

Brewer

Company Overview

Kinnegar Brewing is one of Ireland's established independent breweries. We make a range of high-quality beers at our facilities in Letterkenny and Rathmullan, County Donegal. The brewery is a small but exciting and challenging enterprise in Ireland's flourishing food and drink economy.

Donegal is an area of unparalleled beauty and diversity in Ireland's north west. The landscape and environment in which our story has unfolded offers a superb lifestyle for those who enjoy the outdoors and appreciate the absence of traffic, crowds and the everyday stresses of urban existence.

The Job

We are searching for a versatile and talented individual to integrate into our established brewing team.

Your Responsibilities

You will have responsibilities in every aspect of brewing, from wort production through cellaring and maturation to the brite tank. You will also undertake a variety of additional duties dependent upon your skill set and potential.

Job Requirements

Kinnegar seeks a self-motivated employee who has brewing experience and is passionate about beer.

You will enjoy working with other members of staff in a challenging environment where self-motivation, enthusiasm, energy and common sense are highly prized qualities.

You will be practically-minded even though you might have no formal engineering or science background. You will be both creative and methodical in your approach to trouble shooting and problem solving. You will demonstrate an excellent level of attention to detail and a genuine interest in creating a finely-crafted, quality artisan food product.

You will have a suitable level of physical fitness and ability for undertaking the tasks required. A full clean driver's license and confidence behind the wheel is essential but a vehicle is not.

You will be based full-time on site in Donegal but will be prepared to travel for events.

Although you may be of any nationality, you will have a legal right to live and work in Ireland.

Hours of Work

The brewery's schedule is dictated by the pace of brewing, fermentation and conditioning of the product and is therefore not entirely predictable. You will normally work within standard industrial hours but will be flexible enough to undertake shifts outside these hours at times when the production timetable so dictates.

While we expect a certain level of flexibility in work schedules, in return we offer as much flexibility as is practical. We operate on a weekly rota for production staff.

This is a full-time position.

Experience

Prior experience in the brewing industry is highly beneficial. A passionate desire to work for Kinnegar is an imperative.

Salary

We will offer an industry-standard remuneration package based on your experience and skill level.

How to Apply

Please send us your CV and a letter of application telling us what you can bring with you to Kinnegar and what you hope to gain from working with us. We will shortlist candidates and arrange interviews where you will have the opportunity to learn more about the working environment and the job requirements.
