

Daniel James

GRAPHIC / WEB DESIGNER
www.danieljames.design

I am currently a freelance graphic and web designer. I have provided innovative branding and marketing solutions to a wide range of carefully selected and retained clientele over the past 5 years.

I have successfully planned, designed, built and implemented various brand names from concept to completion. My skills and services include branding, graphic design, front-end web & email design, WordPress web design and development, css, print, videography, front end app design, brand direction, and strategic planning.

Currently available for freelance work. Please contact:
