

Event Welfare Services

Whatever the event you can rest assured that we can supply and maintain an excellent level of welfare facilities for your guests to use. D-tox Group can advise you as to the correct amount of toilet units you will require and we may be able to suggest welfare solutions that you may not have considered.

We have many years of experience within the events sector and we have a well-trained team of staff who can attend your event to ensure the facilities remain functional and clean.

We can supply large or small events from 1 to 100 toilets and we guarantee they will be exceptionally clean on delivery. We also utilise our own all terrain forklift so that we will not have any problems unloading or siting your toilets.

Our products have been at events as large as Glastonbury, V-Fest and the Secret Garden Party, featured on DIY SOS, on Cancer Research Race 4 Life events and many more.
