## Welcome Address by the Rector, **Prof. Panikkos Poutziouris.**

A warm welcome to UCLan Cyprus, the Enterprising British University, delivering educational and training programmes to local and international students, but also to professionals living and working in Cyprus and beyond.

The vision of the University of Central Lancashire, Cyprus is to be recognised as a world-class, research-led University, competing successfully and sustainably within a national and international market. We are a University that is recognised for its commitment to outstanding teaching and practical learning, impactful research, innovative thinking and knowledge transfer that adds value to socio-economic and scientific development across frontiers.

Our faculty, scholars and research partners are distinguished for pioneering initiatives and engagement with industry, professions, entrepreneurs and stakeholder communities. The interaction of research and knowledge transfer with high quality educational and training programmes ensures a currency of knowledge and skills development that will in turn lead graduates to employability routes and access to Postgraduate activities.

Join us in your journey of learning and continuous professional development. Become a partner in our cooperative approach to research exploration, innovation and enterprise.

Our mission is to grow via smart strategies and international partnerships, building excellence in curriculum, teaching and learning, executive and professional training, innovative research, knowledge transfer and entrepreneurship in all fields.

In our continuous efforts to support the student experience, we are engaging strategically with vital partners including our UCLanian army of alumni, to open opportunities for internships and to broaden the horizon for cooperation in terms of continuous professional development, research and innovative initiatives. Internationalisation remains core to the

UCLan Cyprus ambition and we will continue to develop our international engagement and reputation.

Our aim is to provide students with an international experience, increasing their intercultural awareness and to better prepare them for mastering the complex challenges facing our global economy and society. We invest in international exchanges and mobility of faculty, staff and students across UCLan UK, other globally ranked Universities as well as Corporate Partners.

We hope you are as enthusiastic as we are about our University's aspirations and we certainly look forward to taking pride in your progress and success.

**Professor Panikkos Poutziouris, Rector**  
BA Economics, MBA, PhD (University of Nottingham)

1

**DOUBLE DEGREE - LOCAL AND INTERNATIONAL ACCREDITATION**

Earn a Double Degree (two certificates!) that will offer you recognition in Cyprus, across Europe and beyond.

2

**THE DOUBLE ADVANTAGE MODEL - NOT JUST ANOTHER FRANCHISE**

UCLan Cyprus is the first Branch Campus of the University of Central Lancashire and at the same time a fully licensed University in Cyprus.

It is a unique and innovative model of a Cypriot and British University Educational Experience, **approved and validated by both the Ministry of Education and Culture of Cyprus and the UK Quality Assurance Agency (QAA), for Higher Education.**

3

**PROBABLY THE BEST SCHOOLS IN CYPRUS**

- A School of Business, with project-based education inspired by entrepreneurship and innovation, and accredited courses by the ACCA, ICAEW, CIMA, offering internship opportunities in different business sectors.

- A School of Law, considered to be the top in Cyprus with the first Moot Court Room on the island. Accredited by the JASB of England and Wales, it is equipped to rub shoulders with the elite Law Schools of the world.

- A School of Sciences, with programmes ranked within the top 30 of the Guardian table obtaining the highest student satisfaction score (>90%), with unique and innovative courses.

4

**RANKINGS AND RECOGNITION OF UCLan**

- The Centre for World University Rankings (CWUR) has ranked UCLan in the top 3.7% of all worldwide Universities.

- UCLan is one of the UK's most improved universities (The Guardian, 2018).

- UCLan was officially recognised by UK's former Prime Minister David Cameron, for obtaining the 2nd highest figure in the UK of graduates' business start-ups.

- UCLan is the only UK University to be working in partnership with NASA and the Harvard Smithsonian Astrophysical Observatory!

- The Academic Ranking of World Universities (ARWU) ranks UCLan amongst the top universities in the scientific field of Hospitality & Tourism Management.

5

**STUDENT MOBILITY**

Enjoy the student life of a genuine UCLan student in Preston while you study at UCLan Cyprus and embrace the opportunity to participate to Erasmus+ programme or any student mobility scheme, to encounter different cultures around the world!

6

**ACADEMIC EXCELLENCE**

All PhD qualified, our lecturers are research-active and specifically trained to reach greater teaching quality for enhanced student experience.

Apart from that, our Academics' wide range of research activities and our students' high performance reflect the high quality and hard work of all academic staff.

7

**STATE-OF-THE-ART CAMPUS**

The most recent, if not the only, innovative and fully approved University campus in Cyprus, winner of the EMEA "InAVative Educational Facility" Audio Visual (AV) Technology Award.

8

**GLOBAL REACH AND EMPLOYABILITY**

Our Schools and Programmes are linked with global and local professional bodies and accreditations, and are strongly engaged with industry partners. As a result, they offer internships and networking opportunities, while at the same time offer you a QS World Ranked University degree, which enhances your career opportunities in the global job market.

Also, a large number of UCLan Cyprus courses include a placement or work experience element related to students' discipline, during their studies, abroad or locally.

9

**STUDENT SATISFACTION & GRADUATES SUCCESS**

UCLan Cyprus 2019 alumni survey\* indicates a high overall University employability and satisfaction rate:

- **92%** of graduates are very satisfied with their experience.
- **98.61%** of graduates are in employment, training or they have pursued further studies.
- **74%** of graduates are employed in areas directly related to their field of study.
- **73%** of postgraduates secured employment within the first 3 months.

*\*Results upon the graduates who have participated at our Alumni survey.*

10

**QUALITY ACCOMMODATION**

A Mediterranean lifestyle, offering students a safe, fun and affordable stay at our brand new accommodation, located right next to the University.

THE +1 REASON

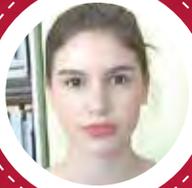

Study at the unique British University of the island of Cyprus, **amongst the only 2 British University Campuses in Europe after BREXIT**, without the financial cost of UK education and cost of living. **The average cost of studying at UCLan Cyprus is almost 50% less compared to any other British University.**

Once more, UCLan Cyprus is proud to announce the UCLan Cyprus Bursary for the new students who will enrol in 2020/2021, of €1,450 for Undergraduate students per year of study and €1,575 for Postgraduate students.

More information on tuition fees can be found at p.122

**10+1 GREAT REASONS**  
to choose UCLan Cyprus.

# WHAT OUR STUDENTS SAY.

**ALESIA SIDORKEVICH**  
Business Administration  
Russia

*I do really enjoy studying at UCLan Cyprus as it gives me an amazing opportunity to improve my English. Moreover, I have a chance to meet people from all around the world.*

**ARTEM PLAKHOTUYUK**  
Computing Alumni  
Ukraine

*I am very glad that I transferred my studies to UCLan Cyprus and I am satisfied with both my lecturers and my overall study experience. Also, I am so grateful for the way the Student Support assisted me whenever I needed their help to make this dream a reality.*

**ANTONIA MICHAILIDI**  
LLB Alumni, Winner of 2018  
Queen's Young Leader  
Awards,  
Cyprus

*Deciding to study at UCLan Cyprus was one of the best decisions I have made so far, regarding my education and my future professional career. The University offers a unique selection of modules for each course and provides the students with all the necessary guidance to achieve success.*

**OLUWATODIMU AKOLADE  
BANKOLE**  
LLB Alumni  
Nigeria

*UCLan Cyprus offers a complete package of excellent teaching and extracurricular activities both of which are crucial for the student life experience. As a Law student, the School of Law ensures that students like me are exposed to relevant and equal opportunities which will enable us to gain useful knowledge and experience beneficial for our chosen career path.*

**MORTEZA MEHDI ZADEH**  
Hospitality and Tourism  
Management  
**Iran**

*I am so pleased that I chose UCLan Cyprus as a place to do my studies. I study Hospitality and Tourism Management and I really enjoy it. It is a modern environment with friendly staff. You can find and meet so many enthusiastic students from all around the world with different nationalities, which is perfect. The students interact and learn so many things from each other. Other than that, Cyprus is a beautiful island and I really love being here.*

**KALIA ATHANASIOU**  
Mathematics Alumni,  
current student  
MSc Data Analytics  
**Cyprus**

*One of the advantages of studying at UCLan Cyprus is the relationships we develop with the faculty. They are always available, extremely helpful, supportive, friendly and prepare us for the challenges of the real world.*

**ARIJ EJLEDI**  
Accounting and Finance  
Alumni  
**Libya**

*Applying for a job having two degrees written on my CV was a major plus. It attracts many companies in Cyprus and abroad as it's a unique element as not many applicants have this advantage.*

**TATIANA GALADZHIY**  
MBA Alumni  
**Ukraine**

*Studying at the British University of Cyprus with the combination of a sunny and Mediterranean weather of the island, was the best decision I have ever made.*

## University of Central Lancashire, Cyprus **THE BEST OF BOTH WORLDS.**

The University of Central Lancashire, Cyprus (UCLan Cyprus), is located in Pyla, Larnaka, and it is now in its eighth year of operation. UCLan Cyprus is the first Branch Campus of the University of Central Lancashire and at the same time a fully licensed University in Cyprus. It is a unique and innovative model of a Cypriot and British University Educational Experience, approved and validated by both the Ministry of Education and Culture of Cyprus and the UK Quality Assurance Agency (QAA), for Higher Education.

Built on strong academic foundations, the University of Central Lancashire, our mother University, counts more than 190 years of history and is considered among the top 3.7% of all worldwide Universities by the Centre for World University Rankings (CWUR). UCLan Cyprus operates under the academic umbrella of UCLan UK, and its uniqueness is further enhanced by the United Kingdom's exit from the European Union (BREXIT).

The completion of studies at UCLan Cyprus will result in a **Double Degree (two certificates) from the two Universities**, UCLan Cyprus and UCLan UK, recognised not only in Cyprus, but across Europe and beyond. Our students will also have the advantage of

an exceptional student experience in every aspect of their University life, whether it is learning, personal support, facilities, accommodation, employability and social life, as well as personal development.

By bringing a world – class reputation for academic excellence and innovative thinking to Cyprus, we aim to develop future business leaders and international entrepreneurs, with the skills and business acumen for success in the modern global economy. This means that we are able to offer a unique blend of knowledge, practical experience and modern relevance, to equip students with the qualifications and skills for the international market in employment. Many of our courses are also accredited by professional and statutory bodies, ensuring for all UCLan Cyprus students the standards expected by today's businesses.

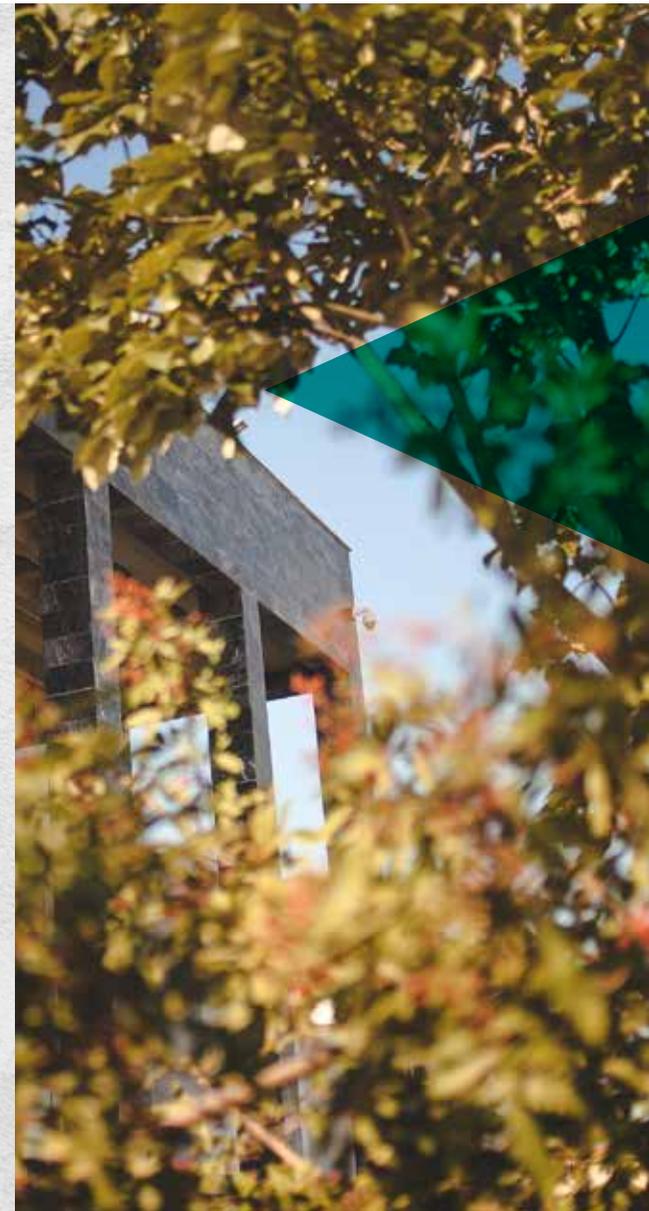

Our commitment to this ethos is at the heart of everything we do.

#### **OUR VISION**

The strategic vision of UCLan Cyprus is to build a leading, modern University with a global reach at the crossroads of three continents (Europe, Asia and Africa), providing Undergraduate and Postgraduate Higher Education. UCLan Cyprus will be a University recognised for its commitment to the finest student University experience, outstanding research, innovative learning and valuable engagement with industry and communities within Cyprus, the Eastern Mediterranean, the Middle East and further afield.

#### **OUR MISSION**

To promote access to excellence enabling all, students and professionals, to develop their potential. We value and practise equality of opportunity, transparency and tolerance. We aim to be a vital part of the social and corporate community, promoting innovation and development, both on national and international level. We strive for excellence in all we do: locally regionally, nationally and internationally. We work in partnership with business, the community and other educators. We encourage and promote research innovation and creativity.

## STUDYING IN **LARNAKA**, CYPRUS.

Situated on the southern coast of Cyprus, Larnaka is well-known for its beautiful clean beaches, great food, and vibrant nightlife. It is the perfect location for a University and its student community.

Larnaka Airport is the main airport in Cyprus. It only takes 15 minutes to drive from the airport to the campus of UCLan Cyprus. There is a frequent bus route from downtown to the campus and vice versa.

Ayia Napa is very well-known thanks to its sandy beaches, light blue waters and its lively nightlife during the summer season. Ayia Napa also hosts several restaurants, featuring both local and international cuisine.

## THINGS TO DO

Outdoor activities are very common in Larnaka due to the fantastic Mediterranean climate. Water sports, swimming, snorkelling, fishing, walking, cycling and many other activities are available to students. Interestingly, the crystal clear bays are unusually rich in underwater wreckages for you to explore. There are many qualified and licensed diving instructors and businesses along the beach areas. Inland, there are many historic churches, archaeological sites, museums, galleries, gardens and other tourist attractions. The most notable are probably the Larnaka Fort, built in 1625 on the seafront and St Lazarus Church built in the 9th century. Natural sites for wildlife and beauty include the Salt Lake on the outskirts of Larnaka, a haven for migratory birds, including flamingos and other waders. Horse riding, nature walks, camel rides and organised excursions are also available. Alternatively, our more adventurous students can enjoy a day trip inside or outside Larnaka by hiring bikes or quad bikes.

**Living and studying in Larnaka enables students to thrive with a first-class education in an idyllic setting. What's not to love?**

# A WORLD-CLASS CAMPUS.

## AT THE CUTTING EDGE OF TECHNOLOGY

UCLan Cyprus is set in a modern, purpose-built University campus with state-of-the-art academic and operational facilities. It incorporates all of what Audio Visual (AV) has to offer in education, but also in the ever-growing professional communication world, such as distance learning facilities, high-end presentation solutions and innovative multi-use spaces.

