Brad Dunn Foundation Scholarship - sssbynais.org/parents
<i>In order to allocate resources wisely and fairly, Dunn Preparatory uses the online Schools and Student Services (SSS) service as the standard submission format and processor for all tuition assistance applications. The application process is self-guided, and on line. You may navigate in and out of the program, allowing you to complete an application partially and go back to it at another time. SSS does not decide whether tuition assistance will be given or how much will be given; rather, SSS provides a need based financial aid analysis service, which includes a recommendation of what a family should reasonably contribute toward tuition. All information from SSS is confidential.</i>
