# OUR BEERS

We have our core four beers as well as an exciting range of limited edition brews on tap, being refreshed regularly.

FRESH BREWS MADE IN 4101

## CORE RANGE

### Whynot Lager - 4.5%

Back in the day when prospective buyers were looking at early plots of land in West End they were asked a cheeky Why Not? The question was so popular a local street was named after it. We ask each other the same thing, especially on a balmy summer's day - Whynot Lager?

### Pale Select - 4.8%

Over 100 years ago 'The People's Brewery' stood in the centre of West End and supplied superb beer across the land. The Pale Select brewed then was known as the 'King over all' beers. And so shall it be again. With a golden colour and bursts of tropical flavour it delivers a 'particular' Pale Ale crowning moment.

### Hoogley Session Ale - 3.2%

The Hoogley was once a convict ship that spent time in Indian holy waters on its way down under. Now, Hoogley is both a tree lined street that connects to the West End Ferry Terminal and a divine tropical mid-strength ale with a hint of herbs.

### Vulture IPA - 5.8%

This iconic street brings people right to the beating heart of West End, connecting the Catchment community with the world beyond. Devour this bold IPA, boasting assertive hop bitterness balanced with malt sweetness and hints of caramel. As complex and varied as its namesake.

## SEASONAL BEERS & MORE

### Seasonal beers

We've got 4 taps dedicated to our rotating brews: Saison, Stout, Dopplebock, Pilsner, Sour, Summer Ale... The list is always changing! Ask the crew for today's seasonal beers.

### Tasting paddle

Grab a tasting paddle and try four beers in our lovely 148ml glasses.
