

SCHOOL ENERGY EFFICIENT STIMULUS PROGRAM (SEES)

ASSEMBLY BILL AB-841

SEES PROGRAM NARRATIVE

The SEES Program, established by AB-841 provides grants to Local Educational Agencies (LEAs) to, among other things, assess, maintain, adjust, repair, or upgrade Heating-Ventilation & Air Conditioning (HVAC) systems in schools. L&H Airco’s focus is on the School Reopening Ventilation and Energy Efficiency Verification and Repair (SRVEVR) Program and specifically the requirement of Carbon Dioxide (CO2) monitoring and control. The benefits include:

- Increased student performance and attendance
- Improved indoor air quality and respiratory health
- Reduction of airborne disease transmission

L&H AIRCO PROGRAM ACTION ITEMS

- Upgrade existing Alerton wall sensors without CO2 utilizing Alerton’s MS4-THC and existing infrastructure
- Logging, alarming & email notifications through the use of the District’s existing Alerton software platform
- Skilled & Trained Workforce (STW) for evaluation and modification of control sequences
- Detailed estimates for grant applications – clear descriptions, timelines and STW Labor & Material schedule of values

ENHANCING USER EXPERIENCE

As leaders in the industry, L&H Airco creates deliverables that bring value with a focus. Our systems balance health and wellness with ease of use for the end user. Our approach to the SEES program works with existing Alerton-HVAC control sequences to meet the objectives outlined above. Also ask us about:

- The addition of outdoor air quality sensing
- Incorporating Expanded Building Ventilation (EBV) logic
- Installation of portable and ducted air cleaning / purification systems
- Climate Wizard 100% outside air indirect evaporative coolers with MERV 13 filters
