To whom it may concern:

The CAVIAT School District contracted OSDI to sealcoat our district office parking lot. The communication with the sales staff was professional and the follow through preceding the work was timely. The work was done in a professional manner. Their supervisor was careful to work with our schedule; he was interested in making sure that it was as little inconvenience to our staff as possible. The entire process was proficient and we will definitely consider a bid from OSDI in the future.
