Work experience

Trengo nov 2020 - currently

I currently get to design @Trengo, a rapidly growing startup in Utrecht. Rebuilding and re-thinking their complete product. Building a team and taking the whole product to the next stage.

Yummygum feb 2020 - nov 2020

Yummygum is a digital agency from Amsterdam. Fast-paced, streamlined and amazing quality. I was surrounded by people as passionate about product and design as I am. Got exposed to a wide range of projects and learned high level collaborating, all remote.

Feedback Company feb 2018 - nov 2020

My first job as product designer was at Feedback Company. A third party review collector. Where I was the first designer. Enjoying complete creative freedom and building my first features and design system.
