

ASIA PACIFIC
ASSISTIVE ROBOTICS
ASSOCIATION

MISSION

Assess – Introduce- Derive benefits
(for users of Assistive Robotics
Technology)

VISION

To be the leading platform for
innovation, adoption and
augmentation of Robotics
Technology within the Digital
Community

WHO ARE WE

APARA is a young association founded on the motivation to promote the use of AI and Robotics to augment human potential. Our membership comprise both users and suppliers of technology in the industry. We collaborate with counterpart industry associations with a common cause as well as research institutes and universities on practical research and projects.

WHO SHOULD JOIN US?

Organizations and professionals in Singapore and the region who are passionate about technology augmenting the human potential.

WHY JOIN US?

To be among like-minded individuals or organizations. Increase your network and help to reach out to the larger community to:

- 1.Enhance the Use of Robotics to augment Human Potential
- 2.Stay Connected with a Network of Technology Enablers
- 3.Assist Users to Enjoy the Experience of the Transformation Journey
