## Directions for Use - Calves

**Birth - Day 14:** Three (3) grams (1 small scoop) twice a day.

**Day 15 - Weaning:** Three (3) grams (1 small scoop) once or twice a day.

**Support a healthy GI tract and optimal immune system:**

Six (6) grams (2 small scoops) twice a day for a period of 3 to 5 days.

Small scoop feeds 1 calf (3 grams).

Large scoop\* feeds 9 calves (3 grams/calf).

Cool milk replacer or milk to 110°F (43.3°C) or less before mixing in Gold Spike®. Provide fresh clean water to calves at all times.

*For optimum synergy feed in combination with Calf GOLD™ 3E.*

## Directions for Use - Cows

**Support optimal immune system:** 1 large scoop\* for 3 to 5 days.

**Support herd udder health:** One - three (1-3) grams daily in TMR or as top dress.

*For optimum synergy feed in combination with the P-One Program™.*

Also in concentrate: Gold Spike® Capsules

## Storage Recommendations

Store in cool, dry area out of direct sunlight and avoid extreme heat. Refrigerate to extend shelf life.

\*Large scoops available in 12 lb. & 25 lb. sizes.