Students learn in meticulously designed lecture theatres, specialised labs, a moot court room, lecture rooms equipped with interactive whiteboard facilities, seminar rooms and accommodating teaching spaces. Individual and group study spaces allow students to work alone or collaborate on projects.

Our IT infrastructure provides more than 300 software applications, loan of laptops, and free Wi-Fi across the campus. The UCLan Cyprus Campus has also won the sought-after title of the 'Most InAVative Education Facility' at the prestigious Europe, Middle East and Africa (EMEA) InAVation Awards, and triumphed over 30 competitors, as well as shortlisted projects from four other University finalists based in England, the Republic of Ireland and Russia.

Audiovisual highlights include smart podium monitors in every classroom, which allow presenters to annotate or draw freehand onto a projected display without the need for a whiteboard and pens.

A video conferencing system allows live streaming, while the entrance foyer video wall is capable of displaying content up to four times full HD video.

Students have the opportunity to study in an environment that suits them, whether it is in the new library or in social areas around the campus.

All on-line facilities can be accessed off campus, and anywhere in the world through the internet.

UCLan Cyprus is the first University in Cyprus to have its own Court Room. It has been designed to reproduce not only the look and effect of a real court room, but also court rooms of the future.

Fully IT and AV-equipped, with both counsel and judge able to portray their evidence, representations and remarks onto three large projector screens, the Moot Court Room is ideal to be used for practice, training, debating, interviewing, negotiation, advising and arguing.

#### **SPORTS LAB**

The UCLan Cyprus Sports Lab incorporates the latest technological advances in the sport and exercise fields. In addition to its teaching activities, the UCLan Cyprus Sports Lab provides a full range of tests, metrics and exams to athletes of all abilities and sports, from beginner to professional levels, including ergometric tests delivered by accredited Sport and Exercise Scientists.

#### **COGNITION & DEVELOPMENT PSYCHOLOGY LAB**

An innovative lab for all Psychology students following the strict guidelines of the British Psychology Society (BPS). The Cognition & Development Lab of UCLan Cyprus is second to none and includes a dedicated student area, offering a unique experience on real case studies and psychological experiments, a conference area, which accommodates guest lectures from professionals of the industry, and a child observation suite with a one-way mirror.

#### **ENGINEERING LABS**

Engineering Laboratories support the BEng (Hons) Electrical & Electronic Engineering Programme. The Electronic Engineering lab is equipped with workbenches and all the necessary state-of-the-art equipment (oscilloscopes, signal generators, probes,

analysers, etc.), computers and machinery for students to practice in Electronic Circuits, Digital Electronics, Telecommunications, Microprocessors, Sensors, Programmable Logic, Robotics etc. The laboratory offers a unique hands-on experience for the students which involves all the steps of building electronic systems such as the design, the simulation, the prototyping and the testing.

The Electrical Engineering Lab is intended to emulate a real domestic and/or industrial setting in which students can perform an electrical installation and have a unique hands-on experience in wiring, circuit boards, AC and DC motors, generators, renewable energy sources etc. The lab is also equipped with Electromechanical Training Systems for practical work on Power Systems on topics such as Power Generation, Power Transmission and Power Consumption.

#### **LIBRARY**

UCLan Cyprus' Library provides a comfortable, flexible working environment, boasting a student portal leading to all on-line resources, access to 300.000 UK and Cyprus e-books, and e-journals. It offers a wealth of excellent learning resources, extensive collections of information sources and expert support from Library staff.

In addition to these thousands of books, audio-visual materials and journals, the Library also provides self-service issue and return facilities, online library catalogues, a silent study room and training PC labs with a laptop loan scheme available to all students.

JOIN  
#UCLanians

## A WARM WELCOME FROM #UCLanians

Over the past few years, #UCLanians have been unstoppable! They said yes to new adventures and reached the highest edge of Troodos Mountains and the highest pitch of Greece. They even managed the impossible and hiked in Kutaisi Mountains, Georgia experiencing 3 different temperatures.

#UCLanians won the National Competitions of Judo and University Sambo Championship. They accepted Dorians Challenge, participated in Larnaka International Marathon for three consecutive years and willingly contributed in cleaning Cyprus' beautiful beaches in just one day with Let's Do It Cyprus." Apart from lectures, tutorials and assessments, the #UCLanians' academic calendar includes countless parties, clubs and societies, charity or fundraising events and participation in the greatest conferences, events and guest lectures of the island.

### Some activities include the:

- Business Innovation Awards
- Code Cyprus
- 1st Cyprus Science Festival
- Become a Lawyer for a day
- Digital Championship
- Business Escape Challenge

but also European and International activities gaining unique experiences that will guide them throughout their life. And of course the best is yet to come! #UCLanians promise you a great student experience while you are studying at the only British University of the island.

To find out more, follow #UCLanians on Facebook & Instagram.

## JOIN #UCLanians CLUBS & SOCIETIES OR START YOUR OWN!

### HOW DO YOU GET STARTED?

Think of hobbies and interests you have and find 5-6 other students who share a similar interest. Come visit us at the Student Support Office and we will help you 'spread the news' and assist you in setting up the club / society.

### EXAMPLES OF CLUBS AND SOCIETIES:

- > **Football club**
- > **Boxing Club**
- > **Latin Club**
- > **Photography club**
- > **Hiking club**
- > **Film Club**
- > **Business Society**
- > **Law Society - Debate Club**
- > **Computer Society - Comicon Club**
- > **Entertainment Club**

### STUDENT SUPPORT

The Student Support Office is the #UCLanians' first point of contact for advice and support in all aspects of University life, either face-to-face, by email or phone, or even through the **Student Support Services** Facebook pages. A modern and friendly place where #UCLanians can get support and information on various issues concerning their academic study and progress, personal matters and social life.

## At UCLan Cyprus, #UCLanians will have access to a wide and practical range of Student Support services. These include:

- > Professional Counseling at the Counseling Center
- > Advice and guidance on how to enhance their academic skills through WISER (a group of services offered to UCLan Cyprus students for the improvement of their English language and learning skills)
- > Support and guidance on disability issues, health, psychological and well-being issues
- > Guidance on student life and events
- > #UCLanians discounts on shops, cafés, bars etc.
- > International student support; visa information and updates
- > Travelling information

### EMPLOYABILITY SUPPORT AND CAREER ADVICE

The Student Support Services offer the administration of one of the most well-known, professional career tests to prospective and existing students. This kind of tests enable students to gain accurate insight and a better understanding of the career path that best fits their personality.

Further guidance and support is available during private sessions, where employability and career options are discussed in depth.

During the Employability Days organised every March, prospective and current students have the opportunity to meet company representatives, attend C.V. clinics, join interview and presentation skills workshops, and participate in many more career-enhancing events.

# RESEARCH, INNOVATION & ENTERPRISE.

UCLan Cyprus is committed to being innovative and entrepreneurial in its approach to teaching, training, research and knowledge transfer, in order to enrich the University's academic learning environment, enable it to develop high value-added training initiatives, advance in innovation and promote high impact research investigations. This will allow the University to enhance its contribution to social, cultural and economic development, both locally and internationally. As a research-led University, research and innovation is pursued via engagement with other research institutions and universities, industry, professions, government agencies, social enterprises and third sector stakeholders.

In line with the University's commitment to expand its research community and support early career researchers, UCLan Cyprus has appointed a number of joint PhD scholars, who work with international researchers in the University on joint collaborative research projects with UCLan UK and other universities nationally and across Europe. Our research, innovation and enterprise are led by three centres, namely:

- **CEDAR** - Centre for Entrepreneurial Development, Alliance and Research;
- **InSPIRE** - Centre of Interdisciplinary Science Promotion & Innovative Research Exploration
- **ICLAIR** - Interdisciplinary Centre for Law, Alternative and Innovative Methods

## **CENTRE FOR ENTREPRENEURIAL DEVELOPMENT, ALLIANCE AND RESEARCH (CEDAR)**

CEDAR, is the first interdisciplinary and pioneering not-for-profit Centre for Entrepreneurship in Cyprus working with stakeholders, universities and academic centres, including UCLan Cyprus.

**Its mission is to act as a catalyst for entrepreneurial development by building synergies between different areas of expertise in education, training, research, outreach, and policy.**

It builds bridges of cooperation with the entrepreneurial economy of Cyprus and beyond. CEDAR faculty and associate fellows are credited with local, regional and global initiatives, focusing on fields including start-up entrepreneurialism, corporate entrepreneurship, innovation, SME - growth, entrepreneurial finance, governance, development of owner-managed family businesses, and alternative tourism development.

### **ENTREPRENEURSHIP INITIATIVES**

CEDAR has been promoting a number of projects and initiatives in the field of entrepreneurship in partnership with a number of stakeholder organisations, including:

**BUSINESS IDEA COMPETITION** An annual initiative that aims to foster the development of creativity, innovation and new ventures through a series of idea generation workshops and start-up business training.

**PANORAMA OF SOCIAL ENTERPRISE** to showcase programmes and schemes in operation in Cyprus and Europe, geared to support social entrepreneurship and its impact in modern societies.

**IDEODROMIO** An annual initiative that aims to encourage entrepreneurship in secondary education in Cyprus. The initiative's target is to embed the entrepreneurial spirit to young aspiring students. Ideodromio is organised by CEDAR in collaboration with the Pedagogical Institute of Cyprus, the Cyprus Ministry of Education and Culture and KPMG.

**PANORAMA OF INNOVATION** to inform existing businesses and start-up entrepreneurs on innovation funding schemes and showcase successful cases of innovative enterprises in Cyprus.

CEDAR enjoys the support of various stakeholders and academic institutions such as the Cyprus Chambers of Commerce and Industry, University of Cyprus, Cyprus University of Technology, Ministry of Energy, Commerce, Industry and Tourism, Cyprus Business Angels Network - CYBAN, Youth Board of Cyprus, Cyprus Federation of Business and Professional Women, ANETEL, London-based EPISTEME and UK Cyprus Enterprise Council. Several initiatives are supported and co-organised by our valuable

sponsors such as KPMG, Alpha Bank, Koumandari Foundation, Co-operative Savings Society of Larnaka -Famagusta, USB Bank, Cyprus Pedagogical Institute, Cyprus Ministry of Education, Culture, Sports and Youth, Synthesis and Gravity.

### **CENTRE OF INTERDISCIPLINARY SCIENCE PROMOTION & INNOVATIVE RESEARCH EXPLORATION (INSPIRE)**

The InSPIRE centre was developed with the mission to support the advancement and development of scientific research by establishing a culture of innovative partnerships within different science disciplines (e.g. computing, engineering, mathematics, psychology, and sports and exercise science) for the utilization of state-of-the-art practices and the realization of cutting-edge research and innovative programmes and activities. The main research clusters of the centre are focusing on Health and Society, Information Systems, Communication Networks and Mobile Technologies, Developmental Psychology and Educational Technologies.

To achieve the centre's vision, its resident members work closely with internationally respected and distinguished researchers, academics, industry professionals and policymakers to develop in three main areas: research, knowledge transfer, and service/outreach to the community and education. Some of the main activities of the centre are focused on cutting-edge responsible research and innovation, Undergraduate research projects and mentoring of undergraduate students, industry engagement (for the purpose of enhancing students' knowledge and practical skills, enhancing the existing curriculum, and developing collaborative research projects), community engagement and outreach (promotion of science education, awareness on science impact, female participation in STEM and organisation of competitions, seminars, workshops and professional trainings for the community), and advisory/consulting services to local special interest groups.

### **INTERDISCIPLINARY CENTRE FOR LAW, ALTERNATIVE AND INNOVATIVE METHODS (ICLAIM)**

The School of Law of UCLan Cyprus is very pleased to announce the establishment of and cooperation with ICLAIM since February 2017. ICLAIM is an interdisciplinary centre for Law, Alternative and Innovative Methods, a non-profit organisation duly registered and based in Cyprus.

ICLAIM has a **Vision** of Law, Innovation and Alternative solutions in the modern world, underpinned by high-quality research and impact. A world where citizens, small businesses and the industry engage with our applied research and creative legal solutions, widening access to rights and impacting society. ICLAIM has a **Mission** of acting as a social enterprise transmitting knowledge and enabling the wider public to have access to their rights through innovative and alternative legal solutions at a fair cost. We are pioneering new solutions with wider impact on the creation,

implementation, enforcement and reform of rights in a modern society. ICLAIM's objectives include:

- To create, promote and raise awareness of innovative and alternative legal solutions, including dispute resolution methods, widening access to rights.
- To support legal research and impact beyond academia, making a notable difference in society.
- To develop ways of sharing experience, knowledge and expertise with citizens, small businesses and the industry, designing creative legal solutions tailor-made to their needs.
- To work with low and middle-income organisations and young people to learn from and build capacity for research and impact informed legal solutions.
- To empower ICLAIM users to find their own solutions to socio-legal challenges.

Initial activities of ICLAIM included professional training on international mediation and on case management systems as well as human right seminars open to students and professionals alike. Recently, ICLAIM produced a Handbook for professionals on social mediation in Cyprus and participated as an expert partner to several conferences and workshops entitled 'Social Mediation in Practice' and 'Human Rights Education' held at UCLan Cyprus in 2018 and 2019. Participants included graduate students of the Law School, local communities, members of the police force of Cyprus and NGOs. They were trained on ICLAIM's Handbook, were given lectures from a socio-legal, psychological and informal education perspective and carried out interactive activities including on European and international tools. The workshops/conferences took place in the framework of projects funded by the Institute of Citizenship, Society and Change based at UCLAN (UK) as well as by the British High Commission in Cyprus (ongoing bi-communal project on social mediation, 2019-20). For more information on the project visit [www.social-mediation.org](http://www.social-mediation.org).

In May 2018, under section 22 of the Alternative Dispute Resolution for Consumer Disputes Law of 2017 (L.85(I)/2017), the Consumer Protection Authority of the Ministry of Energy, Commerce, Industry and Tourism of the Republic of Cyprus approved ICLAIM as an Alternative Dispute Resolution (ADR) entity for (a) consumer goods contracts (online and non-online) as well as (b) consumer services contracts (online and non-online), including financial contracts, but excluding construction contracts. ICLAIM commenced its operations as an ADR entity in June 2018. For more information visit [www.iclaimcentre.org/consumer-adr-entity/](http://www.iclaimcentre.org/consumer-adr-entity/)

# RECENT ACHIEVEMENTS OF UCLan Cyprus.

## UNIQUE PARTNERSHIP WITH ACCA ACCELERATE

UCLan Cyprus and the BA (Hons) Accounting and Finance programme proudly launched a Unique Partnership with the Association of Chartered Certified Accountants (ACCA), the globally reputable professional accounting body offering the Chartered Certified Accountant professional qualification. Our partnership with ACCA attractively positions UCLan

Cyprus as the only University in Europe offering a BA (Hons) Accounting and Finance Programme simultaneously accredited by ACCA, and offering an Accelerate status by exempting upon registration to the programme the first 9 fundamental courses, allowing the students to proceed to the rest of the 5 professional courses for the completion of the ACCA accreditation. This provides the benefit of completing both the BA (Hons) Accounting and Finance and ACCA professional qualification in just 4 years.

This partnership provides additional benefits to the students since UCLan Cyprus registers them to the ACCA body upon their enrolment to the programme and offers them attractive discounts to the exams fees.

