

To Whom It May Concern:

*RE: Letter of Reference-OSDI*

*Bruce Muraida and On Site Development Inc. have performed quite a few jobs for us in the last year or so, and he and his company are very efficient, diverse and customer oriented. They have completed many projects including a Tour Boat Turn around for our Customer Tram, remodels at both Bullfrog Lodge and Wahweap Lodge, and is currently building a new multi-purpose on water building for our Bullfrog Boat Rental operation. Bruce is always available and has never turned down any project no matter how big or small. OSDI is also very responsive to any problems that may arise during or after a project. I highly recommend Bruce and OSDI for any construction projects.*

*– Joe Ligon Director of Marina Construction & Maintenance*

OSDI has performed several jobs for us here at LPRM. Everything from re-models, upgraded office space, state of the art fiberglass work areas, painting projects, landscaping and extensive on the water buildings/re-models. Bruce always provides quotes and updates on items in a timely manner. He keeps you in the loop on project details and always hits deadlines. OSDI is able to provide quotes that are reasonable and fair. Bruce always comes up with fresh ideas and thinks outside the box. He keeps his customer in mind at all times to achieve their goals and objectives. He is willing to arrange his schedule to get the work done and keeps his team on track. I highly recommend Bruce and OSDI for any projects or work that your business has. Bruce and his team are amazing!

Sincerely,

Kelly Zwierzchowski
