## Experience

### Associate UX Designer

#### **Dolby Laboratories**

San Francisco, CA

Jan 2020 — Present

*Ongoing full-time career with Dolby.*

### UX Design Intern

#### **Dolby Laboratories**

San Francisco, CA

June 2020 — Jan 2020

Worked on a new project with a team to develop a platform to introduce and share with the users the power of Dolby. Created multiple prototypes of wireframe, storyboarding, flow charts mainly focusing in iOS format.

### UX / UI Design Freelancer

#### **TONYEPIC / HI-FI**

San Francisco, CA

May 2018 — Mar 2020

Redesigned UX / UI to enhance the experience of one's existing platform for a better experience for the users. Many interviews and qualitative research have been done with/of the stakeholders and the market to analyze opportunities and pain points to seek for clues of solutions.

### System Design Engineer Intern

#### **Ford Motors Company**

Palo Alto, CA

Nov 2019 — Jan 2020

Created user test scripts, ran experiment testing, interviews, and organizing and analyzing test data with individual test subjects. Deep dived into user experience research with a project threading the first button well with the team led by Joy Mountford.

### UX Design Intern

#### **NEC Corporation of America**

Santa Clara, CA

July 2019 — Sep 2019

Worked directly with the developers and project managers as a team having the head of UX design as a mentor leading me into designing for experiences most efficiently and creatively centered towards users in focus of accessibility. Worked on surveillance and security-focused UI and UX design for biometrics in the usage of technologies.

### President of CKSA

#### **California College of the Arts**

San Francisco, CA

May 2017 — Mar 2020

As a president of CCA's Korean Student Association (CKSA), organized the staff of CKSA in putting out events both inside and outside of school to introduce Korean culture to other students with different nationalities.