## ACCREDITATION BY BRITISH PSYCHOLOGY SOCIETY (BPS)

The BSc (Hons) Psychology degree has gained accreditation by the British Psychological Society (BPS). This acknowledgement marks UCLan Cyprus as the

only University in Cyprus offering an accredited Psychology programme of study by the BPS professional body. As a result, graduates are granted a unique competitive advantage by gaining the requirements for Graduate Basis for Chartered Membership of the Society (GBC), which is the first step to become a professional psychologist and be able to work even in the UK. UCLan Cyprus students can also register as members of the BPS on special discounted rates with discounts on books, access to journals and the opportunity to participate in conferences.

## MODEL UNITED NATIONS

UCLan Cyprus' Law School organised its first Model United Nations (MUN) event in collaboration with the United Nations Association of Cyprus. UCLan Cyprus welcomed very special guests, Mr. Nicos

Rolandis, former Foreign Minister of Cyprus, Dr. Christos A. Theodoulou, President of the United Nations Association of Cyprus and Vice-President of the World Federation of United Nations Associations (WFUNA), and Mr. Christophoros Yiangou, former Cyprus Ambassador. Each School of Law student participating represented an individual UN member country, and their speeches addressed a draft resolution. Following the speeches, the student representatives were given a chance to propose amendments, and then vote for the amendments and the amended resolution. The conference was concluded with a pleasant reception where the students had the opportunity to discuss the MUN among themselves, as well as speak with the guests, exchange views and knowledge.

## QUEEN'S YOUNG LEADERS 2018

UCLan Cyprus alumni student of Law LLB (Hons) Antonia Michailidi, proudly received the Queen's Young Leader 2018 Award by Her Majesty The Queen, as recognition for her work as a volunteer in the project in support of immigrants living in Kofinou, Cyprus.

### **BSc COMPUTING ACCREDITATION BY BRITISH COMPUTING SOCIETY (BCS)**

UCLan Cyprus proudly announced the certification of its Undergraduate programme BSc Computing. The BCS accreditation is a mark of assurance that the BSc Computing

Undergraduate degree of UCLan Cyprus meets the standards set by the BCS and sets UCLan Cyprus graduates as highly skilled IT professionals. As a result, graduates who will be receiving a BSc Computing degree, will automatically gain accreditation as Chartered Information Technology Professionals (CITPs).

### **“InAVation” AWARD**

The University of Central Lancashire’s Cyprus Campus has won the sought-after title of the ‘Most InAVative Education Facility’ at the prestigious Europe, Middle East and Africa (EMEA) InAVation Awards, and triumphed over 30 competitors as well as shortlisted projects from four other University finalists based in England, the Republic of Ireland

and Russia. Our IT infrastructure is second to none, which provides more than 300 software applications, loan of laptops, and free Wi-Fi across the campus. UCLan Cyprus incorporates all of what AV has to offer in education, from distance learning facilities to high end presentation solutions and innovative multi-use spaces.

### **EQUALITY EMPLOYER AWARD**

UCLan Cyprus proudly announced its certification as an “Equality Employer” by the National Certification Body. The Ministry of Labor, Welfare and Social Insurance held a business award ceremony, certified by the National Certification Body for the Implementation of Good

Practices on Gender Equality in the Work Environment. The British University of Cyprus implements policies that ensure staff conditions of gender equality, equal opportunities for development and training, reconciliation of professional and family life, and in particular the principle of equal pay and work of equal value for men and women.

### **BEST WORKPLACE AWARD IN HIGHER EDUCATION**

UCLan Cyprus received the “Best Workplace Award in Higher Education” at the Education Leaders Awards 2018 in Greece.

“We are very proud to have won such an honorary prize.

This award belongs to all the employees since without them the University could not become a unique educational institution distinguishing between nominees from every level of the Greek educational community”, Mrs Georgia Kyriacou (HR Manager) stated.

### **12TH NATIONAL SESSION OF EUROPEAN YOUTH PARLIAMENT CYPRUS**

UCLan Cyprus proudly hosted the 12th National Session of European Youth Parliament Cyprus. The participants were given the opportunity to immerse themselves in discussions that will enable them to come up with answers to the most critical question of what the EU should be and represent.

### **UCLan Cyprus STUDENT’S WORK AT THE WORLD’S LEADING CREATIVE NETWORK**

Kleanthis Loizou, a BSc (Hons) Web Design & Development 4th-year student of UCLan Cyprus, designed a newspaper-like newsletter for a client, which got featured by Adobe on Adobe Behance’s Graphic Design Gallery Adobe Behance is Adobe’s official Creative Network (one of the leading online platforms to showcase & discover creative work) and receives thousands of projects every day from all over the world.

### **UCLan ACHIEVES TRIPLE SUCCESS AT THE OSCARS OF THE UNIVERSITY WORLDS.**

UCLan has proudly won in three categories, which is a record, at the 2018 Times Higher Education (THE) Awards, more than any other University on the night. UCLan collected awards for Best International Collaboration of the Year, Excellence and Innovation in the Arts and Most Innovative Contribution to Business-University Collaboration.

### **UNIQUE PARTNERSHIP WITH SAS.**

The MSc Data Analytics programme at UCLan Cyprus is the only programme in Cyprus which offers the SAS Joint Certificate. Specifically, MSc Data Analytics’ graduates have the option to receive the SAS Joint Certificate in Business Intelligence and Data Mining in addition to their MSc award. The SAS Joint Certificate equips students with additional knowledge and skills to apply analytics to real business problems using real business data and provides students with a competitive advantage in the marketplace, through a professional certification which is in high demand by the market.

# SCHOOL OF BUSINESS & MANAGEMENT.

The academic information contained in this prospectus is correct as at the time of printing.

The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.

Welcome to the School of Business & Management, the most enterprising School of UCLan Cyprus.

The School's mission is to offer practical and professionally relevant courses that equip students with knowledge, experience, analytical skills and enhanced aptitudes, which are in high demand in the marketplace. Our key measure of success is for our graduates to enjoy employability in managerial, professional and entrepreneurial pathways, contributing thereby to social and economic development.

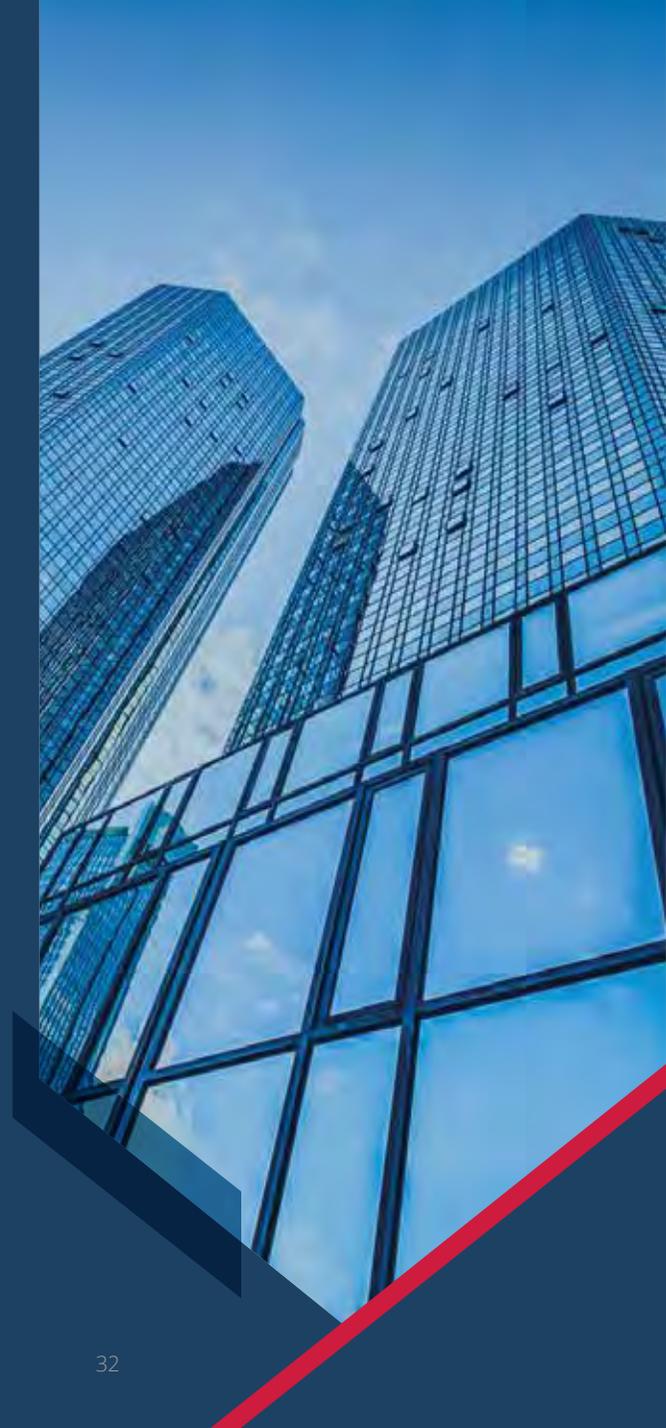

All of us at the School are committed to be enterprising and innovative, shaping that way, developments at the forefront of the learning society and the knowledge economy. We contribute to learning and the knowledge economy via our extensive range of Undergraduate and Postgraduate programs that seek to expose our students to cutting edge developments in their fields of study.

Further, in co-operation with UCLan UK and other partners, we offer doctorate and continuing professional development (CPD) programmes that aim to establish the researchers and the highly employable professionals of the future.

Our Faculty strive for excellence in pedagogy, research, knowledge transfer, and in building partnerships with our stakeholders, seeking to unlock growth opportunities in business, management and entrepreneurship for the benefit of our students, our alumni and the community, overall.

The pursuit of world-class innovative research and engagement with entrepreneurs, industry and the professions allows us to shape and inform new frontiers in theory, practice and policy at local and regional level. Our academics lead research clusters, which are committed to innovative research in economics and sustainable growth; entrepreneurship; finance, governance and accounting; hospitality and tourism; language and linguistics. We are also proud for our partnership with the Centre for Entrepreneurial Development Alliance and Research – CEDAR, which is a not-for-profit organisation that promotes entrepreneurship across all walks of life.

**Dr Loukas Glyptis** BSc, MSc, FHEA, PhD  
*Associate Professor of Accounting,  
Head, School of Business & Management*

## **BA (HONS)** BUSINESS ADMINISTRATION.

The BA (Hons) in Business Administration programme places emphasis on the functional, operational and strategic coordination of business activities. Throughout the course, students develop an understanding of how organisational processes enable organisations to respond to external conditions in the market and the wider environment. Students gain a theoretical understanding of the nature of business and organisations, whilst developing practical skills including problem solving, risk assessment, group work and personal initiative.

This programme follows a rationale based on the principles of studying organisations as separate functions, interdependent operations and strategic entities.

It provides students with the necessary theoretical knowledge and managerial skills to be locally and internationally competitive.

It promotes and emphasizes employability through modules such as "Employability and PDP" and "Personal and Professional Development for Business". It cultivates innovative thinking through modules such as "Managerial Decision Making" and addresses contemporary issues in strategic planning, environmental scanning and operations management. Further to the traditional management route, the programme enables students to enhance their knowledge in a particular area by selecting a pathway in Finance, in HRM or in Marketing.

## CAREER OPTIONS

The programme covers a spread of business topics that prepare candidates for a wide range of business careers. Employability is embedded in this programme which contains several features that support working lives, an emphasis on through-life learning and personal development, reflective practice, teamwork and client skills, as well as contact with businesses through applied projects and cases.

In addition, the subject material of the programme covers multinational and global corporations, local businesses, small and medium sized enterprises and start-up. This broad relevance, when joined with the personal capacity that the programme engenders, creates capable individuals whose value is recognised by employers and who have the capability to create work, as well as to seek it successfully.

# BA (HONS) ADVERTISING & MARKETING COMMUNICATIONS.

BA (Hons) Advertising and Marketing Communications is a pioneering course which offers students the knowledge and practical skills to build a career in the dynamic and creative industry sector. Our Advertising and Marketing Communications course focuses firmly on developing the expertise needed to anticipate, analyse, plan, and control effective communications that generate value for client organisations.

The UCLan Cyprus Advertising and Marketing Communications degree was designed as a result of extensive industry research to deliver graduates who would be 'purpose-made' and 'job-ready' for jobs in the industry. Understandably, studying Advertising and Marketing Communications at UCLan Cyprus has a strong practical element and our course gives students the knowledge and skills to gain a position in the emerging knowledge-based service economy.

Students will benefit from a variety of teaching and learning methods including: lectures, seminars, practical workshops, group activities, personal research and case studies. Personal study and independent research also form an integral part of the course. Some modules are part web-based with links to leading organisations, including professional bodies. There are options to develop skills in a variety of areas such as IT, web-based tools and tactics, social media, advanced excel and specialist Microsoft packages.

Assessment includes essays, reports, oral presentations, group assignments, investigating companies and tackling briefs from industry. In the final year, students will have the opportunity to undertake an independent dissertation or company project.

## CAREER OPTIONS

Graduates can pursue careers in media and communication firms but also marketing offices of mainstream organisations as advertising and/or promotions managers, marketing managers, marketing communications managers, public relations specialists, fundraising managers, media relations or communications officers.

**YEARS**

# BA (HONS) ACCOUNTING & FINANCE.

This degree covers all main areas of accounting and finance in terms of practical application and critical appraisal. It is designed for those wishing to pursue a career as a professional, Chartered Accountant, but also suitable for those wishing to pursue other careers in professional accounting qualifications, finance, or business management. The programme is therefore an excellent choice for those wishing to follow Accountancy, as it offers a blend of theoretical and practical application, combined with accreditation from professional accounting bodies and exposure to a broader knowledge of finance, which is relevant to a wide range of other business careers.

If you wish to pursue a professional accounting qualification, you will receive partial exemption from the professional accounting bodies examinations. In each year of the course, you will study a combination of accounting and finance modules, as well as modules supplemented by other disciplines (such as economics, business law and mathematics).

This programme is aligned with ACCA, CIMA and ICAEW, and in doing so a minimum 40% pass mark for ACCA and CIMA, and 50% pass mark for ICAEW for each module is required for the student to qualify for these professional exemptions.

The BA (Hons) Accounting and Finance of UCLan Cyprus presents its unique partnership with the Association of Chartered Certified Accountants (ACCA), which is the globally reputed professional accounting body offering the Chartered Certified Accountant professional qualification. Through this partnership the students that register with the UCLan Cyprus BA (Hons) Accounting and Finance programme, will be automatically awarded, upon enrolment, with 9 exemptions from ACCA's Fundamental Papers, provided that they complete successfully their undergraduate studies in the programme. This unique privilege gives our students the opportunity to start, along with their university studies, the professional papers of the ACCA qualification. This opportunity makes them more competitive in the marketplace, as it gives them the space to complete both their BA (Hons) Accounting and Finance and their ACCA qualification in four years or shortly after.

Find out about all the other additional unique benefits of this partnership via the site of the programme at:  
<http://www.udlancyprus.ac.cy/undergraduate-course/bahons-accounting-and-finance/>

## CAREER OPTIONS

Graduates who combine accounting and finance literacy with a broad appreciation of business economic issues are highly sought after by employers. They have a proven track record of succeeding in a range of employment sectors from accounting, finance and business. Few examples of companies currently employing our graduates are KPMG CY, Baker Tilly, MKS Chartered Certified Accountants, Minoshis Audit Tax Advisory LTD, A&P AuditQuality, Christos Makrides & Associates, K.Treppides & Co LTD.

Additionally, graduates master computational and calculation skills and techniques used in professional accounting practice; learn how to use specialized accounting software (such as Eurosoft Business, SAP Hana Fiori, and Powersoft 365 Accounting) and gain a direct advantage in the market because of their practical and technical appreciation of the accounting, finance and other commercial sectors.

