

THE WINGATE

# FIRST ARTICLE PROGRAM

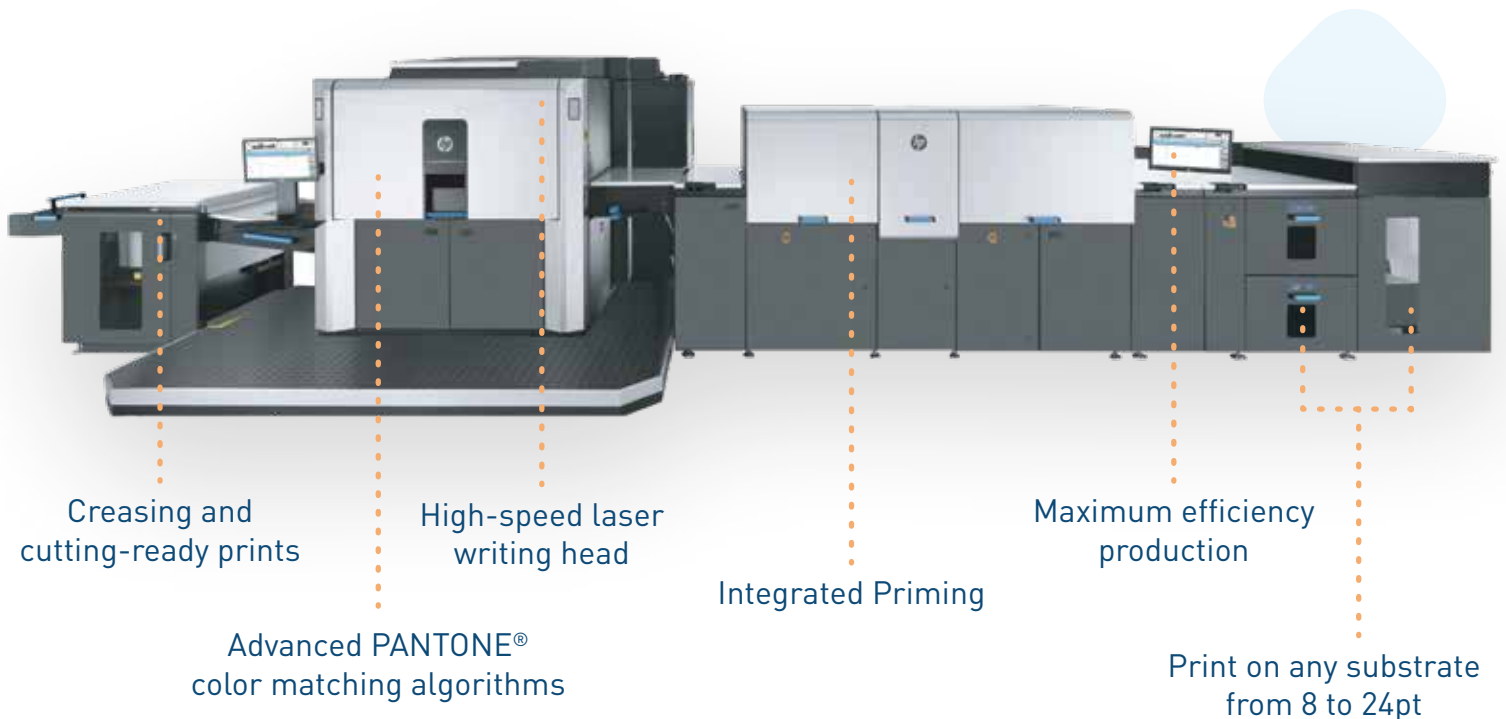

Five production quality samples from your artwork with press-ready digital files - in your hands in as little as three working days. Made possible by our newest duo - the **HP 30000 Digital Printer** and the **Highcon Laser Die Cutter**.

# HP INDIGO 30000

## DIGITAL PRESS

A full-production solution allowing us to deliver a wide range of sheet sizes and types, dependable timing, production quality, and cost effective solutions (while dramatically improving our environmental footprint).

## SUBSTRATE VERSATILITY

The HP 30000's inline priming system allows for the production of nearly any box, sleeve, card, or blister application on not only coated, uncoated, and off-the-shelf paperboard, but foil board and synthetics as well.

