

rfidGATE WAVE

SECURITY GATES

Designed to seamlessly integrate with any library environment, rfidGATE WAVE delivers the best item detection performance we've ever offered in a security gate system. With advanced detection technology, rfidGATE WAVE is capable of detecting multiple tags and orientations in a single read. With various installation options, rfidGATE WAVE is capable of covering over 30 feet of entryway with item security and bi-directional attendance counting you can rely on.

FLEXIBLE WIDTH

Ranging from 43" to 51" from base to base, rfidGATE WAVE delivers additional coverage area for better protection of your library materials.

ENERGY EFFICIENT

Detection when you need it, rfidGATE WAVE automatically detects when patrons are approaching - cutting down on your monthly energy costs.

REMOTE MANAGING

Peace of mind from any staff terminal. Configure, tune, manage, and run alarm reports all from an admin terminal through circIT Central.

rfidGATE WAVE Specifications

Dimensions	W: 27.5" H: 67.3" D: 2.8"
Weight	55 lbs.
Supply Voltage	24V DC (+/- 15%)
Power Consumption	Max 32 VA
Operating Frequency	13.56 MHz
Transponders	ISO 15693, ISO 100-3 Mode 1, NXP I-Code 1
Interface	USB Ethernet
Aisle Width	Up to 51" 43" Recommended
Operating Temperature	-13° F to 122° F -25° C to 50° C
Storage Temperature	-13° F to 158° F -25° C to 70° C
Features	Configurable up to 6 aisles (7 panels) Convenient aisle widths of 43" (recommended) or wider Directional alarming Bi-directional people counting Dynamic tuning antenna Remote diagnostics and configuration Power save mode