This programme also provides a strong foundation for graduates seeking to enter other business and managerial functions (e.g. managing directors, consultants to private organisations and international organisations such as the World Bank, OECD and the EU), as well as related occupations such as insurance and banking, which have a strong business presence in Cyprus. High calibre graduates from the programme also have the opportunity to consider applying for an academic career in accounting by pursuing postgraduate and doctoral studies.

## ACCREDITATION/LINK WITH PROFESSIONAL BODIES

The award is accredited for ACCA (9 exemptions), CIMA (8 exemptions) and ICAEW (8 exemptions). The unique partnership with the Association of Chartered Certified Accountants (ACCA) provides significant privileges and opportunities for the students of the programme.

## BA (HONS) HOSPITALITY & TOURISM MANAGEMENT.

We are one of the top universities in the UK for the study of tourism and hospitality, ranked 8th for student experience and 11th overall, according to the Sunday Times, and 10th in terms of career within 6 months of graduation, in the Guardian League Table. We are also amongst the Top 100 universities in the world in the scientific field of Hospitality & Tourism Management, according to ARWU list (Shanghai Ranking).

This degree is designed to develop a responsive business approach to the international hospitality and tourism industries. The BA (Hons) in Hospitality and Tourism Management offers a high-quality management education for those students who aspire to work within the hospitality and tourism industries.

The emphasis throughout the course is on the development of a wide range of professional and managerial skills, concurrently with the development of key personal and academic skills, aiming to improve the students' ability to understand and apply management theory to the hospitality and tourism sectors. An important aspect of the course is the combination of theory and practice, through the option of work placement, and frequent site visits, which give students the opportunity to experience real world settings, and understand the application of theoretical concepts in the practice of Hospitality and Tourism.

## CAREER OPTIONS

The programme develops transferable skills relevant to a wide range of career opportunities in management, marketing or other relevant positions in different sectors of the tourism industry. Graduates of the course are able to pursue careers throughout the international hospitality and tourism industries.

Examples of graduate destinations include working for airlines, cruise ships, nightclubs, casinos, major hotel chains and restaurant groups, tourism development offices, theme parks, event planning offices, sport venues and major tour operators.

## **BA** (HONS) ENGLISH LANGUAGE STUDIES.

Our English Language Studies degree offers linguistic and literary perspectives on the study of English. You will be working with a range of materials, including classic literary texts as well as popular media texts such as advertisements, descriptions, analysis and interpretation of data, thus developing great skills for the workplace.

You will cover a range of topics on how language works both structurally and persuasively and also how language is used in its various literary, social and cultural contexts for effect. We offer a mix of traditional and innovative subject choices and consider new ways of thinking about English Language & Literature. You will be taught the processes of language through grammar and syntax and you will also have the opportunity to study modules in stylistics, education and language. In addition to "literary greats" such as Shakespeare and Dickens, you will learn about contemporary fairy tales and film.

## CAREER OPTIONS

This course is intended for students wishing to pursue a career in professional writing in a range of industries such as publishing, travel and tourism, advertising, public relations and the public service.

It helps them to improve their literacy, develop profound knowledge, gain research and analysis abilities/experience and enhance their oral and written communication skills. Our graduates can go into a wide range of occupations/careers such as teaching, law, journalism, publishing, arts administration, theatre, advertising, manufacturing and finance.

# MBA

## MASTER OF BUSINESS ADMINISTRATION.

**PART-TIME STUDY ALSO AVAILABLE AS DISTANCE LEARNING.**

The MBA is the world's most renowned business management qualification via an intensive 12/24 month programme, specifically designed for those wishing either to establish or sustain a successful managerial or professional career. The course is an ideal platform for individuals who have acquired at least three years in a managerial, technical or professional role. Taught by highly experienced and qualified tutors, who will provide guidance for the completion of an MBA dissertation, the MBA provides a rigorous process of personal and managerial development in which you are encouraged and expected to make your own unique contribution.

### CAREER OPTIONS

Acquired knowledge covers a range of managerial topics that allows candidates to advance their management and business careers. Employability is also embedded in this programme, which contains several features that support working lives; an emphasis on continuous learning and personal development, reflective practice, teamwork and client skills, and contact with business through applied projects and cases. In addition, the subject material of the programme covers multinational and global corporations, local businesses, small and medium-sized enterprises, and start-ups. This broad applicability, combined with the personal capability that the programme engenders, creates highly competent individuals whose value is recognised by employers, as well as giving them the ability to become enterprising individuals.

## MA Internship in INTERNATIONAL TOURISM, HOSPITALITY & EVENT MANAGEMENT

The MA Internship in International Tourism, Hospitality and Event Management offers the opportunity to study core modules whilst enabling further academic preference towards either the tourism or hospitality and event management sector. There is a strong focus upon employability within the service sector industries throughout the course and the management abilities required to work and succeed in this demanding and dynamic industry.

From the successful completion of studying principles and practice in tourism, hospitality and events and personal management development, the student progresses onto a specific period of internship within the industry. Appropriate work experience, upon which reflective practice may be gathered in any of the four different, yet complementary, forms of independent student learning, exists, each reliant upon the individual's specific knowledge, personal interest and independent/professional career goal. The four forms of industrial practice are, a period of work placement within industry, the opportunity to mentor/ shadow key personnel, contribution to a specific consultancy initiative or involvement within an active project management scheme. Our industry links provide scope for organisations to sponsor diligent scholars wishing to undertake this programme.

## CAREER OPTIONS

Acquired knowledge covers a range of topics that allows candidates to advance their management and business careers in a diverse range of sectors including, but not exclusive to, sustainability, event planning, tourism and hospitality.

Employability is also embedded in this programme, which contains several features that support working lives; an emphasis on continuous learning and personal development, reflective practice, teamwork, client skills, and contact with business through applied projects and cases.

# SCHOOL OF **LAW.**

The academic information contained in this prospectus is correct as at the time of printing.

The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.

Welcome to the School of Law of UCLan Cyprus!

The School of Law is pursuing a clearly defined mission statement. Our key mission and prime objective are to offer responsible education designed to satisfy the requirements of the local and international professional market, whilst retaining the necessary focus demanded of a top-ranked Law School with internationally recognised research and knowledge transfer activities and complying with the highest professional and ethical standards. Through an intertwine between research informed teaching and impact informed research, the School aims to equip students, graduates, professionals and the wider public with superior social, legal and professional skills and build a bridge between independent learning and critical undertaking in the modern world.

Our Law students benefit from our digitally-driven multi-million Euro campus and facilities (including Cyprus' first Moot Court Room) to help them realise their academic potential, guided by academics of the School of Law of UCLan Cyprus through this learning and living process. The full-range of academic and scholarly law courses are provided at UCLan Cyprus, including a PhD in Law, from UCLan UK, the highest achievement in academic scholarship.

The School of Law is currently expanding its research scholars and post-doc population and is committed to growing the legal research culture and environment on the island and beyond, in a multi-disciplinary and innovative setting.

Our students, graduates and alumni stand ready to face the professional world, including through our skills spines, our advanced skills training and professional courses, as well as our many co- and extra-curricular activities ranging from dining with the legal profession to

international moots, and through our internship and graduate traineeship programme. As measurements of our success, many of our students have secured employment or work placements in Cyprus, the UK or Europe and have been commended for their good spirit, character, knowledge and work. They have also entered prestigious universities in the UK and other European countries for further studies and vocational courses in England and Wales to become Barristers or Solicitors, as well as in Cyprus, or wherever home is. We also make sure they develop an entrepreneurship mindset and guide them through the process of realising their own projects and ideas. Our robust growing alumni and professional network reinforces the School's culture of continuous professional development through the design and delivery of CPD and other short courses addressed to professionals under our Law Academy. <https://www.uclancyprus.ac.cy/short-course/law-academy/>

Finally, the School of Law is proud of its very active contribution to society through multiple public outreach activities and social engagement. In this respect and since 2017, the School works closely with a non-profit organisation called Interdisciplinary Centre for Law, Alternative and Innovative Methods ('ICLAIM') on projects of social entrepreneurship in full collaboration with academics, students and professionals.

**Prof. Stéphanie Laulhé Shaelou**

(Maitrise de Droit (LLB), BA, LL.M, PhD, HEA Fellow, Certified Mediator)

*Professor of European law and Reform and Head,  
School of Law*

# BACHELOR OF LAWS LLB (HONS).

The LLB course, unique to Cyprus, blends the English legal heritage with the current Cyprus law. For the benefit of our local students, education on the two systems is combined through the teaching of different modules. Some modules, like 'Foundations of English and Cypriot Law', cover material from both legal systems, while in those instances where the law is very different, separate Cyprus law modules are provided. Thus, our local students can graduate not only with an outstanding knowledge of English and Cyprus law, but also have knowledge of all legal terminology in both English and Greek - essential in an ever more globalised world. Students have the opportunity to undertake extra-curricular modules that mirror the core modules of the Cyprus Bar Association exams and compare Cyprus law with the legal foundations of law in the UK [namely, Public Law, Contract Law, Criminal Law, Tort Law, European Union Law, Land Law and Trusts]. It is important to note that the course has been designed in such a way so that students can avoid, if they want, all instruction in Cyprus law and follow a regular UK LLB curriculum.

The theory of law is well-represented with two modules [Thinking and Arguing Law, and Jurisprudence], charting 2,500 years of legal philosophy from Plato to Aquinas and Bentham to Herbert Hart. These, together with other key modules, such as The Classical Foundations of Modern Law, teach students the Latin legal terminology and knowledge of its derivation. The compulsory module of European Union Law is supplemented with Foundations of International and EU Law for those wishing to acquire detailed knowledge of European principles and values. International Law is well-served with modules in both Public International and Private International Law, while modules focusing on human rights examine not only the European and International, but also the municipal legal architecture in this most vital of fields. In addition, conscious of Cyprus' continued international outlook and the increasing transnationalisation and modernisation of legal relations, modules are offered in Comparative Law, Consumer and Commercial Law, Dispute Resolution or Company and Corporate Law. Finally, the course includes modules like Professionalism and Work Based Learning, Research Methods and Dissertation that allow students to explore the areas of law that interest them the most.

The LLB at UCLan Cyprus is the only degree on the island currently validated by the Solicitors Regulation Authority and Bar Standards Board of England and Wales. Exclusive in Cyprus, LLB graduates from UCLan Cyprus shall obtain the same qualifying law degree, with identical rights, privileges and entitlements, as any LLB graduate from an English or Welsh university. As a result, our graduates currently have the opportunity to sit their professional law exams in London, for instance, without having to return to university in order to obtain a qualifying law degree first. During these challenging economic times, globally, it is important to know that a UK qualifying law degree is accepted by [law] professional bodies in a number of different countries around the world, including Cyprus. Additionally, since 2016, the LLB of UCLan Cyprus has been recognised as a qualifying law degree by the Cyprus Legal Council.

## YEARS 2-4: ADDITIONAL INSTRUCTION IN CYPRUS LAW

In addition to the modules (including Cyprus law modules) listed above, instruction (at no further cost) is offered also in the following subjects: Cyprus mooting skills; Cyprus Employment Law; Cyprus Contract Law; Cyprus Criminal Law; Cyprus Law of Torts; Cyprus Family Law and Cyprus Company Law.

## ACCREDITATION/LINK WITH PROFESSIONAL BODIES

The LLB (Hons) course at UCLan Cyprus has been accredited by the Solicitors Regulation Authority and Bar Standards Board (respectively the regulatory bodies for solicitors and barristers in England and Wales). With this important accreditation, the LLB at UCLan Cyprus is recognised as a qualifying law degree, providing exemption from the academic stage of professional legal training for those who wish to become solicitors or barristers. Additionally, the LLB by UCLan Cyprus has also been recognised as a qualifying law degree by the Cyprus Legal Council.

## CAREER OPTIONS

Graduates will hold substantive legal knowledge and key transferable skills highly valued by employers. Law graduates are highly employable in a wide-range of careers, legal profession; public and private sector administration and management; advisory services; ancillary legal professions; legal enforcement and regulation services; business, banking, insurance and financial services; primary, secondary and tertiary education.

## YEAR 1

# MASTER OF LAWS. LLM

The LLM at UCLan Cyprus will enable students to focus on a range of very different subjects of use in their professional careers but also specialise in a range of exciting fields of law for those preferring a narrower focus. By introducing new, special option modules, five areas of concentration have been developed in the fields of:

- > **International Energy Law**
- > **European Union Law**
- > **Law and International Security**
- > **International Business Law**
- > **Financial and Commercial Law**

The LLM (Master of Laws) is available to students from both a legal and non-legal background. Classes are taught during the late afternoon and evening. The course does not have any examinations, but is assessed through written assignments and a Dissertation. Emphasis is placed on private research and study, assisted by the University's outstanding law resources and databases. Therefore, class contact time is limited; reflective of a desire to offer a world-class course of interest to the talented, serious and dedicated student only, whilst providing the necessary flexibility for those juggling other professional and personal commitments.

### CAREER OPTIONS

Past UCLan graduates have gained or developed careers in diverse legal, professional, commercial and regulatory fields.

\*Successful completion of this module offered at an additional cost allows for registration as a Mediator with the Civil Mediation Council, UK and/or the Ministry of Justice and Public Order of the Republic of Cyprus (subject to their registration requirements).

MODULES	SEMESTER	ECTS
<b>COMPULSORY ALL CONCENTRATIONS</b>

## LLM FINANCIAL & COMMERCIAL LAW.

The School of Law of UCLan Cyprus is proud to announce the LLM Financial and Commercial law. Within finance and commerce, law is a fast-changing and increasingly complex area. The LLM Financial and Commercial Law will enable students to specialise in a range of exciting subjects within the area of Financial and Commercial Law, of use for their future professional career in law, business or in financial fields, both nationally and internationally.

This postgraduate course provides students with analytical and reflective skills and expertise in Financial and Commercial Law. It provides a learning experience which will enable students to strengthen their academic ability and enhance their performance in employment, as well as further develop their career opportunities. It provides the successful candidate with a recognised postgraduate qualification in Financial and Commercial Law.

The LLM Financial and Commercial Law is available to students from both a legal and non-legal background. Classes are taught during the late afternoon and evening. The course does not have any examinations, but is assessed through written assignments and a Dissertation. Emphasis is placed on private research and study, assisted by the University's remarkable law resources and databases. Therefore, class contact time is limited, reflective of a desire to offer a world-class course of interest to the talented, serious and dedicated student only, whilst providing the necessary flexibility for those juggling other professional and personal commitments.

## CAREER OPTIONS

UCLan graduates can gain or develop careers in multinational and domestic law firms, global and local corporations, banking institutions, the foreign exchange market, the shipping industry, government bodies and a variety of other organisations.

\*Successful completion of this module offered at an additional cost allows for registration as a Mediator with the Civil Mediation Council, UK and/or the Ministry of Justice and Public Order of the Republic of Cyprus (subject to their registration requirements).

# SCHOOL OF SCIENCES.

The academic information contained in this prospectus is correct as at the time of printing.

The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.

Welcome to the School of Sciences! At our School you will find endless opportunities to engage with a diverse group of students and faculty that will inspire you to learn and grow. We prepare students to become future leaders, competent and ethical professionals, possessing the ability to work in a global environment, and who can make effective and meaningful contributions to the scientific community.

