation does not pass. AOHC continues to be the lead but working collaboratively with OPHA PHN Section. I am presenting at the Combined Conference on Wednesday facilitating a home visiting panel and joint presenting with the President of AOHC. Kelly received the Distinguished Public Health Nursing Service Award from OPHA on Tuesday May 14th at the Award Dinner in Columbus.

Working to expand nursing services in the community. Scheduling monthly clinics in Augusta and in Scio (Carroll County side), offering immunizations and screenings for lead, blood pressure.