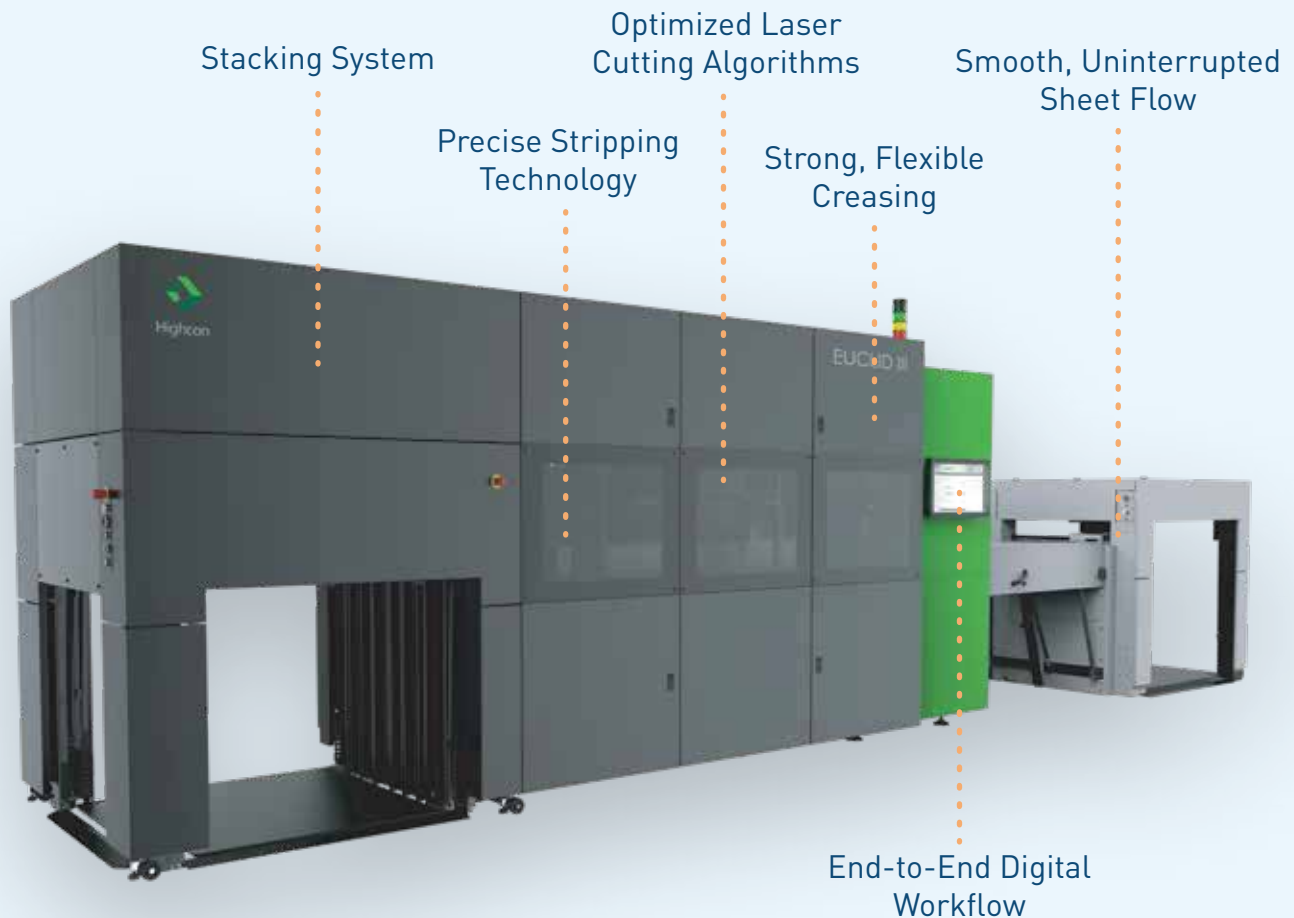

## MAXIMUM EFFICIENCY DIGITAL FINISHING

The Highcon Euclid IIS has the same ability to crease and cut the wide substrate versatility that the HP 30000 has for printing. Agility defined systems means predictable timing, precision finishing, and consistent production quality.

# HIGHCON EUCLID IIS

## DIGITAL CUTTING AND CREASING

# TIME-DEPENDANT TIERS

Our First Article Program offers you the same customizable solutions for two tiers of timing. You set the terms and we'll meet your demands.

## THREE DAY

# \$1500

\$1700 for non-customers

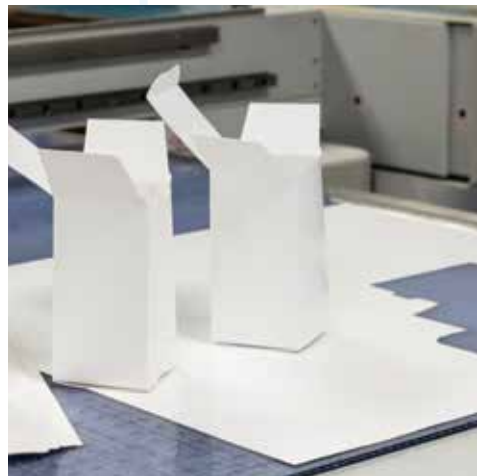

- ✓ 5 Production Quality Samples
- ✓ Press-Ready Digital Files
- ✓ **Three** Day Turnaround

## SEVEN DAY

# \$1300

\$1500 for non-customers

- ✓ 5 Production Quality Samples
- ✓ Press-Ready Digital Files
- ✓ **Seven** Day Turnaround

# MORE CAPABILITIES

UNFOLDING PACKAGING POTENTIAL

## STRUCTURAL DESIGN

Packaging Development  
Samples for Testing

## FLEXOGRAPHIC PRINTING

Up to 8 Color + Coating  
Water Based Technology  
Single Pass Die Cutting  
18" Max Web Width

## ELECTRONIC PREPRESS

Offset  
Flexography  
Graphics File Prep  
Electronic Proofing

## OFFSET PRINTING

Up to 8 Color + Coating  
Both AQ & UV Inks and Coatings  
Specialty Coatings  
Single Pass 2 Side Printing

## PAPERBOARD PACKAGING FINISHING

Bobst Die Cutting  
Bobst Gluing  
Hot Stamp & Embossing  
Windowing