Through a unique and innovative curriculum that reflects current and future industry practices and needs, we offer a wide range of Undergraduate and Postgraduate academic courses in disciplines such as Computing, Web Design and Development, Mathematics, Engineering, Psychology and Sport & Exercise Science. In addition to the traditional programmes within each discipline, the School offers some unique programmes, especially at the postgraduate level, such as, MSc Data Analytics, MSc Cybersecurity and MSc Forensic Psychology. As with all programmes at UCLan Cyprus, our courses offer a double-awarded degree: a degree from UCLan UK and a degree from UCLan Cyprus, both accredited by the UK Quality Assurance Agency and the Cyprus Agency of Quality Assurance and Accreditation in Higher Education (CYQAA), respectively.

Our faculty includes an outstanding group of scholars who are highly research active and who continuously pursue new knowledge and innovative ways to apply it through research. The School adopts an interdisciplinary approach in its research activities, trying to bring together

expertise from the various disciplines to pursue cutting-edge responsible research and innovative activities to address complex challenges in our community and around the world.

Moreover, the School cultivates a culture of unique partnerships between academia, industry, public authorities and the community in order to facilitate and promote the utilization of state-of-the-art practices. I would encourage you to look at the academics' profiles on our website to find out more about them and their work.

If you are interested in pursuing a career in a science field and wish for a world-class education, we are happy to help you choose one of our exciting programmes to study at our prize-winning campus.

**Prof. Irene Polycarpou**

BSc, MSc, PhD

*Head, School of Sciences*

## BSc (HONS) MATHEMATICS.

The BSc (Hons) Mathematics degree is a balanced programme of study that covers topics across the whole range of mathematical areas. Our course is built on five themes which run through all academic years of the course; mathematical methods, analysis, algebra, mechanics and computational mathematics. A variety of innovative teaching and assessment methods challenge the students to apply their mathematical skills to real-world problems.

As well as an honours project, the latter years of the programme have a number of specialist optional modules that will enable students to focus their degree towards their personal interests.

The programme develops communication skills, such as delivering oral presentations and designing conference-style posters. The complete programme provides students with a basis to springboard into further study or employment.

### **STATISTICS PATHWAY**

According to the American Statistical Association, Statistics is the science of learning from data, and of measuring, controlling, and communicating uncertainty. Statisticians apply statistical thinking and methods to a wide variety of scientific, social, and business endeavours in areas such as astronomy, biology, education, economics, engineering, genetics, marketing, medicine, psychology, public health and sports, among many.

The Statistics Pathway provides students with sufficient in-depth knowledge in statistical methods to enable them to embark on further studies in statistics or apply that knowledge in industry.

## CAREER OPTIONS

Mathematics offers a diverse and rewarding range of careers. Examples include working in education, academic research, consultancies, accountancy, financial services, insurance companies, IT and Computing, telecommunications, and healthcare to name but a few sectors. For further information you can visit [www.mathscareers.org.uk](http://www.mathscareers.org.uk) (managed and maintained by the Institute of Mathematics and its Applications). These are valuable contributions to the Cypriot economy and equip both, local and international students, to compete in the global employment market.

Mathematicians and Statisticians are ranked by [www.careercast.com](http://www.careercast.com) as some of the best jobs based on criteria including income, job outlook, work environment and stress. Other highly ranked jobs including those of a data scientist and of an actuary are highly mathematical and attract many people with a very strong mathematical background.

## YEAR 1

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Discrete Mathematics	1&2	10
From Geometry into Algebra	1&2	10
Introductory Statistics	1&2	10
English Language I	1	10
English Language II	2	10
<b>Choose one from:</b>

Mathematics Project	1&2	10
<b>OPTIONAL</b>		
Time Series & Operational Research**	1&2	10
Fields & Galois Theory	1&2	10
Advanced Cryptology	1&2	10
Logic	1&2	10
PDEs & Integral Transforms	1&2	10
Fluid Dynamics	1&2	10
Mathematical Biology	1&2	10
Advanced Numerical Analysis	1&2	10
Mathematical Modelling	1&2	10

\* Not available on the Statistics pathway.

\*\* Available only on the Statistics pathway.

The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.

## BSc (HONS) COMPUTING.

Computing is a creative activity which applies appropriate technology to the solution of problems. Computing professionals are involved in the investigation and analysis of problems, the design and evaluation of feasible solutions and the implementation of cost effective ways of meeting user needs. They must communicate with a wide range of people (managers, users and colleagues) and be aware of the business implications of the decisions made. Our students learn how to keep up with the latest tools and techniques, and practice their application to solving real world problems.

### Optional Modules in:

- > **Software Engineering**
- > **Network Technology**
- > **Computer Games Development**

The course is recognized by the Cyprus Technical and Scientific Chamber (ETEK) and has also been accredited by the British Computing Society (BCS), the chartered institute for information technology (IT). The graduates of the program receive the Chartered IT Professional (CITP) status.

## CAREER OPTIONS

A range of careers opens to students upon the completion of their degree. These include roles in business requirements analysis, design and development of database-backed systems, development of web and mobile applications, computer games development, system testing and management, wired and wireless networks management, network security, and many more. Moreover, the broad skills that our students acquire enable them to remain competitive in the fast evolving area of computing technology.

## LINK WITH PROFESSIONAL BODIES

- > Course Graduates are eligible to register to the Cyprus Scientific and Technical Chamber (ETEK).
- > The course is accredited by the British Computing Society (BCS), and the graduates of the program receive the Chartered IT Professional (CITP) status.

## BSc (HONS) WEB DESIGN & DEVELOPMENT.

The BSc (Hons) Web Design & Development uniquely combines the most popular topics, practices and trends related to Digital Media and ICTs.

Most organisations have an online presence and demand is strong for graduates with the specialist skills and expertise to design, develop and maintain the highly usable feature-rich websites, applications and other digital media that are a key aspect of modern life and business.

Graduates will be taught in a digital media environment and this course is ideal if they wish to pursue a career designing and developing websites, web apps and other interactive and creative products for digital media, publishing, e-commerce, arts and education.

Graduates will work on live briefs helping them to build a strong knowledge base and technical expertise in areas including graphic design, motion graphics, video/audio production, video special effects, animation, UX/UI design, website development, web app development, scripting/coding, digital marketing and SEO.

In this way, graduates of this course will have the opportunity to be employed as part of the web design/development, creative, marketing, e-commerce, multimedia or IT department of almost any business. Additionally, they can be employed in media firms, web design/development agencies, multimedia/digital media agencies, marketing agencies, consultancy firms, or even work as freelancers.

## CAREER OPTIONS

Nowadays, the job opportunities for students studying Web Design & Development are many and it is anticipated to be even more in the near future, as information communication technologies push into new frontiers, becoming more and more important for almost all industries. In this way, graduates will have the opportunity to be employed as part of the web design/development, creative, marketing, e-commerce, multimedia or IT departments of almost any business. Additionally, they can be employed in web design/development agencies, multimedia/digital media agencies, marketing agencies, consultancy firms, or even perform private practice.

## BSc (HONS) PSYCHOLOGY.

The BSc (Hons) Psychology course offers theoretical knowledge and practical application of psychology to real world problems. Students will learn about the mind and behaviour, enabling them to understand the way people act, react and interact. They will consider the roles of the brain and the nervous system upon behaviour, perception, mood and memory. The overall aims of the programme are to:

- > Provide a stimulating and supportive learning environment that gives the opportunity to develop potential;
- > Provide an up-to-date curriculum in psychology that emphasises the development of skills and knowledge related to the scientific and empirical aspects of the discipline;
- > Provide choice and flexibility in the curriculum while maintaining those core aspects of the syllabus needed to secure British Psychological Society recognition;
- > Foster the development of key skills that will facilitate further academic and vocational training and subsequent employment;
- > Provide students the opportunity to get involved in research, in collaboration with research-active psychology faculty, thereby learning first-hand about the scientific method.

## CAREER OPTIONS

Studying psychology provides you with a wide range of skills that span from both, the arts and the sciences. Therefore, this opens up opportunities with a wide variety of employers. Aside the professional (Chartered) roles available for graduates to progress onto, there is a range of graduate careers including roles in project management, data analysis, human resources, local authority and law enforcement. Other students undertake further training and consider careers in law, teaching, the Probation Service, speech therapy, social work, or other allied health roles.

### BPS Accreditation

UCLan Cyprus is the first university in Cyprus that provides an accredited Psychology course by the British Psychology Society (BPS). Find out more about the competitive advantage that this unique accreditation offers to our Psychology students at: <https://www.uclan.ac.cy/undergraduate-course/bsc-hons-psychology/>

The BPS visits courses every five years to review and determine the accreditation from the professional body. Our 2016 visit was particularly successful and secured the accreditation for the Psychology course for all our graduates completing the course with a second class degree or better. They commended the course on seven areas of provision, the first of which was that our Psychology staff members provide a supportive and nurturing learning environment for students. Also, BPS commended that the programme incorporates a range of exciting research and placement opportunities for students, enabling them to experience a range of 'real world' psychological research and practice first-hand. They also noted that employability and psychological literacy are embedded thoroughly and effectively across the programme.

## BSc (HONS) SPORT & EXERCISE SCIENCE.

In today's society, sport is an increasingly important part of life for more and more people. Those involved in sports are consistently striving to improve their performance, either as professionals, elite amateurs, or purely for recreational and personal reasons. Sport and Exercise Science is a systematic way of studying how performance can be improved and how individuals can achieve their personal potential. It does this by drawing together the study of physiology, psychology and biomechanics in a sport and exercise context. The BSc (Hons) Sport & Exercise Science course will appeal to those with an enthusiasm for sport and physical activity combined with an interest in science from a human perspective. A strong feature of the course is that it provides a particularly solid understanding of the parent disciplines in years one and two. The third year builds upon this foundation with an increased focus on sport specific material and in year four develops students' particular interests and specialisms.

Throughout the course, students can develop transferable skills in research methods and information technology, communication skills, group-work and presentation skills. In each of the four years of the course students will study compulsory and option modules which will allow them the flexibility to follow their own interests as they develop throughout the course. There are also specialised modules which offer students the opportunity to concentrate on the area of Sports Psychological Counselling and Physical Education.

Modules are designed to enable graduates to work with professional athletes of any division and/or sport. They may work with a range of clients including children and teens involved in athletics, professional or semi-professional athletes interested in improving their performance as well as injured athletes/players working toward returning to sports participation.

## CAREER OPTIONS

Graduates can be employed in a variety of sports related companies and organisations, including health and fitness clubs, outdoor activity centres, retail and commercial sports organisations, local sports authorities, sports governing bodies, sports clubs, hotels and leisure companies.

### YEAR 1

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Practical Sport, Exercise & Physical Activity	YL	10
The Basis of Human Movement	YL	10
Pedagogy and Sociology Issues in Physical Education	YL	10
English Language I	YL	10
English Language II	YL	10
<b>OPTIONAL</b>		
Academic Writing	YL	10
Introduction to Mathematics & Statistics	YL	10

### YEAR 2

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Introduction to Psychology in Sport & Exercise	YL	10
Introduction to Biomechanics in Sports	YL	10
Principles of Physiology & Scientific Enquiry	YL	20
Planning and Instructing Exercise for Health & Fitness	YL	10
Functional Anatomy	1 or 2	10

YL= YEAR LONG

*The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.*

### YEAR 3

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Applied Physiology & Scientific Enquiry	YL	20
Sport Biomechanics	YL	10
Sport & Exercise Psychology	YL	10
<b>OPTIONAL</b>		
Performance Nutrition	YL	10
Advanced Principles of Exercise & Training	YL	10
Professional Work Experience 1	YL	10
Common Sports Injuries & Injury Prevention	YL	10
Applied Principles and Techniques in Sports 1	1 or 2	10
Outdoor Activities and Recreation	YL	10

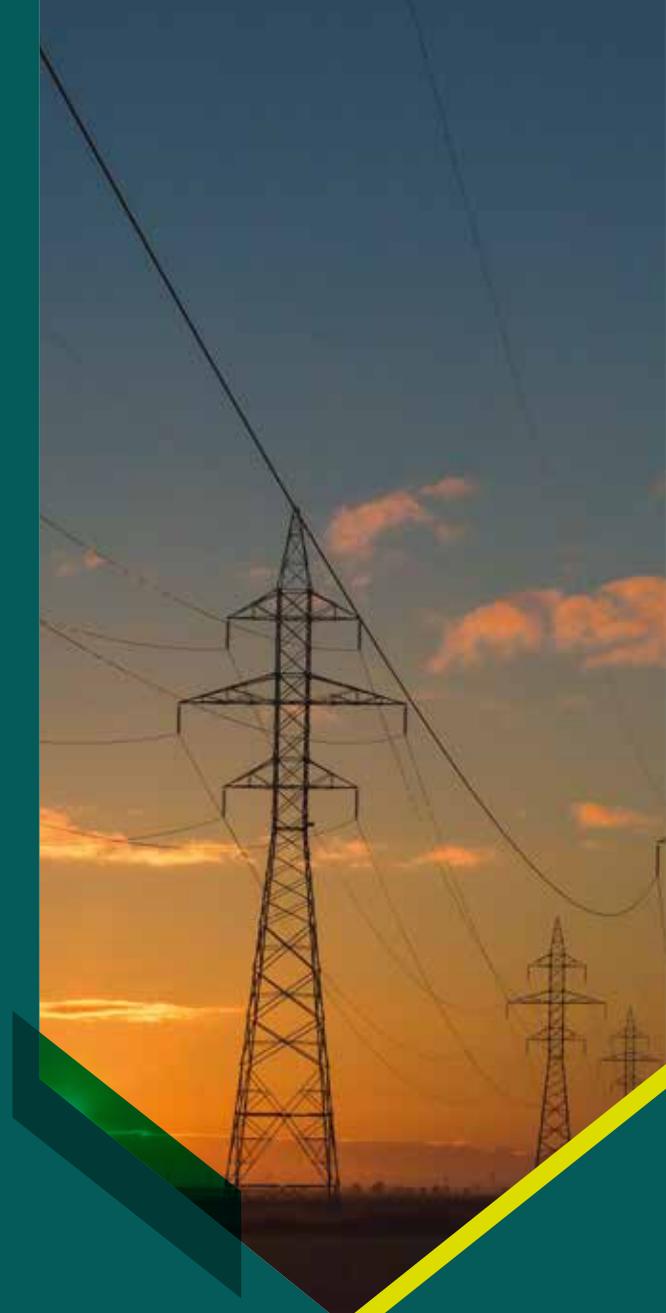

### YEAR 4

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
<i>(Research/Professional Development Strand: students can chose one of the following)</i>		
Double Research Project <i>OR</i>	YL	20
Consultancy Project	YL	20
<b>OPTIONAL</b>		
<i>(Plus 40 ECTS credits from the following)</i>		
Training Prescription for the Elite Athlete	YL	10
Exercise Referral	YL	10
Theory and Practice of Sport Psychology	YL	10
Psychology of Diet and Exercise	YL	10
Biomechanics of Posture & Injury	YL	10
Professional Work Experience 2	YL	10
Applied Principles & Techniques in Sports 2	YL	10

# BEng (HONS) ELECTRICAL & ELECTRONIC ENGINEERING.

The BEng (Hons) Electrical and Electronic Engineering aims to develop Engineers with a broad understanding of current technology and practice trends in Electrical and Electronic Engineering, covering a wide range of topics related to power and electronic systems. This discipline encompasses a wide skills base and the course equips graduates with the knowledge, skills, professionalism and confidence to thrive in the always-evolving field of Electrical and Electronic Engineering, as well as gaining the transferrable skills to find employment in a diverse set of industrial, commercial and research sectors.

Through special option modules, this course can provide graduates with expertise and specialisation in areas which are rapidly evolving and have, possibly, the highest employability potential in Engineering:

> **Telecommunications and Mobile Technologies**

> **Renewable and Sustainable Energy Systems**

## LINK WITH PROFESSIONAL BODIES

Course Graduates are eligible to register to the Cyprus Scientific and Technical Chamber (ETEK).

