

# COVID-19 IMPACT DASHBOARD

Most economic data comes with a significant lag, making it difficult to monitor the real-time impact of COVID-19. There are several important indicators that we can use to monitor more frequently. Consumer spending and Work Ready Jobseeker numbers (excludes Jobseeker support for health conditions and disability) offer important insight into the current state of the economy.

## Weekly Consumer Spending

High consumer spending usually indicates higher levels of consumer confidence in the economy. Data reflects week ending 26 July

	Value of spend		Number of transactions	
	Whanganui	New Zealand	Whanganui	New Zealand
Change from same week last year	<b>+10.9%</b>	<b>+2.6%</b>	<b>+3.8%</b>	<b>-2.5%</b>
