## Hello!

I am a UX/UI & Product Designer and a master's student studying Human-Computer Interaction at Indiana University-Purdue University, Indianapolis (IUPUI). I am currently in my first year of the HCI course and looking to work as an intern at a reputed company and gain some industry experience. I have worked professionally as an architect for two years in India and designed a couple of residential and commercial projects before moving to the US. I have commissioned a few Ux/UI projects as a freelancer.

## experience

**Visual & Graphic Designer** / SEIRI, IUPUI

Nov 2019 - Present

As a part of my current job, I have designed multiple Event & Holiday cards, newsletters, and formatted project reports for aesthetic appeal. I also worked on analyzing qualitative and quantitative data from the surveys using Qualtrics.

**Graduate Assistant** / SOIC, IUPUI

Aug 2019 - Present

I am also currently working as a Teaching assistant under Rodney Smith for one of his undergraduate classes at IUPUI, Design Issues in Digital Media. As a part of my job, I am responsible for helping students to clarify their doubts and make their design skills better.

**Design Manager** / RSP Design Consultant Pvt. Ltd.

Oct 2017 - Oct 2018

My key job requirements are designing buildings in the commercial and residential sectors. I have created concept designs and client presentation material for the projects.

**Junior Architect** / Buildwise

Aug 2016 - Oct 2017

As a part of my job, I have designed multiple Residential projects and managed construction on site. I have co-ordinated drawings with clients, consultants, and vendors at the site.

**Designer** / Studio Chintala

May 2016 - Aug 2016

Worked for a short term as an intern, but a rigorous one, on an urban scale government project with 3D modeling and presentation material for the client.
