

Contains a source of live (viable) naturally occurring microorganisms.

Guaranteed Analysis

<i>Bacillus subtilis</i>45.8 billion cfu/gram
<i>Bacillus subtilis</i> B5000h™, <i>Bacillus subtilis</i> B5005h™, <i>Bacillus subtilis</i> B5150h™	
Lactic Acid Bacteria (minimum)32.3 billion cfu/gram
<i>Pediococcus pentosaceus</i> A4000h™, <i>Lactococcus lactis</i> A2020™, <i>Lactobacillus reuteri</i> 1E-1™	

Ingredients

Dried *Lactobacillus reuteri* fermentation product, organic sugar, sodium bicarbonate, dried *Bacillus subtilis* fermentation products, dried *Pediococcus pentosaceus* fermentation product, dried *Lactococcus lactis* fermentation product.

Mixing Instructions - A Daily Use Product

- Use 1 packet per day for 1,200 swine or 12,000 birds
- Mix entire contents of 1 packet into a 12 - 15 gallon (minimum 10 gallon) stock solution container filled with cold tap water.
- Stir for 30 seconds with power mixer, let sit for 10 minutes. If necessary, repeat until dissolved.
- Use entire stock solution through water lines within 4 - 6 hours.
- Best used during morning watering. Discard any unused solution after 8 hours.
- Repeat 2 - 3 times per day in times of nutritional or immune stress.

Caution

- Do not mix with antibiotics, cleaning agents, chlorine, or hydrogen peroxide.
- Clean stock tank/waterline thoroughly with hot water before use if antibiotics, cleaning agents, chlorine, or hydrogen peroxide were used.

Cleaning: Rinse stock solution tank daily with hot water only.

Storage Recommendations: Keep refrigerated to extend shelf life.

Branded Strains of Smart bacteria:

1E-1™	<i>Lactobacillus reuteri</i>
B5000h™	<i>Bacillus subtilis</i>
B5005h™	<i>Bacillus subtilis</i>
B5150h™	<i>Bacillus subtilis</i>
A4000h™	<i>Pediococcus pentosaceus</i>
A2020™	<i>Lactococcus lactis</i>