## CAREER OPTIONS

Employability is central to our degree provision and through this programme students will develop the necessary Electrical and Electronic Engineering skills to ensure their successful career in this field. Course delivery allows students to concentrate in their chosen area depending on module choices, including Telecommunications, Mobile Technologies, Renewable Energy Systems, Digital Design, Electronics and Power Systems. This ensures their studies are shaped to suit their career aspirations.

We consider practical experience an important component of our students' future employability. Through a number of modules, students will have the opportunity to get hands-on, practical understanding and experience to enhance their skills. Industrial placements may also be available for students to broaden their practical work experience and to consolidate their learning, as well as to establish a professional network which can provide them with a significant advantage in their early career development.

Electrical and Electronic Engineering graduates are in greater demand more than ever, which means the possible career options are varied. Graduates could be employed in many different industry sectors including but not limited to, electronics, IT, energy, power, transportation, telecommunications, and consumer electronics, as well as in research and development.

## YEAR 1

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Introduction to Programming	1	10
Calculus and Linear Algebra for Engineers	YL	10
Algorithms and Data Structures	2	10
Electrical Engineering Fundamentals	YL	10
English Language I	1	10
English Language II	2	10

## YEAR 2

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Digital Electronics	YL	10
Applied Physics	YL	10
Electronic Engineering Practice	YL	10
Electronics and Instrumentation	YL	10
Mechanics	YL	10
Computational Mathematics for Engineers	1	5
Probability Theory for Engineers	2	5

YL= YEAR LONG

*The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.*

<b>COMPULSORY</b>		
Digital Systems	YL	10
Electronic Systems Applications	YL	10
Signals and Control Systems	YL	10
Electronic Systems	YL	10
Data Communications	YL	10
Power Engineering	YL	10

### YEAR 4

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Project	YL	15
Engineering Professionalism	YL	5
<b>OPTIONAL</b>		
Microcontroller Systems	YL	10
Digital Communications	YL	10
Digital Signal and Image Processing	YL	10
Wireless, Mobile and Fibre-optic Communications	YL	10
Mobile Technologies	YL	10
Power Systems Operation and Control	YL	10
Renewable Energy Sources	YL	10
Power Electronics	YL	10
Electrical Services	YL	10
Project Management	YL	5
Engineering Economics	YL	5

YL= YEAR LONG

*The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.*

## MSc COMPUTING.

Computing-related technology, such as new mobile devices and applications are changing the way we communicate, do business and access news and entertainment. The MSc in Computing offers opportunities to achieve professional certifications through specific modules. The Cisco CCNA 1 exam can be taken after attending the Network Communications & Routing module and the Associate Android Developer exam after attending the Mobile Application Development module.

### **SPECIALISED OPTIONAL MODULES IN THE FOLLOWING AREAS:**

- > **IT Security & Networking**
- > **Mobile & Web Development**
- > **IT Management in Business**

Students will develop generic computing skills that can be applied in all walks of life as well as the skills and understanding needed to develop software systems. The aims of the course are to provide an opportunity for the students to plan, undertake and evaluate a substantial computing project, to develop students' critical, evaluation, communication and self-management skills to a level appropriate for post-graduate students; and to encourage and enable the students to become reflective and research-aware practitioners.

## CAREER OPTIONS

This course, building on the intellectual skills of a computing or technology-related degree, enhances students' employment prospects in the IT field, and further develops the skills they obtained in their undergraduate degree. The skills acquired can lead to a range of careers in computing specialisations that are in high demand even outside the technology sector.

Although there are many jobs available in computing specific industries (e.g., IT consultancies, IT service providers, software developers, etc.), there are even more non-computing industries in need of computer specialists (e.g., telecommunications, health care, financial services, media and entertainment, oil and gas, education, retail, travel and transportation, aerospace and defence, industrial manufacturing, and many more).

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Masters Project	2(+3)	30
Critical Analysis	1	10
IT Project Management	2	10
<b>OPTIONAL</b>		
Web Application Development	1	10
Mobile Application Development	2	10
Network Communication & Routing	2	10
Digital Security	1	10
Network Operations & Management	1	10
Ethical Hacking	2	10
ERP Systems	1	10
e-Marketing	1	10
Enterprise Data Management	1	10
Advanced Topics in IT Security	1	10
Wireless Networks & Communications	1	10
Distributed Systems	2	10
Advanced Topics in User Experience	1	10
UX Away from the Desktop	2	10
Agile Systems Development	2	10
Information Security Management	2	10
Exploratory Data Analysis	2	10
Independent Investigation	2	10
Professional Training	3(+2,1)	30

*The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.*

## MSc CYBERSECURITY.

**PART-TIME STUDY ALSO AVAILABLE AS DISTANCE LEARNING.**

The constant advancement of technology and the introduction of cloud services, smart devices and wireless communications, as well as the increasing penetration of the Internet in our everyday activities and the sharing of sensitive information through it, have created a need for information assurance and data security.

This programme will appeal to people with an interest in understanding cybersecurity issues with emphasis in areas such as cyber warfare, cyber defence, ethical hacking, network forensics and information security management. The programme will provide students with the specialised knowledge required, including theory, technologies and relevant design techniques, as a prerequisite for designing secure networks.

During the programme, students will have the opportunity to apply their theoretical knowledge through specialised physical, virtual and remote security laboratories, in which they will be able to carry out activities such as exploitation exercises, and investigate the usage and behaviour of technical measures such as Intrusion Detection Systems. As part of the programme, students will also develop generic and domain-specific research techniques and skills required for successfully completing their final year MSc Thesis project.

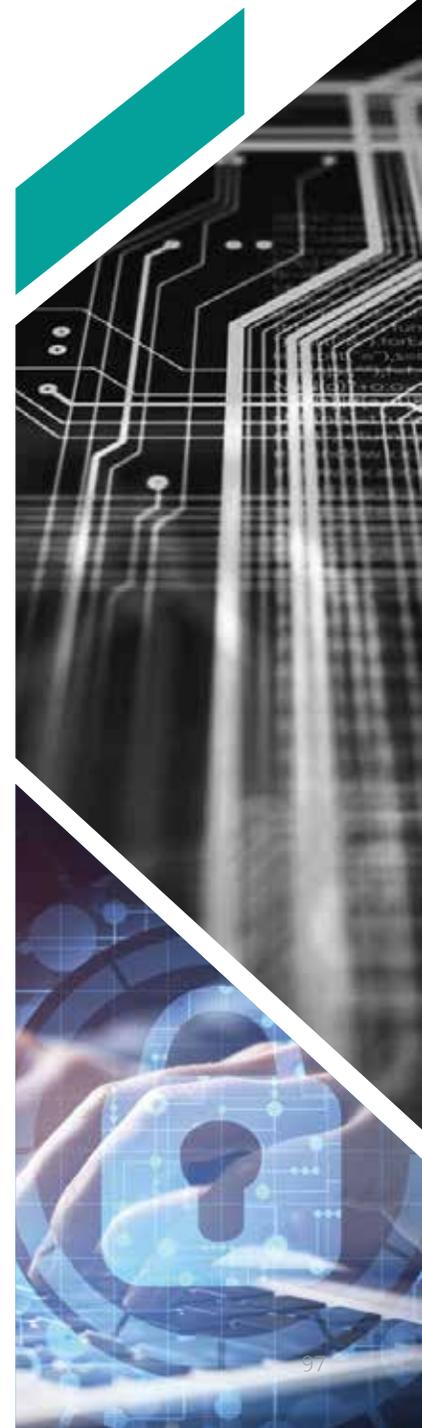

## CAREER OPTIONS

Typically, Cybersecurity professionals can be employed by telecommunication, IT and technology companies, network operators and network equipment vendors, consultancy agencies and government departments, as well as any other organisation that needs to protect its IT infrastructure and operations.

Cybersecurity is part of nearly every discipline from defence and intelligence to healthcare and aerospace.

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Ethical Hacking	1	10
Digital Forensic Investigations	1	10
Critical Analysis	1	10
Information Security Management	2	10
Cyber Warfare	2	10
Cyber Defence	2	10
Master's Project	2	30

*The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.*

## MSc DATA ANALYTICS.

Data Analytics is the science that allows decision makers to unveil new business insights by examining large amounts of data to uncover hidden patterns, correlations and other important insights. This course is designed to provide graduates and working professionals with knowledge and a diverse set of skills that span across all layers of the knowledge discovery stack including storage, mining, analytics, decision support frameworks and visualisations, as well as practical experience with modern tools.

In particular, students will learn how to (i) analyse large data sets and summarize their main characteristics with the use of attractive data visualisations; (ii) design and create databases that allow organisations to efficiently manage and query their enterprise data; (iii) discover patterns in large data sets with established techniques from various fields such as statistics, machine learning and artificial intelligence; and (iv) understand today's turbulent business environment and learn how modern BI tools enable organisations to survive and excel.

### **SAS Joint Certificate in Business Intelligence and Data Mining**

The programme enjoys a strong collaboration with SAS Institute Inc. and as a result, our students have the opportunity to receive the SAS Joint Certificate in Business Intelligence and Data Mining. Such a certificate enhances our graduates' employability and competitiveness in the local and international market.

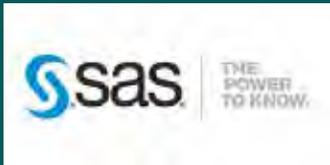

### **Industry Engagement**

Collaboration between the university and the industry is an integral part of the programme, ensuring our graduates fulfil industry requirements and have strong, relevant technical skills. The collaboration exists in many forms such as guest lectures, visits to organizations and jointly supervised thesis projects. Such activities provide a strong complement to the students academic studies and an advantage in future employment opportunities.

## CAREER OPTIONS

This course is designed to provide graduates and working professionals with skills that enable them to organise, analyse, explore, interpret and visualise their data, as well as acquire practical experience with modern tools. These skills can be used in virtually every industry domain that uses data, such as Consumer Banking, Healthcare, Energy, Manufacturing, Insurance, Technology etc.

Additionally, the course provides a multitude of career options in both national and international data analytics companies such as Data Analytics Business Consultant, Data Analytics Architect, Data Engineer, Data Solution Architect, Data Analyst, Analytics Associate, Business Intelligence and Analytics Consultant, Metrics and Analytics Specialist, and many more.

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Master's Project	2,3	30
Critical Analysis	1	10
Business Intelligence and Data Analytics	1	10
Enterprise Data Management	1	10
Exploratory Data Analysis	2	10
Knowledge Discovery	2	10
<b>OPTIONAL</b>		
Information Security Management	2	10
Advanced Topics in Human Computer Interaction	2	10
ERP Systems	1	10
Strategy and International Management	2	10
e-Marketing	2	10
Leadership and Management	1	10

*The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.*

## MSc FORENSIC PSYCHOLOGY.

The MSc Forensic Psychology is a unique programme designed to prepare students for numerous diverse or specific careers within the general context of the Criminal Justice System. The programme is built around the fundamental theoretical, methodological and applied areas of Forensic Psychology.

In terms of the programme's philosophy, the MSc Forensic Psychology reflects the academic skills underpinning the application of psychology to a forensic setting. It provides a strong emphasis on the application of Forensic Psychology in professional practice and how theoretical concepts are applied. Furthermore, the programme attends to victims and offenders. With regard to the latter, it follows the progression of an offender from their first contact with the criminal justice system until their eventual release into the community and/or transfer to conditions of less security. Attention is given to the victim and pre-trial issues (including civil justice). The role of on-going assessment, intervention and through-care are emphasised throughout the curriculum.

To foster professional growth, the programme places a strong emphasis upon developing professional report writing and presentation skills, methodological rigour, research expertise, independent learning and critical thinking. To facilitate this, students will be exposed to a learning and research environment that is rich in mentoring opportunities from members of the programme team with academic and/or practical forensic experience.

Within the programme, students have the option to take the practical experience module, which includes 1000 hours of supervised practical training. Trainees who have a degree in Psychology and who successfully complete the practicum course, having already completed the theoretical and research components of their MSc, will be able to independently pursue licensure as registered applied Forensic Psychologists in the Republic of Cyprus.

## CAREER OPTIONS

The course covers a range of forensic psychology topics and allows candidates to strengthen the knowledge and skills that are essential for becoming Certified Forensic Psychologists. The course has been specifically designed to reflect the academic skills required to apply psychology to a forensic setting, including prisons, secure hospitals, probation, police services and the courts.

Overall, the course can prepare students for numerous diverse or specific careers in the public as well as the private sector. It provides graduates with the necessary skills and knowledge to pursue careers within the general context of the Criminal Justice System. Students who complete the practical experience module (1000 hours of supervised training) will be able to become registered Forensic Psychologists and practise the profession in Cyprus.

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Advanced Methods in Psychology	1&2	20
Advanced Forensic Psychology Project	YL	20
Psychology and the Legal System	1	7.5
Personal Attributes of Offenders and Victims	1	7.5
Forensic Risk Assessment	1	10
Professional Practice: Forensic Consultancy and Supervision	2	5
Psychology, Investigation and the Courtroom	2	10
Violent and Sexual Offenders: Intervention	3	5
Forensic Mental Health	3	5
<b>OPTIONAL</b>		
Practical Experience	Y2	40

YL= YEAR LONG

## MSc SPORT & EXERCISE SCIENCE.

The MSc in Sport and Exercise Science is designed to develop students' knowledge in the area of sport and exercise science with emphasis in exercise based rehabilitation and musculoskeletal management and prevention. Injury prevention and management is a major concern among fitness professionals and sports teams as it can be considered one of the major economic burdens due to the direct and indirect costs it incurs.

The programme combines an integrated curriculum with state-of-the-art learning material and facilities to further the knowledge, skills and abilities of sport science graduates, sports rehabilitators, sport therapists, physiotherapists and other health professionals currently working in the area of sports injury rehabilitation and prevention. The programme also incorporates hands on practical sessions for the application of the theoretical knowledge gained.

As a result, programme graduates are well equipped for careers in any type of fitness industry or business, since they have knowledge on the complete spectrum of the theoretical background and management of sporting injuries and exercise rehabilitation. Furthermore, graduates will possess the key theoretical exercise rehabilitation skills along with their practical applications for special populations, such as diabetics, heart disease patients, stroke patients and individuals suffering from decreased mobility due to neurological conditions.

