We’re Hiring!
Senior Statistician

ATREE launched the Centre for Social and Environmental Innovation (CSEI) in September 2019, recognising the need to translate research into impact. CSEI builds communities of early adopters, to scale science-backed solutions. We are bringing the best, multidisciplinary minds together to solve the most pressing environmental challenges India faces today.

At CSEI, our goal is to enhance human wellbeing while sustaining the environment. This requires us to find solutions that are at once system-savvy and yet human-centered. CSEI is a backbone organisation that brings together institutions of power and changemakers on the ground to find science-backed solutions to create impact at scale. These multidisciplinary groups work with citizens, consumers and businesses; the first mile.
Within CSEI, the Research and Development team is working with our initiatives to help make knowledge, data and tools more accessible to the larger ecosystem. We are looking for a senior statistician to help in this effort.

The job involves:

- Applying statistical methods to large datasets using tools like R, Python etc.
- Analysing and interpreting data around each of the initiatives and looking for patterns and trends.
- Working with a graphic designer to create data-driven stories through infographics, videos, blog posts, or other media.
- Conducting primary and secondary research, and using books, journal articles, newspaper sources, questionnaires, surveys, polls, and interviews to gather data.
- Following a strict code of ethics and protecting any confidential information at all times.
- Writing clear, compelling copy for various mediums (e.g. ads, blog posts, newsletters).
Preferred qualifications:

- MSc. in Environmental Engineering, Environmental Sciences, Econometrics, Economics, Urban Planning or Statistics
- Experience in statistical data analysis using R and/or Python
- Work experience of 4-5 years in related roles
- Proven copy writing skills
- Ability to analyze and interpret data
- Must have excellent interpersonal skills
Location: Remote working options available
Compensation will depend on skills and experience.

ATREE’s recruitment and employment policies are inclusive. We respect both the spirit and letter of the laws of equal employment opportunity.
