

August 14, 2020

Dear Parents and Caregivers,

After careful consideration and review of all the information available to use, we believe the safest course of action at this time is to start our **2020-2021** school year fully **virtual**. This means that all instruction will take place **remotely** from **Tuesday, September 8 until Friday, November 6**. We plan to move to our hybrid model on **Monday, November 9**.

In the next several days we will be providing additional information and guidance for effective remote instruction, including dates for distribution of materials for families and the daily schedule students will be following during remote learning. We will have a series of virtual orientation sessions in late August to support and listen to our families.

We thank you for your support and assure you that everything we do at NECCS is done to best serve our students and families.

Thank you.

Sincerely,

Katherine V. Martinez
Executive Director
