

Tankered Waste Services

D-tox Group have nearly 20 years' experience in portable sanitation and the removal of liquid waste from sites. We are fully licensed waste brokers so if you choose us to handle your waste removal you can rest assured it will be dealt with correctly.

We have a fleet of tankers ranging in size so whatever the job we can cope.

All our vehicles carry non potable water and all our drivers are trained in the National Sanitation Qualification (NSQ) - the only industry specific Health & Safety training in the UK.

At D-tox Group, we are "Fluent in Effluent"

Services
