

NatShield™

The Natural Sanitizer

✓ **99.99%** EFFECTIVE
AGAINST COVID-19 SURROGATE*

✓ **PLANT BASED** BOTANICALS

✓ **NON-TOXIC**

✓ **MULTI-PURPOSE**

✓ **SAFE FOR INFANTS,
CHILDREN, PREGNANT
WOMEN, ELDERLY AND PETS**

Why NatShield™ is superior to alcohol-based sanitizers

- Does not cause sensitivity or allergen issues.
- Overuse of alcohol-based sanitizers dry the skin while destroying the skin barrier.
- Alcohol-based sanitizers do not provide long lasting protection.
- Absolutely non-flammable.
- Safe for long-term usage.

NatShield™ contains PathAway® which is proven to kill over **150 types** of different bacteria and viruses

Properties of PathAway®

- Natural
- Non-toxic
- Odourless
- Colourless
- Non-Corrosive
- Washable
- Heat stable
- Light stable
- Biodegradable
- Antiseptic
- Safe if swallowed

How to Use

1 Spray the air around you to protect against airborne pathogens.

Spray your skin or body for long lasting protection.

3 Spray on a finger and apply onto your outer nasal cavity to prevent pathogens from entering.

Spray on any hard surfaces or objects to disinfect.

*Independently tested by a leading UK Biosafety lab on the surrogate of COVID-19

How NatShield™ kills contaminants

As **NatShield™** comes into contact with viruses, it breaks the protein coat of the viruses

Without the protein coat, the viruses clump together

The viruses are removed safely with no toxic residue

NatShield™ is approved by the United States Food and Drug Administration (FDA) as '**Generally Recognized as Safe**'.

Safety

- 100% natural plant-based, chemical and alcohol-free, non-toxic if ingested.
- Does not irritate eyes and protects skin for up to 4 hours.
- Safe for pregnant women, nursing mothers, young children and pets.

NatShield™ as a disinfectant

In addition to consumer applications, **NatShield™** is **extremely effective** in an aerosolized form and can be deployed together with tools such as autonomous disinfecting robots and ultrasonic fogging systems.

Accreditation

Dr. Arthur V. Martin is the founder of **PathAway®**, the active ingredient in NatShield™. He is also the President and Principal Research Scientist of Global Infection Control Consultants LLC, a USA based company. NatShield™ is listed in the United States Pharmacopeia (USP) and has undergone successful USP51 testing as a disinfectant.
