## Media Pack 2021

What is a Micropub?  
A micropub according to the Micropub Association is defined as follows:

*“A micropub is a small freehouse which listens to its customers, mainly serves cask ales, promotes conversation, shuns all forms of electronic entertainment and dabbles in traditional pub snacks”.*

### February 2020 saw the launch of our new publication Micropub Magazine

We report on all the latest news and views from the micropub scene along with features, analysis, interviews, area focus, pets corner and much more!

Our website brings all the up-to-date news and information along with a comprehensive micropub directory.

#### Print Circulation

The readers of Micropub Magazine will all share a common bond – a dedication to the supply of good beers along with other alcoholic drinks, for the local community to enjoy and to meet in conversation for entertainment.

The prime audience of Micropub Magazine will be micropubs, brewery taps, microbreweries, sector suppliers, wholesalers and the general public.
