

Info

My name is Anders Chow. A multidisciplinary designer with 7 years of experience. I focus on crafting visual ideas, brands and UI design, applying data and logic whenever the opportunity arises. Strike to achieve "The perfect balance" with my design.

Experience

JTB STUDIO

UX/UI Designer, 06 2020 – Present

Participating from start to end process begins with a client workshop that identifies stakeholders objectives. Conducting research, strategising different findings and thoughts. Documenting user journey, planning IA, creating wireframes and finishing with visual design.