## CAREER OPTIONS

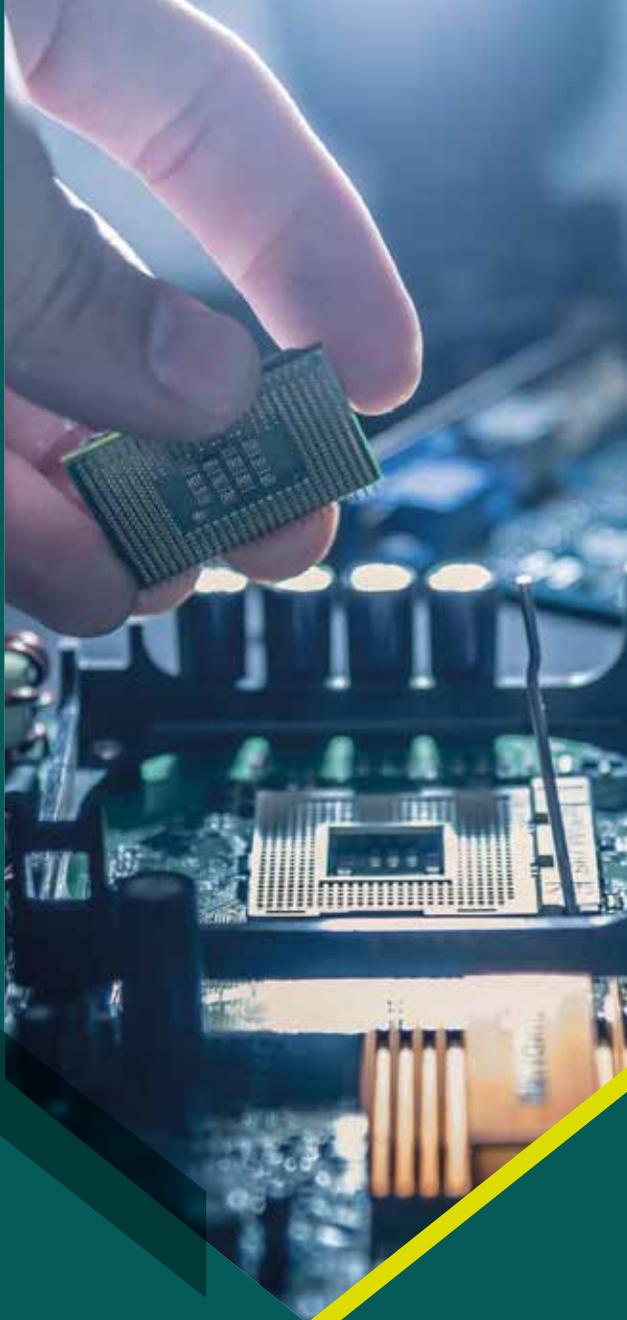

Upon successful completion of the MSc Sport and Exercise Science, graduates will be able to take a lead role in sports injury rehabilitation and make a difference for their clients. The programme prepares graduates for numerous diverse or specific careers, including but not limited to, personal trainers for special populations, specialists at rehabilitation centers, assistants to physiotherapy centres and fitness coaches at professional sports teams. In addition, graduates will be able to work in public enterprises, hospitals and sport organisations. Also, given the increasing number of private fitness enterprises in Cyprus that are concentrating in special populations, currently, there is a local need for specialists in sports and exercise rehabilitation.

MODULES	SEMESTER	ECTS
<b>COMPULSORY</b>		
Research Project for Sport Exercise & Nutritional Scientists	YL	30
Research Methods for Sport, Exercise & Nutritional Science	YL	20
Advanced Practitioner Skills for Sport & Exercise Scientists	YL	60
Advanced skills for Sport & Exercise Practitioners	YL	30
<b>OPTIONAL</b>		
Management Strategies for Sport Injuries	1	5
Prevention Strategies for Sports Injuries	1	5
Exercise for Special Population Groups	1	5
Contemporary issues in Sport & Exercise Sciences	1	10
Skills in 3D motion capture	1	10

# COMING SOON

## **BEng** COMPUTER ENGINEERING.

The BEng (Hons) Computer Engineering programme aims to provide graduates with a broad understanding of current technology and practice in computer engineering, covering the relevant aspects of Digital and Analogue Electronics, Microcontrollers and Computer Architectures, Programming and Operating Systems, Software and Hardware Engineering, Networking, Robotics as well as additional specialist areas according to the option modules studied.

The discipline of Computer Engineering encompasses a wide skills base and the emphasis of this programme is placed on Computer Hardware, Networking and Robotics. It encompasses elements of system level design, programming and mathematical principles. The programme equips graduates with the knowledge, practical skills and confidence to thrive and develop to gain suitable employment in the rapidly changing world of Computer engineering. The skills gained on the programme are also transferable to a diverse set of industrial and commercial sectors.

An optional Industrial Placement Year (Year 3) is available, aimed at providing students with relevant and broadening industrial experience to consolidate their learning at Level 4 and Level 5, inform their academic studies at Level 6 and enhance their subsequent early career development.

## CAREER OPTIONS

Employability is central to our degree provision and through this programme students will develop the necessary Computer Engineering skills to ensure a successful career in this industry. Programme delivery allows for students to concentrate in their chosen area depending on module choices, including computer hardware, software engineering, robotics and networks. This ensures that their studies are shaped to suit their career aspirations. We consider practical experience an important component of our students' future employability. Through a number of modules, students have the opportunity to get hands-on, practical understanding and experience to enhance their skills. Industrial placements may also be available to broaden their practical work experience and to consolidate their learning, as well as establishing a professional network, which can provide them with a significant advantage in their early career development.

Experienced Computer Engineers can find themselves employed as Solution Architects or System Architects who are considered amongst the 10 most well-paid jobs globally. Computer Engineering as well as its sub-specializations are considered highly researched areas and fast evolving fields, therefore there are many opportunities for graduates to pursue a research related career.

**SPORT CENTRE**

  
uclan  
University of Central Lancashire  
— CYPRUS —

# UNIVERSITY OF CENTRAL LANCASHIRE, UK BUILDING ON STRONG FOUNDATIONS.

The University of Central Lancashire (UCLan) in Preston was founded in 1828 as the Institution for the Diffusion of Knowledge. 'Ex solo ad solem', or in translation, 'From the Earth to the Sun', has been its motto ever since – helping people from all walks of life to make the most of their potential is what UCLan is all about.

UCLan has evolved over the years to become a world class institution, recognised with its inclusion in the 2010 QS World Rankings – the first Modern University in the UK to gain this status. With 11 areas of research judged 'world leading' in the most recent Research Assessment Exercise, UCLan has the global recognition of its peers, with a focus on applied research, including the identification of human remains in mass disasters, the development of new sign languages, and a variety of health-related research initiatives that are helping to change lives around the world.

Amongst its programme portfolio of some 500 Undergraduate and 200+ Postgraduate courses, UCLan has been at the forefront of developing degrees in the emerging disciplines of Journalism, Fashion, Forensics and Sports Science. The range of excellence extends to include the likes of Pharmacy, Architecture, Astrophysics and the first new School of Dentistry to be launched in the UK in more than a century.

The University aims to create the perfect blend of knowledge, practical experience and relevance to equip its graduates with the confidence and skills they need to get ahead in the world of work. Not only are employability skills embedded into every degree course, but also the sector-defining 'future' careers and employability service offers help and advice, courses and work experience opportunities to help UCLan graduate CVs to stand out from the pack. Capital investment in outstanding facilities and a dedicated student

support service, The 'i', combine to help UCLan be awarded the accolade 'Times Higher Top Modern University for Student Experience'.

A truly global institution, UCLan's student body includes more than 120 nationalities; its partnership network extends to 125 countries in North America, Europe, Africa, Asia and Australia; it runs 100+ student exchange programmes; it has a new campus in Cyprus and further campuses are being developed in Thailand and Sri Lanka. The University encourages and nurtures originality, from its ground-breaking Energy Management partnership with BAE Systems, to its launch of the world's first International Fashion Institute and the UK's first MBA in Fashion and its proud record of student business start-ups.

With a world class academic reputation firmly rooted in relevance, UCLan is focused on a future of providing innovative thinking– for the real world.

# SOME KEY FACTS ABOUT UCLAN.

## **UCLAN BREAKS INTO THE TOP 3.7% OF WORLDWIDE UNIVERSITIES**

The Centre for World University Rankings (CWUR) has unveiled its latest international figures and ranked UCLan in the top 3.7% of all worldwide Universities.

Perhaps UCLan's most publicly acknowledged achievement so far, came when UCLan received three Times Higher Education awards - widely regarded as the Oscars of the higher education sector - for Best International Collaboration of the Year, Excellence and Innovation in the Arts and Most Innovative Contribution to Business-University Collaboration. UCLan was the only University to win three awards, so this is described as an excellent achievement.

UCLan was highly rated in the Quality of Faculty category, which measures the number of academics who have won major international awards, prizes and medals, and the Quality of Education section, which is measured by the number of a University's alumni who have won major international awards, prizes and medals relative to the University's size.

UCLan scored highly for its alumni employment and was praised for the number of highly cited research papers. Professor Gai Murphy, UCLan Pro Vice-Chancellor (Student Experience), said: "It's great news for the University that we've broken into this list for the first time. It's a fantastic achievement to be among the world's top higher education institutions and one we're very proud of."

## **QUALITY STANDARDS CONFIRMED**

The UK's Quality Assurance Agency (QAA) for Higher Education has confirmed the quality and standards of provision at UCLan. The review identified a number of examples of good practice, including the availability of international study opportunities for all students; and the approach taken by the University to encourage applicants from a wide range of backgrounds and the methods used to enhance student employability. The review also highlighted the ways the University supports its partner organisations in the UK and overseas, which include regular meetings

between senior staff, the sharing of best practice, and the opportunities and support available to staff at partner organisations to continue their professional development.

A successful QAA review means that the University can display the QAA Quality Mark, indicating to UK and international students that the University meets national requirements for standards and quality.

# THE INSTITUTE OF PROFESSIONAL STUDIES.

The academic information contained in this prospectus is correct as at the time of printing.

The University reserves the right to make amendments to programmes in order to improve the quality of learning content and outcomes.

We, at the Institute of Professional Studies, serve as a hub that bridges education with industry, by combining academic knowledge with technical training. All of us at the Institute are committed to provide students, not only with the necessary knowledge, but also with the technical skills and competences, the abilities and the experiences that will allow them to pursue a career in the local and the international market in their field of expertise.

Our Instructors compose a group of experienced academics in higher technical education as well as specialized and highly qualified professionals from the local and international industry, aiming to transfer both the knowledge and experience to the students during their studies for their proper professional development.

Most importantly, we have been actively working on the creation of a network with multinational organisations and certification bodies with a long presence in the local and international industry, such as TUV Austria and ARI Cyprus to ensure the quality of education provided to students and to certify their skills by internationally recognised organisations.

**Ms. Sophia Tofia**

BEng, MSc

*Head of Academic Affairs*

## PROGRAMMES OFFERED.

### PROFESSIONAL ACCA

The Professional ACCA Course of UCLan Cyprus and the Institute of Professional Studies (IPS) are designed to provide high quality training by renowned Instructors with highly successful passing rates. Efficient teaching is a priority with a small number of students per class, more teaching and revision hours per person and more exam question practice.

**Language of Studies: English**

#### MODULES OFFERED

##### *Applied Knowledge*

- Accountant in Business (AB)
- Management Accounting (MA)
- Financial Accounting (FA)

##### *Applied Skills*

- Corporate and Business Law (LW)
- Performance Management (PM)
- Taxation (TX)
- Financial Reporting (FR)
- Audit and Assurance (AA)
- Financial Management (FM)

##### *Strategic Professional Essential Modules*

- Strategic Business Leader
- Strategic Business Reporting

##### *Strategic Professional Optional Modules*

- Advanced Taxation
- Advanced Audit and Assurance

#### ACADEMIC EXPERTISE

- Audit and Assurance Expertise
- Tax, Finance and Reporting Expertise
- Extensive Teaching Experience
- Application of IFRSS
- Business Analytics

### PROFESSIONAL DIPLOMA IN AGRICULTURE/AGRIBUSINESS

The Professional Diploma in Agriculture/Agribusiness aims to provide students with the technical knowledge and practical skills required for a career in the Agriculture sector. Through this diploma, the Institute of Professional Studies aims to supply the sector with graduates who can lead and develop good agricultural practices with an ecological mind-set.

**Language of Studies: English**

#### SPECIALISATION IN

1. Horticulture
2. Hydroponics
3. Viticulture and Oenology
4. Landscaping
5. Forestry
6. Animal Husbandry
7. Dairy Processing
8. Integrated Agriculture
9. Aquaculture
10. Veterinary Nursing and Pet Grooming

#### ACADEMIC EXPERTISE

- Mathematical Modeling in Animal Nutrition
- Agronomy
- Horticulture Science and Technology
- Aquaponics
- Commercial Agriculture
- Veterinary Science
- Earth and Environment Science

**Accreditations:** Accredited by the Cyprus Agency of Quality Assurance and Accreditation in Higher Education (CYQAA)

**Supported by:** The Ministry of Agriculture, Rural Development and Environment and The Agriculture Research Institute

- Communications, Control and Digital Signal Processing
- Mechanical Engineering and Design
- HSE International Qualifications

## PROFESSIONAL DIPLOMA IN AUTOMOTIVE MECHANICS

The purpose of this Professional Diploma is to provide students with a deep understanding of the automotive science and technology discipline and introduce them to the functional fundamentals of modern automobile engines and electronic systems. Through their practical training, students will learn about the proper use of tools and automobile vehicles diagnostics, obtaining repair and maintenance, as well as garage management skills.

**Language of Studies: Greek**

#### SPECIALISATION IN

- Automobile Mechanical & Electronic Systems
- Diagnosis, Repair & Vehicle Maintenance
- Suspension & Breaking Systems
- Power Transmission Systems
- Garage Operation & Management

**Accreditations:** Accredited by the Cyprus Council of Quality Assurance and Accreditation in Higher Education (CYQAA)

**Supported by:** Local Automotive Industry Partners

#### ACADEMIC EXPERTISE

- Internal Combustion Engines
- Automotive Engineering with Motorsports
- Refrigeration and Air-conditioning
- HSE International Qualifications
- Boilers Audit Energy Resource Management

## PROFESSIONAL WELDING TRAINING

The Professional Welding Training aims to introduce to the local and international industry specialized trained and certified welders. All of our welders are being certified by TUV Austria with more than 90% passing success.

**Language of Studies: English/Greek**

**Supported by:** TUV Austria

#### PROFESSIONAL EXPERTISE

- Certified Instructors
- Practitioners with extensive practical experience

# STEP BY STEP APPLICATION PROCESS.

Applying for a place at a University can be complicated but at UCLan Cyprus we like making things easy for prospective students, which is why we have developed a simple 3-step application process:

**STEP 1.** Complete the UCLan Cyprus application form. The form is available electronically at [www.uclancyprus.ac.cy](http://www.uclancyprus.ac.cy)

**STEP 2.** Payment of €50 (non-refundable) application fee (see below methods of payment).

**STEP 3.** Provide copies of your High School certificate and other supporting documents (in native language & in English).

## • UNDERGRADUATE APPLICANTS

- School leaving certificate & mark sheet
- English language qualification (IELTS or IGCSE or any other equivalent)
- ID or Passport Copy

## • POSTGRADUATE APPLICANTS

- Bachelor degree & transcripts
- School leaving certificate & mark sheet
- English language qualification (IELTS or IGCSE or any other equivalent)
- Personal statement
- Curriculum Vitae (CV)
- Two reference letters
- ID or Passport Copy

You can also submit these documents electronically via email or fax.

Once the University has received all the above required documents along with the application fee, the UCLan Cyprus Admissions Department will proceed with an official evaluation and if the application is successful, will issue a Conditional/Unconditional Offer Letter stating the terms & conditions of your admission for the programme you are applying for.

## NOTES

1. In case you still do not have your School leaving certificate (for Undergraduates) or your Bachelor degree (for Postgraduates) you can provide the latest mark sheet you have and a conditional offer letter will be issued to secure your place at UCLan Cyprus.
2. Students who do not have any official English Language qualification, can take the University's English entrance exam.
3. UCLan Cyprus also offers Intensive English Language courses, under The Language Academy which quickly enhance your English level. Please see more information on page 128.

