

# HOME LAND

L A B S

**Bacteria** (contains powder)

**1000 mL – Mini Milk Jug**

**500 mL – Tall**

**250 mL – White Cap**

**250 mL – Yellow Cap**

| Sample Type   | Bottle Type   |
|---|---|
| <b>Potability</b><br>(Bacteria, Nitrate+Nitrite, Turbidity) | Bacteria: Bacteria<br>Nitrate+Nitrite: 250 mL - yellow cap<br>Turbidity: 250 mL - white cap                                       |
| <b>FHA</b><br>(Potability + Nitrite, Iron, Lead)            | Bacteria: Bacteria<br>Nitrate+Nitrite: 250 mL - yellow cap<br>Turbidity/Iron: 250 mL - white cap<br>Lead: 1000 mL - Mini milk jug |
| <b>Arsenic</b>  | 250 mL - white cap  |
| <b>Bacteria</b>   | Bacteria  |
| <b>Fluoride</b>   | 250 mL - white cap  |
| <b>Gross Alpha</b>  | 500 mL - white cap  |
| <b>Hardness</b>   | 500 mL - tall   |
| <b>Iron</b>   | 250 mL - white cap  |
| <b>Lead</b>   | 1,000 mL - Mini milk jug  |
| <b>Nitrate/Nitrite</b>                                      | 250 mL - yellow cap   |
| <b>pH</b>   | 250 mL - white cap  |
| <b>Turbidity</b>  | 250 mL - white cap  |

## Additional Testing Options

| Sample Type                         | Bottle Type   |
|-------------------------------------|---|
| <b>Alkalinity</b>                   | 250 mL - white cap  |
| <b>Cadmium</b>                      | 250 mL - white cap  |
| <b>Copper</b>                       | 250 mL - white cap<br>*If also taking lead sample, collect in same 1,000 mL - Mini milk jug |
| <b>Chlorides</b>                    | 250 mL - white cap  |
| <b>Iron Bacteria</b>                | Iron bacteria bottle (ask lab personnel)  |
| <b>Magnesium</b>                    | 250 mL - white cap  |
| <b>Manganese</b>                    | 250 mL - white cap  |
| <b>Mercury</b>                      | 250 mL - white cap  |
| <b>Potassium</b>                    | 250 mL - white cap  |
| <b>Radium 226 &amp; 228</b>         | Two 500 mL - tall (1-liter total)   |
| <b>Radon in Water</b>               | Accustar box (ask lab personnel)  |
| <b>Silica</b>                       | 250 mL - white cap  |
| <b>Sodium</b>                       | 250 mL - white cap  |
| <b>Sulfates</b>                     | 250 mL - white cap  |
| <b>Thallium</b>                     | 250 mL - white cap  |
| <b>Total Dissolved Solids (TDS)</b> | 250 mL - white cap  |
| <b>Uranium</b>                      | 500 mL - white cap  |
| <b>Zinc</b>                         | 250 mL - white cap  |
