

20th April 2020**Additional Blanking Announcement on Transpacific Services**

To Our Valued Customers,

On top of our already announced blank sailings in relation to the Corona Virus effect, we have seen a further reduction in demand due to the slowness of the transition period.

Maersk endeavours to balance its network to match reduced demand. As a result, we will blank below listed TP88. We aim to minimize the impact to our customers by securing reliable alternative routings.

Please feel free to reach out to your local Maersk Customer Service representatives or check <https://www.maersk.com/local-information> and <https://www.maersk.com/schedules/> for more details.