## METHODS OF PAYMENT

All payments should be made in Euros (€) to the University's bank account or via electronic payment or directly to UCLan Cyprus Finance Department:

### 1. Bank Transfer

Bank: **HELLENIC BANK**  
Account: **UCLan Cyprus LTD**  
Account number: **314-10-868795-01**  
IBAN: **CY86 0050 0314 0003 1410 8687 9501**  
SWIFT/BIC: **HEBACY2N**

### 2. Electronic Payment

JCC Smart -  
<https://www.jccsmart.com/e-bill/22447015>

### 3. Finance Department

UCLan Cyprus Accounts Department,  
12-14 University Avenue, Pyla, 7080,  
Larnaka, Cyprus

## IMPORTANT INFORMATION WHEN MAKING A PAYMENT

- > Provide your full name (student name)
- > A copy of the bank transaction slip should be sent to: [accounting@uclancyprus.ac.cy](mailto:accounting@uclancyprus.ac.cy) and [admissions@uclancyprus.ac.cy](mailto:admissions@uclancyprus.ac.cy)

# UCLAN CYPRUS ENTRY REQUIREMENTS.

## UNDERGRADUATE ADMISSIONS CRITERIA

Applicants will be assessed on an individual basis, based on their country's academic qualifications and standards. The language of instruction and assessment at our University is English.

In addition to the High School Leaving Certificate, we require one of the below English Language qualifications, or another equivalent:

- > IELTS 5.0\*
- > IGCSE English Grade C
- > TOEFL 80 (IBT)
- > Michigan Proficiency Pass

*\*For LLB & BA (Hons) English Language Studies a minimum of 5.5 IELTS or equivalent is required.*

## IMPORTANT NOTES

English Language support is provided to help you enhance your English Language level. More information regarding UCLan Cyprus English Language Academy can be found on page 128.

## POSTGRADUATE ADMISSIONS CRITERIA

Applicants should hold a Bachelor degree with a minimum grade as follows:

- > Bachelor degree (Lower Second Class) or other equivalent
- > IELTS 6.5 or equivalent

## IMPORTANT NOTES

1. Students whose first degree was taught entirely in English do not need to provide any official English language qualifications (entry requirements apply).
2. English Language support is provided to help you enhance your English Language level. More information regarding the Language Academy can be found on page 128.
3. Students who do not meet the above minimum entry criteria are subject to an interview from the Head of School of the program of study they are applying for.

## UNDERGRADUATE SCHOLARSHIPS

- > Up to 50% Scholarship on the original fee for the first year of study.  
**Requirements:** A score of 19/20 in the Apolytirion or High School Certificate 95% or 140 A' Level points (new tariff system) in relevant subjects or other equivalent.
- > Up to 40% Scholarship on the original fee for the first year of study.  
**Requirements:** A score of 18.5/20 in the Apolytirion or High School Certificate 92.5% or 120 A' Level points (new tariff system) in relevant subjects or other equivalent.
- > Athletic Scholarships - Special Scholarships Schemes are available for professional athletes. All applicants will be considered on an individual basis by the UCLan Cyprus Athletic Scholarships Committee.

For further information visit [www.uclancyprus.ac.cy/study/admissions/entry-requirements/](http://www.uclancyprus.ac.cy/study/admissions/entry-requirements/).

## CONDITIONS OF UNDERGRADUATE SCHOLARSHIPS

Undergraduate scholarships can be maintained for subsequent years provided an overall average grade of 70% is achieved, with a minimum grade of 60% in each individual module. Scholarships are calculated as a percentage on the original fee:

i.e. A 50% scholarship:  $50\% \times €9,950 = €4,975$

## POSTGRADUATE SCHOLARSHIPS

UCLan Cyprus is delighted to offer academic merit-based scholarships and bursaries, which are open for all postgraduate programmes. Postgraduate scholarships are available for both full and part time students.

## CONDITIONS OF POSTGRADUATE SCHOLARSHIPS

The scholarship comes with a number of responsibilities and expectations. All UCLan Cyprus scholars should be exemplar scholars in both their behaviour and performance during class. They should actively contribute and participate in class discussions and assist in creating a positive, intellectual and exceptional learning environment.

For further information, please contact UCLan Cyprus Admissions Department at [admissions@uclancyprus.ac.cy](mailto:admissions@uclancyprus.ac.cy).

# HOW TO APPLY FOR AN **ENTRY VISA.**

All non-EU students require a student visa to study at UCLan Cyprus. Students must apply within the deadlines set by the authorities for UCLan Cyprus to submit the visa documents to the Migration Authorities and the Ministry of Education for further approval.

Once you have your conditional offer letter, you will need to start gathering all student visa related documents.

**STEP 1.** Complete application form and pay application fee.

**STEP 2.** Receive Offer Letter.

**STEP 3.** Collect and attest the documents for Student Visa Application.

## DOCUMENTS REQUIRED FOR YOUR VISA APPLICATION

1 Original attested copy of school documents (in native language & in English)

### FOR UNDERGRADUATE APPLICANTS

- School leaving certificate and Mark sheet

### FOR POSTGRADUATE APPLICANTS

- Bachelor degree
- University Transcripts
- School leaving certificate
- Mark sheet

2 Original attested copy of passport, minimum validity 2 years

3 Original attested Police Certificate (native language & in English) with no criminal convictions record and valid for 6 months (from application deadline)

4 Original attested clear Medical Certificates (in native language & in English) - validity 4 months for:

- HIV/AIDS
- Hepatitis B
- Hepatitis C
- Syphilis
- Chest X-Ray report (Tuberculosis)

5 Original attested Bank Letter & Bank Statement (in native language & in English)

• **Bank Letter – validity 6 months.** It should include the below:

- Name of the account holder
- Account number
- Balance of the account

• **Bank Statement – validity 1 month.** It should show the transactions of the account as well as a closing balance of €7,500 in the last month before the student submits the application to the University.

6 Bank swift receipt of €3000 partial deposit payment (the amount will be deducted from the total payable fees).

7 Sponsorship Letter (template provided by the University Advisor)

8 Visa Application Fee €140 (non-refundable).

### **STEP 4.** Attestation of documents.

As the attestations vary from country to country, your University advisor will provide you with all the needed details.

### STEP 5. Email the documents to the University Advisor.

All the above documents must first be scanned and sent via email to your University advisor for confirmation.

### STEP 6. All ORIGINAL documents must be mailed (by courier) to the University to:

**UCLan Cyprus Admissions & Recruitment Department**  
12 - 14 University Avenue  
Pyla, 7080  
Larnaka, Cyprus  
Tel. +357 24 69 40 00

#### NOTE

For nationalities that a visa interview is required, the student must provide the University with scanned copies of the documents via email. The student will hold the original documents and present them during the visa interview.

#### GENERAL VISA GUIDELINES

All documents will be evaluated by the Migration Department and the Ministry of Education. The decision will be communicated directly to the University and the University advisor will inform the student accordingly.

Please contact the Admissions Office at **admissions@uclancyprus.ac.cy** or at **+357 24 69 40 00** for further instructions and assistance on completing your application form.

You can also visit our website for updated information at **[www.uclancyprus.ac.cy/study/international-students/visa-information/](http://www.uclancyprus.ac.cy/study/international-students/visa-information/)**

#### WHEN TRAVELLING TO CYPRUS

Upon arrival at Larnaka airport, students will be required to present to the Immigration authorities the following:

- Original passport
- Copy of the Entry Permit (and/or visa stamped on passport)
- Registration Letter by the University
- Receipt of Payment of the Deposit to the University
- Cash money minimum €2,000

#### UPON ARRIVAL IN CYPRUS

The entry permit is valid for travelling to Cyprus and only for a limited number of days after arrival; therefore, it must be renewed immediately with no delays. Failure to do so, may result in cancellation of your student visa.

More information can be acquired by contacting the Student Support Department of the University.

#### PAYMENT SCHEDULE:

##### Before the Student Visa application:

- €50 Application fee (non refundable)
- €3000 1st Partial Deposit (deducted from tuition fees)
- €140 Student visa application fee (non refundable)

##### After the Student Visa application:

- €2000 2nd Partial Deposit (deducted from tuition fees)
- €60 Student Pass (non refundable)

#### NOTE

The remaining balance of the tuition fees is paid in instalments throughout the academic year.

#### BANK ACCOUNT

All students must open a Bank account with a local Bank and deposit a minimum of €1000.

A UCLan Cyprus student registration letter, a Housing Contract (attested by Notary Public or the Community Council president) and your passport should be presented to the bank when opening a bank account.

Do not forget to ask for a statement of the account once you have deposited €1000.

#### MEDICAL TESTS

All medical tests including the x-ray must be re-done once the student arrives in Cyprus.

#### VISA RENEWAL FEES

For the renewal and application of the Temporary Residence Permit (Pink Slip), the following (approximate) charges are applicable:

- Pink slip application fee €35
- Alien book fee €70
- Medical Insurance €130
- Medical tests €70 (blood tests & x-ray)

**Total €305**

#### MIGRATION REGULATIONS

According to the Cyprus authorities, students must attend their classes regularly. Students who do not register for an academic year will have to depart from Cyprus.

# PLAN YOUR FINANCES.

## TUITION FEES

### UNDEGRADUATE STUDENTS

> €8,500 per year (original fees €9,950)

### POSTGRADUATE STUDENTS

OPEN  
DAY

@UCLan Cyprus

MEET  
**THE BRITISH  
UNIVERSITY**  
OF CYPRUS.

**OPEN DAYS:** 'The days our Academic and Professional Staff are impatiently waiting for'.

On these days, Undergraduate and Postgraduate prospective students can find out detailed information about the programmes of study at UCLan Cyprus, meet with the Academic faculty, have a full campus tour and get the chance to know other UCLan Cyprus students (#UCLanians).

If you are not sure about what path you should follow, there is no need to worry as UCLan Cyprus is here for you! During our Open Days, you can complete the HOGAN Professional Career Test in order to discover the ideal career based on your personality.

Experienced, acknowledged Academic and Professional Staff are at your disposal and eager to provide you with precious information, regarding studies at UCLan Cyprus such as career opportunities, scholarships, accommodation and UCLan Cyprus student life.

For more information regarding the University's Open Days, please contact UCLan Cyprus at [admissions@uclancyprus.ac.cy](mailto:admissions@uclancyprus.ac.cy), by phone on +357 24 69 40 00 or through <https://www.uclancyprus.ac.cy/discover/happenings/open-day/>

UCLan Cyprus  
**language**ACADEMY

The Language Academy of UCLan Cyprus is the first language centre in Cyprus to offer innovative approaches to language learning, with interactive language learning tools, such as the Rosetta Stone. Focused not only on the improvement of language skills, the Language Academy at UCLan Cyprus ensures that students are immersed in the culture of their target language and achieve their set goals both at an Academic and personal level.

- **General English:** (Levels A2, B1, B2, C1, C2) - Our General English courses offer you an intensive learning experience, significantly improving your practical and written English
- **Academic English:** (including TELL entry exam preparation) - An interactive learning experience developing not only your Academic English but also your Academic Skills
- **Intensive IELTS:** Our IELTS courses will provide you with the necessary preparation to help you progress into your chosen Undergraduate or Postgraduate degree
- **International Language Courses:** Greek, Russian, Arabic, Chinese, Italian, Spanish, French, German, Turkish
- **Professional English:** English for Networking, Socialising, Presentations, Email and Telephone English

For more information visit

[www.uclancyprus.ac.cy/the-language-academy/](http://www.uclancyprus.ac.cy/the-language-academy/)  
or contact [languageacademy@uclancyprus.ac.cy](mailto:languageacademy@uclancyprus.ac.cy)

UCLan Cyprus  
**VIRTUAL  
TOUR.**

## Sit back and experience the British University of Cyprus from home.

We love having you on campus, but if you can't visit UCLan Cyprus in person, the virtual tour is the next best thing to being here. Our virtual tour covers our world - class facilities such as the Amphitheatres, the Moot Court, the Engineering Labs, the Sports Lab, the Library, the Fitness Centre and the Accommodation.

Experience the British University of Cyprus and walk through the campus as a true #UCLanian.

Visit our brand new **VIRTUAL TOUR** at <https://virtualtour.uclancyprus.ac.cy>

# ACCOMMODATION.

## THE STUDENT'S NEST

The Student's Nest is a brand new complex specifically built to complement the UCLan Cyprus state-of-the-art Campus, aiming to meet the accommodation needs of the students of UCLan Cyprus.

The location is ideal as it is located within the University campus and therefore has all the facilities and advantages offered to UCLan Cyprus students.

The Student's Nest, with its 171 en-suite rooms, provides students with a modern, comfortable and safe environment for a pleasant student life. It is sprawled over an area of 5,500 square meters and consists of 5 blocks with a total of 49 flats.

Nearest beach: **CTO Blue flag Pyla beach, 1.2km**

Nearest amenities: **1.4km**

Access: **Car, Bus, Wheelchair access**

Notes: **No pets allowed and No smoking indoors.**

## FACILITIES

- > Wi-Fi in all areas
- > On-site launderette
- > 24-hour closed circuit television (CCTV)
- > Personal Safety - 24 hours security service
- > Controlled electronic entrance for safety
- > Outdoor Pool
- > Games room / Club room / Lobby with a 60" LCD TV and satellite channels
- > Vending machines
- > Parking spaces
- > Bicycle parking spaces

Each flat has a furnished shared living room with a TV and a well-equipped kitchen with a cooker, a fridge/freezer, a microwave and adequate cupboard space.

The en-suite rooms feature an in-room bathroom (shower, basin and toilet), a bed, a study desk and a chair, a chest of drawers and a wardrobe.

The accommodation package at Student's Nest will include all basic services/utilities (Internet, Electricity, Water) for convenience of students, as well as communal and garbage collection charges by paying a fixed monthly amount, thereby avoiding additional costs and inconveniences.

### **ROOMS & FLATS**

**Block A, called 'Merlin Falcon'**, has 10 Flats and a total of 32 en-suite rooms:

- 1 Flat with 1 bedroom
- 3 Flats each with 3 en-suite rooms
- 2 Penthouses each with 3 en-suite rooms
- 4 Flats each with 4 en-suite rooms

**Block B, called 'Marsh Harrier'**, has 10 Flats and a total of 33 en-suite rooms:

- 1 Flat with 2 en-suite rooms
- 3 Flats each with 3 en-suite rooms
- 2 Penthouses each with 3 en-suite rooms
- 4 Flats each with 4 en-suite rooms

**Block C, called 'Buzzard'**, has 10 Flats and a total of 30 en-suite rooms:

- 1 Flat with 1 bedroom
- 1 Flat with 2 en-suite rooms
- 1 Penthouse with 2 en-suite rooms
- 2 Flats each with 3 en-suite rooms
- 1 Penthouse with 3 en-suite rooms
- 4 Flats each with 4 en-suite rooms

**Block D, called 'Little Owl'**, which is the smallest building with 7 Flats and a total of 22 en-suite rooms:

- 1 Flat with 1 bedroom
- 1 Flat with 2 en-suite rooms
- 2 Penthouses each with 2 en-suite rooms
- 3 Flats each with 5 en-suite rooms

**Block E, called 'Grey Heron'**, the largest building with 12 Flats and a total of 54 rooms:

- 2 Flats each with 2 en-suite rooms
- 10 Flats each with 5 en-suite bedrooms

## **APPLY FOR ACCOMMODATION.**

Once you have received an offer letter from the University you can apply for UCLan Cyprus accommodation.

Please download and complete the accommodation application form and send it to the Student Accommodation Office via email to:

**[ggeorgiou2@uclan.ac.uk](mailto:ggeorgiou2@uclan.ac.uk)**

### **PREFERENCES**

We will contact you once we have received your application and do our best to match your requirements with what is available.

### **COST OF LIVING**

The cost of living in Cyprus varies according to students' lifestyle; however, it is estimated that the average amount required for food, transportation and personal expenses is €500 per month.

### **FURTHER INFORMATION AND VIEWINGS:**
