## Transpacific Trade - Schedule Update

Dear Amy,

In view of the current COVID-19 situation and the resulting low market demand we will implement the following service changes on the Transpacific and ISC/Middle East – North America services for the upcoming weeks:

### East Coast Services (EC)

The EC3 service will be suspended as from week 14 until week 26. The first official EC3 voyage will start in week 27:

Service	Direction	Origin	Departure	Destination	Arrival

	WB	Savannah, US	Aug 03, 2020	Ningbo, CN	Sep 11, 2020

In order to maintain sufficient port coverage we will maintain a modified EC1 service until week 26 with the following rotation:

Xiamen – Kaohsiung – Hong Kong – Yantian – Shanghai (YAN) – Pusan – Tokyo – Manzanillo – Savannah – Jacksonville – Charleston – Norfolk - Manzanillo – Balboa – Tokyo – Kobe – Xiamen

Cargo originally planned for the new EC3 service will be covered by the above modified EC1 service and/or switched to EC2. Both EC1 and EC2 will start in line with our new Transpacific 2020 Product in week 14 ex Asia.
