Riviera AL

Quality Innovative Solutions in
Window Furnishings and Sun Control

RIVIERA AL INTERNAL SHUTTERS.

Use internal window shutters to provide privacy and security. Internal shutters allow you to control the amount of light that is filtered into a room putting you in control.

Riviera AL provides a quality product which can be used in any area to supplement traditional shutters. Extruded from a quality PVC extrusion, and the aluminium insert in each blade ensures the blade will not sag over time.

Riviera AL allows design and aesthetics to be applied to every room in your home. Riviera AL is not affected by moisture or humidity and carries a 10 year warranty on product and 5 year warranty on component hardware and paint finish.

Riviera AL unique ability to provide excellent thermal and acoustic insulation, its high strength, impact resistance and availability of 14 solid colours ensures that Riviera AL shutters will re-define window coverings and their ability to combine design, aesthetics and energy efficiency.

THE CHOICE IS YOURS

- Riviera AL is available in a range of 14 colours.
- Blade widths of 63mm, 89mm and 114mm.
- Maximum panel width of 800mm.
- Centre tilt rod, offset tilt rod and clearview options.
- Bi-fold, sliding and hinged options available.

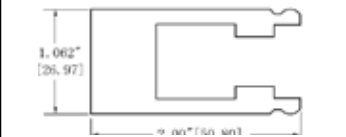

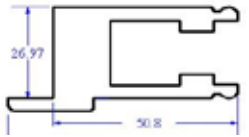

UNIQUE DESIGN AND SATISFACTION

Uniline has taken advantage of a clever design integration between Riviera AI and Provence Shutters ranges. What this means to customers is you can access Provence's comprehensive range of frames when choosing a Riviera AI product. This integration enables you to use both products throughout the house and create a design consistency unique to Uniline shutters. Enjoy the freedom to chose the right frame for the right application. Another advantage of the unique integration is Uniline also offers the same colours across both ranges so you can mix and match in confidence.
