Thanks for checking out our Monthly Newsletter!

It is almost Election Day!

The GBBA encourages all constituents of HRM to vote on October 17. We can only represent the voice of the people if the people voice their opinion with their vote. We wish all the candidates the best of luck and appreciate the dedication to public service. The GBBA will be happy to meet and work with all of the elected Municipal Councillors.

The GBBA is proceeding with a Business Improvement District application and will be sharing information as we move forward. This would be the largest BID in Canada, east of Montreal. A Burnside BID will give the businesses a louder voice and the resources to address the concerns of the Businesses.

Issues like transit in Burnside: If your business is challenged with the inadequate transit system serving Burnside, let us know the concerns of you and your employees.

I will update you monthly in the newsletter. If you have any questions please feel free to contact me at 902-449-1072 and I will be happy to speak with you.
