

## linelube Engine Oil Low SAPS 10W-40 E6 / E9

### Product Description

Low SAPS 10W-40 is a heavy-duty, fully synthetic diesel engine oil incorporating an advanced Low SAPS additive package. Low SAPS 10W-40 offers high levels of protection and cleanliness under severe operating conditions, and extended drain capabilities. It is recommended for engines with Diesel Particulate Filters and Exhaust Gas Recirculation/Selective Catalytic Reduction systems.

### Features & Benefits

- Long drain capabilities
- Low volatility proving reduced oil consumption and emissions
- Thermal stability offering consistent long-term performance
- Maintains efficiency of after treatment systems
- Effective environmental protection and fuel efficiency
- High and low temperature performance and very high levels of engine cleanliness
- Increased protection against wear and corrosion
- High shear stability affording consistent lubrication performance
- Suitable for engines with or without diesel particulate filters

### Applications

Low SAPS 10W-40 is designed specifically to meet the lubrication requirements of the latest European heavy-duty diesel engines and is suitable for use in diesel engines meeting Euro IV, V and VI emission standards. Low SAPS 10W-40 can be used in combination with low sulphur diesel fuel.

### Specifications

- ACEA: CJ-4
- API: E6 / E9

### Typical Test Data

Specific Gravity @ 15.5°C	0.869
Kinematic Viscosity @ 40°C	93
Kinematic Viscosity @ 100°C	13.9
Viscosity Index	154
Pour Point (°C)	-16
Flash Point (°C)	210
Total Base Number (mg KOH/g)	12.8
Sulphated Ash (% wt.)	0.99

### Health & Safety
