## WORK EXPERIENCE

---

### Cast Iron Design

SEPTEMBER 2017–PRESENT

#### *Designer*

I worked directly alongside the studio's founders, Jonny Black and Richard Roche, on a variety of projects including branding, packaging, print design, web design, animation, and photography. The accounts I worked on at Cast Iron Design ranged from local startup companies like Byte Bars to national heavyweights like PBS Nova, Patagonia, and The Avett Brothers.

### Graphik Creative

DECEMBER 2015–SEPTEMBER 2017

#### *Junior Designer*

My work at Graphik was two-fold. One role was serving as a designer and customer service representative for an arm of the business that sold templated design and printing services to therapists, physicians, and other professionals. My secondary role was as a junior designer in a traditional, marketing-driven agency.
